M'ARTHUR HERD COWS HONORED

Two Oregon Jersey Cows From Same Herd Win Gold Medals

Jersey cows in the herd of McArthur & Stauff, Rickreall, Oregon, are making history. An official record of 749.18 pounds of fat at five years nine months of age (class AA) was completed by Olga of Ashwood, which cow will be awarded an American Jersey Cattle club gold medal. Olga carried calf 172 days and was milked thrice daily. Her previous records of 791.83 pounds at 4-6, 586.96 pounds at 3-3 and 462.56 pounds at 2-1 are worthy

FEED MOLASSES

We have another shipment of that high grade feed molasses now in stock and can quote you the lowest price ever made in Salem.

You will find Molasses a profitable feed to mix with your hay or straw as it is a great appetizer, a great milk producer, a toner, a great fattener and keeps the animal in good condition.

Used as a feed for dairy cattle, fat cattle, sheep, hogs and horses.

Give it a trial and see the results.

of mention. On the last mentioned test she obtained both gold and silver medals, and on the one immediately preceding, a silver medal.

Her sire needs no introduction here, for Holger 109744, one of the three medal of merit bulls, would have merits covering pages of Jersey history. Her dam is La Creole's Darkey 243570, credited with four register of merit daughters.

The other Jersey to win a gold medal is Thora of Ashwood. Sired by the great medal of merit bull, Holger 109744, and out of Emerald's Girl of Fair Acres 279294, Thora could be expected to be a Jersey of great productive inheritance. By yielding 15,266 pounds of milk testing 5.42 per cent, and 872.83 pounds of fat in 365 days, she qualifies for an A.J.C.C. gold medal. Thora began her test at five years of age and carried calf 197 days, and was entered in class AA. Total number of milkings 1095.

On her preceding record she finished a record of 743.55 pounds of fat, begun at three years ten months, and awarded both gold and silver medals. She produced 13,080 pounds of milk testing 5.68 per cent and carried calf 216 days. On her first record made at 2-7 she made 9456 pounds of milk with a test of 5.35, and 506.24 pounds of butterfat, carrying calf 21A days.

REX ADOLPH IS PROMISING WELL

Big Salem Lad Has Chance for Oregon Varsity String Next Year

UNIVERSITY OF OREGON, Eugene, Nov. 21.—(Special to the Statesman.)—Rex Adolph of Salem, who has played on the frosh football team since the opening of the university this fall, appears as likely material for next year's line-up.

Adolph is big, fast, and plays splendid football. In the game played with the University of Washington freshman last Saturday, he held a right end position and acquitted himself with honor. He has participated in most of the games played by the frosh this season and his ability as a linesman has won him much praise.

Adolph is a freshman in the school of business administration and a member of the Kappa Sigma fraternity.

It's a good idea to convert all the savages. No telling when the Christian nations will need them as troops.

SATURDAY'S GAME TO BE ALL FIGHT

Science to Have Little Chance at Annual Oregon Championship Game

EUGENE, Or., Nov. 21.—Coach Shy Huntington of the University of Oregon football team believes that the game Saturday with the Oregon Aggies will be just a matter of fight, and that science will not have much chance.

Coach Huntington is cheerful over the condition of his team. "They are in better shape now than they have been before this season," he declared.

Turgeson, halfback; Von Der Ahe, tackle, and others who were in poor condition or out of the game entirely when the varsity mixed with the Cardinals, will be back in the lineup against the Aggies.

Strenuous practice is going on this week in preparation for the traditional battle Saturday. To give the team longer practice, Coach Huntington has had Hayward field illuminated so that the squad now rehearses the fundamentals of football signal practice and tackling until dark every night.

OREGON AGRICULTURAL COLLEGE, Corvallis, Nov. 21.—(Special.)—Past defeats seem unable to ruin the hopes of the Aggies for their inning in the annual clash with Oregon next Saturday.

Coach R. B. Rutherford has been drilling his fighters in passing, punting, blocking and signal drill. It is hoped to have all of the stars in the lineup.

The boofing of Gill, supplemented by Tebb, Tousey and Price is expected to play a big part in the clash with the Oregon Web-footers. Gill is sending long spirals down the field into the hands of Tebb and Carpenter, ends, giving the opposition little opportunity to intercept.

Olmstead and Johnson are working in the place of Captain Millard Scott, who has two broken ribs. The loss of Scott is keenly felt.

Rich, center, has been doing well on the offensive and holds the line against attacks like the veteran that he is. Layman and Day, guards, are to be relied upon for good work.

14 YEAR TERM IS GIVEN COOK
(Continued from page 1.)

Judge Killits at \$75,000 which he will not be permitted to make until after a complete record of the case has been drawn.

All of the convicted men, immediately after being sentenced, were taken to the Tarrant county jail where they will remain until they either make bond or their appeals, which they say they will make, are acted upon.

Only one of the 14 men who stood trial in federal court for six weeks was acquitted and he, A.

SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like aid cream.

M. Delcambre, on an instructed verdict ordered by United States District Judge John N. Killits.

Dr. Cook was found guilty on 12 counts, as were all other defendants save Cox, whose verdict found him guilty of eight counts.

The jury was out 20 hours. Dr. Cook who made himself an international character because of sheer effrontery, was conducting a cold blooded, deliberate confidence game, disguised as the Petroleum Producers' association, Judge Killits asserted.

Coughs, Colds, Whooping Cough

Mrs. Will Hall, R. No. 3, Baxley, Ga., states: "I am writing to all who suffer from coughs, colds, croup or whooping cough. I cannot recommend Foley's Honey and Tar too much, and I can't keep house without it. Have been using it since 1919 and have found it the best medicine there is for grown-ups and children." Best and largest selling cough and cold remedy in the world. Refuse substitutes. Sold everywhere.—Adv.

Grazing Forest Land

ALBANY, Nov. 20.—From a conference with officials of the Deschutes national forest and the district forester, C. C. Hall, Santiam supervisor, and H. G. White, chief forester, returned to Albany Saturday night. Problems connected with grazing on the national forests were the occasion for the conference.

The Santiam national forest has a large amount of land suited to grazing which is largely used by sheep owners from Eastern Oregon. Due to their location it is necessary for them to register for

permits in the Deschutes territory.

The conference lasted two days and was held at the office of the district forester in Portland.
