The Woman's Foreign Mission-nelle Vandevort sang a solo, ac-companied by Miss Young.

The society will meet next month at the home of Mrs. F. L. Utter.

C. P. Bishop is spending the week-end in Portland where he is attending the foreign trade convention, of which this is the last day of the session.

Mrs. Ralph Glover and her daughter Maxine will spend the week-end in Portland.

Dr. and Mrs. W. H. Byrd will attend the concert of Winnifred Byrd in Portland at the Auditorium Monday night. Before the concert they will be dinner guests at the home of Mr. and Mrs. C. C. Chapman at the Malory hotel.

Mrs. John L. Brady returned to Salem yesterday after spending the past month visiting with her father and brothers and sisters at her childhood home in Shellman, Ga. En route she made short visits with friends and relatives in Salina and Lawrence, Kan., and Pocatello, Idaho.

Mrs. A. D. Proff was hostess Thursday evening for three tables of five-hundred. Among those making up the tables were Mr. and Mrs. LeRoy Gray, Mr. and Mrs. Will Schaepp, Mr. and Mrs. H. Husselman, Mrs. J. A. Propp, Mr. John Propp, Miss Clara Ahern, Mr. Gene Barber, Miss Maybelle Propp, and the host and hostess, Mr. and Mrs. A. D. Propp. Dainty refreshments were served at a late hour, followed by music and dancing. High score went to Mrs. Gray.

It is expected that 45 Junior Heralds will be present at the Thanksgiving meeting at the home of Mrs. A. A. Lee this afternoon from the hours of 2 to 4:30. Cloris Sanders, Ethel Nichols, Dorothy Burns, Willis Hawley and Robert Utter will be hosts for the meeting. Mrs. J. E. Purdy and Mrs. Paul Acton will have charge of the story hour and will later be assisted in the games by Mrs. Foster Odum and Miss Esther Gulliford.

A feature much enjoyed by the children at these meetings is the series of questions concerning the children's paper, which Mrs. Lee, the supervisor, conducts in different original ways. Today the children are bringing dimes for the thank offering to be sent to the orphans in the Iangoon school in Burma, India.

ANNOUNCEMENTS

Because of the Apollo club concert Tuesday evening, the meeting of the Yomarc class of the First Methodist church was postponed until next Wednesday evening, when it will meet at the home of Mr. and Mrs. E. B. Millard, 2011 D street.

After the usual short business session of the Rebekah lodge Monday night the members will indulge in a "pot luck" supper and a social time. A special program is being prepared for the occasion.

The W. R. C. will hold the regular all-day meeting at the armory today. It is necessary that all women having blocks for the nursery quilt bring them to the meeting, as the quilt must be complete to work on at the Thursday meeting in order to be ready for the bazaar next Saturday, November 24.

The women of the First Evangelical church, at the corner of Center and Liberty streets, will hold their monthly meeting next Wednesday. Important matters concerning the woman's work of the church will be discussed and a full attendance of the ladies is desired. Mrs. Poling, the president, will address the meeting.

Miss Marion Wyman was honored guest last night at a pretty birthday dinner party at the YWCA. Besides those living at the association a few special guests were invited for the occasion. Bright yellow chrysanthemums were used in decorating the dinner table.

Coughs, Colds, Whooping Cough
Mrs. Will Hall, R. No. 3, Baxley, Ga., states: "I am writing to all who suffer from coughs, colds, croup or whooping cough. I cannot recommend Foley's Honey and Tar too much, and I can't keep house without it. Have been using it since 1919 and have found it the best medicine there is for grown-ups and children." Best and largest selling cough and cold remedy in the world. Refuse substitutes. Sold everywhere.—Adv.

In London they were discussing advertising. "Great stuff, these electric signs on Broadway," said the Yankee. "They've got one advertising Wrigley's gum, runs a whole block, 250,000 electric bulbs."
"How many?" cried the astonished Londoner.
"Two hundred and fifty thousand," answered the Yankee.
The Londoner observed, "But I say, old chap, isn't that a bit conspicuous?"—The Kan-Sun.

FRENCH DEPUTIES MUCH CONCERNED

Discussion Centers Around Disagreement of Poincare and British'

PARIS, Nov. 16.—(By the Associated Press).—The talk in the lobbies of the chamber of deputies today centered about the precarious situation brought about by the disagreement between France and Great Britain with regard to proposed measures to require Germany to facilitate the work of the inter-allied military control commission in Germany.

The general opinion among the deputies seemed to be that what was termed the half way measures contended for by Lord Crewe, the British ambassador acting on instructions from London, would be worse than none, since it would merely tend to demonstrate to the Germans the helplessness of the allies.

The eventuality of an actual rupture in the entente cordiale was speculated on for the first time today, and even found an echo in the session the chamber of deputies itself where the Socialists interrupted Premier Poincare during his address with cries of "it is a rupture of the entente cordiale."

M. Poincare declined today to discuss the questions of military control of the crown prince, because the negotiations with regard to both subjects, are still going on, but members of the chamber, who are not bound to such discretion, exchanged views as to consequences, which were generally regarded as not likely to weaken the hands of France in dealing with Germany.

NET LOSS AVERAGES ARE NOT IMPORTANT

Foreign Exchange Reactions Play Havoc With Stock Market Buyers

NEW YORK, Nov. 16.—Sharp reaction in foreign exchange and prices of foreign securities as a result of the Franco-British controversy as to the responsibility for the present European economic situation encouraged professional operators for the decline in today's stock market, but the recognized leaders offered good resistance to pressure and net losses in active issues averaged less than one point.

Many popular issues succeeded in moving against the general downward trend.

Baldwin, which was one of the strong spots yesterday, resumed its upward movement today, closing 3/4 of a point higher at 127 1/2, after having sold nearly 2 points lower. American locomotive moved up more than a point, buying of these issues being attributed to the recently announced intentions of railroad executives to spend huge sums on equipment next year.

Losses in United States Steel and Studebaker were held to fractions, but American Can dropped 1 point.

The weekly mercantile reviews reported continued irregularity in business. Railroad shares lost ground with industrials, despite the fact that the weekly car loadings have exceeded the million-mark for the 20th consecutive week.

Demand sterling broke more than 3 cents to 4.30%, the lowest in 19 months, and French francs dropped 16 points to 5.20 1/2, the lowest they ever have sold here. Italian, Spanish and Dutch currencies also sagged to new lows for the year, the recessions ranging from 6 to 3 points.

Call money held at 4 1/2 per cent all day. The time money and commercial paper rates were unchanged at 5 to 5 1/2 per cent.

FOREIGN EXCHANGE CAUSES UPSETS

Rally in Wheat Market Follows Gossip of Wheat Tariff Prospects

CHICAGO, Nov. 16.—Wheat underwent a fresh setback in price today largely as a result of breaks in foreign exchange rates, together with talk of strained relations between Great Britain and France. The market closed nervous, 1/4 @ 1/2 to 1 1/4 @ 1/4 net lower; December, \$1.01 1/2 to \$1.01 1/2, and May \$1.07 1/4 @ 1/4 to \$1.07 1/4. Corn finished 1/4 @ 1/4 down; oats, a shade to 1/4 @ 1/4 off, and provisions unchanged to 25 cents higher.

Downturns in the value of wheat began at the opening with confidence of holders disturbed by foreign political developments, especially as reflected by word that

SERVICE MAN WHO DIED HERE RECENTLY

DEWEY M. ANDERSON

Dewey M. Anderson, who died in Salem last Saturday night, was a son of Mr. and Mrs. Frank A. Anderson. He was a student in Salem high school in 1916 and enlisted in the navy in 1917. He served for two years on the battleship Oregon and later on the destroyers Talbot and Williams as chief gunner's mate. When his illness developed he was employed by the Willamette Iron Works in Portland. He was 26 years old.

sterling exchange had dropped to another new low record for the year. Prospects that the domestic visible supply total would show a decided further increase on Monday counted also as a depressing influence, and besides there were predictions current that any advance in the United States import duty on wheat would be so late as to permit huge quantities of Canadian wheat to be unloaded before hand in this country.

A noticeable rally in the wheat market showed during the middle of the board of trade session was ascribed to gossip that contrary to previous reports the wheat tariff would probably be raised within a few weeks. Declines in the New York stock quotations, however, and indication of increased anxiety

as to European tension over German affairs, both economic and political, led to renewed weakness in wheat before the day ended, so too did a bearish estimate of the Argentine exportable wheat surplus.

Corn was affected by indications of large receipts, but late forecasts were that no big movement was to be forecast for two weeks.

Oats were easier in sympathy with corn.

Provisions averaged higher in response chiefly to scantiness of the warehouse stock of lard here.

HIGH MARK MADE BY LOCAL BUREAU

Federal Employment Service at YMCA Compared With Others on Coast

That the United States employment bureau being conducted in Salem ranks high with other bureaus in Oregon, Washington and Idaho, and leads in the state outside of Portland, is shown in the report of activities of state and municipal employment services published by the United States department of labor in Washington, D. C. The report covers the period of July, August and September.

In every department, consisting of registrations help wanted, number referred and number placed, the Salem office, located in the YMCA building, either equals or exceeds the figures quoted from other offices outside of Portland. In several instances the number of men is double that of the combined number of the other two cities.

In Washington, Seattle, Spokane and Tacoma exceed Salem in each classification because they are larger cities, but the local office ranks well with the one at Yakima, though the latter has the edge in several departments. Only one office is located in Idaho, at Pocatello. The records of this office are far below those of Salem.

During September, last month of the report, the Salem office received 787 applications, with calls for 1777. Of this number 576 were referred and 549 reported placed. For comparison with the combined figures for Eugene and Marshfield for the same period, the following is given: Registrations, 715; calls for 801 (less than half that of Salem); 716 referred and 679 reported placed.

HEAD STUFFED BY CATARRH? USE A HEALING CREAM

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, anti-septic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—Adv.
