## CLOSED SPORTS ARE SENSATION

### Automobile Dealer Creates Much Interest in New Closed Model Cars

In the past week a sensation was created on automobile row by the new sport models shown by the R. W. Pettijohn Co. in both the Cleveland six and the Gardner four. A two door Brougham, a special four door sedan are being shown. In the Gardner the special three door Brougham, and the sport touring sedan are being shown. These models in both lines are meeting the public approval, and the crowded show rooms create evidence that the cars have met the approval of the public. Beauty of design, and soundness of construction, has helped to convince the buying public of the dependability offered in these cars.

## TINKERING WITH CAR ENJOYABLE

### Local Auto Accessory Dealer Believes Much Pleasure in Repairing

"The man who really gets the most pleasure out of his automobile is the chap who, after tinkering with it, making his own repairs and installing his own accessories, can really say that the old car has a distinct personality. He is the fellow you see every day who brags about the mileage he gets to the gallon; the absence of vibration; the pickup and pep his car has and other various and sundry things that a man can talk about if he really knows his car.

It is much easier to know the innermost secrets of an automobile's internal workings than it was in the past. Complete encyclopedias on autos and their ailments are on sale at nearly every good accessory store and at many book stores. The ones in the libraries seem to have been perused with care by dozens of prospective back yard mechanics, and occasionally you'll see some chap along the side of the road looking

over the old "Dyke" to find out why his motor decided not to mope.

Of course, it would be out of the question for a motorist to try and carry all the different tools that are now on the market and recommended as cures for certain motoring problems. There are special socket wrenches, combination wrenches, trouble lamps, ratchet wrenches for use on the transmission, tire tools and piston ring compressors. Then you can take your pick of valve grinding outfits, jacks of both gear and ratchet types, pliers of a dozen or more types and kinds, wheel pullers and many other tools too numerous to mention.

"The motorist could not, even if he wished, find room for all the tools he could use," said W. F. Watson, local manager of the Western Auto Supply company. "Many of the tools now made for the man who repairs his own car and his number is legion now-a-days, were made primarily for garage use. There are many different assortments of tools now put on the market in the form of tool kits that give about an finest assortment of tools for roadside repairs as any motorist could want. One of the most popular sets contains 30 tools as well as repair materials such as cotter pins, copper wire, etc. The next time you hear a man bragging about his car," concluded Mr. Watson, "just ask him who does his repair work. Two to one he'll say that he's tired of paying out money to garages and mechanics and is doing it himself."

## GILL OUT PUNTS IN WSC-OAC GAME

### Salem Man Boots Oval Over the Cougar Line for Field Goal

STADIUM, TACOMA, Wash., Nov. 17.—Playing in a neutral theatre, Tacoma's scenic stadium, Washington State college and Oregon Agricultural college each scored three points today in their fifteenth football battle. All the counting was in the first period. The crowd of 12,000 plainly indicated its feeling that Washington State better deserved the laurels of victory than the Aggies.

Governor Louis F. Hart of Washington in a seat of honor was one of the crowd which frequently thrilled at chances that never materialized.

Governor Walter Pierce of Oregon was invited but did not appear. The toes of Hickey, Cougar left end, and Gill, Aggie right half-back, did the only scoring.

## BENEFIT CONCERT TUESDAY NIGHT

### New Stops of Big Pipe Organ at Methodist Church to Be Dedicated

A benefit concert will be given Tuesday night at the First Methodist church when the new stops on the organ will be dedicated. The money taken in will be used to defray the cost of the organ improvements.

The church choir under the direction of Prof. E. W. Hobson will give a special program and Prof. T. S. Roberts, organist at the church, will play a special program for the dedication. The numbers he will present will for the most part demonstrate the increased power of the organ with the new stops.

The organ program to be presented by Professor Roberts will be as follows:
