Multiple Listing Growing—
Though the stencils necessary to put the multiple listing system recently adopted by the Marion-Polk County Realty association into practice have not arrived from Portland, the listings are being received and will be mailed to members of the bureau in the near future, according to Miss Martha Leavenworth, executive secretary of the bureau.

Service Objected To—
Several citizens of Garden Home have filed with the public service commission a complaint against the passenger service of the Oregon Electric company. They allege that on the train leaving Salem at 11:15 a. m. on Saturday, Nov. 24, three coaches were carried, but that the third car was kept locked all the way to the North Bank station in Portland, making it necessary for a group of passengers boarding the train at Garden Home to stand all the way to Portland.

Painful and "Different"—
R. L. McAdams, while walking along North Liberty street recently, tripped on a defective board in the walk and fell on his chest. He came down in such a way as to land on a big walnut that lay on the walk. It caused a bruise that kept getting more painful, and an examination by a physician Tuesday revealed the fact that a rib had been broken from the breast bone.

Fire Destroys Home—
The farm home of W. E. Purdy, four and one-half miles from Salem, was entirely destroyed by fire Tuesday. The fire originated from a flue and the loss is estimated at \$3500, half covered by insurance. About 30 neighbors gathered and fought bravely to save the home, but were not successful. Most of the furniture was saved.

Freeman, of the architectural firm of Freeman & Struble, and Carl Engstrom, contractor, left yesterday for Grants Pass where they will remain the rest of the week looking after business affairs.

Recommends Foley Kidney Pills
"Your medicine worked a miracle for me," writes Mrs. C. Bron, 140 Fayette Street, Lynn, Mass. "I was all run down, had a cough all winter, also kidney trouble and after taking a few boxes of your medicine my cough and backache left me. I can eat and sleep well. I canvas and recommend it at every house I enter." Prompt relief secured from kidney and bladder irritations, rheumatic pains through using Foley Kidney Pills. Insist on the genuine—refuse substitutes. Sold everywhere.—Adv.

THANKSGIVING OVERSEAS DESCRIBED BY SOLDIER
(Continued from page 1.)

passed the kitchen, was naturally small. Nevertheless, it was pork, and augmented by a more liberal portion of roast beef. And potatoes and gravy and the cake! Do not forget the cake, the first in many months. Not a work of art, but a solid, sweet yellow cake baked in huge pans and in two layers, with a trace of jelly between the first and second decks.

This is a fair example of the average Thanksgiving meal in 1918. Some companies fared better, but these were in the minority, for alas, more of the men fared worse than this fortunate engineer company. Only one in the regiment had a better menu. This company happened to be billeted in a village that possessed a number of geese. Consequently, goose was served. The remainder dined sumptuously upon "bully beef" (corned beef, beans and hardtack, washed down by coffee slightly, oh, how slightly, sweetened by a trace of sugar and cream to the general proportion of two cans of condensed milk to a water pail of water. Still it was sufficient to give the proper color to the beverage.

Uncle Sam does not make a practice of feeding his men in peace time with such a meal, however. Today army camps over the country will find tables loaded with every conceivable form of delicacy. Turkey, chicken, and other meats, a galaxy of vegetables, two and three kinds of cake and pie, fruit, nuts and candies at each place, to say nothing of a package of cigarettes and a cigar and a package of chewing gum. Dishes are too numerous for the table and are stacked one on top of the other. The meal will not be served in courses but in true "family style," with every dish on the table before the doors of the mess halls swing open. All will be thankful with the exception perhaps of a few extra duty men who will have to wait tables and wash dishes, and the cooks.

No matter how much care is taken in preparing the dinner today and how hungry the diner, there can be none equivalent to that eaten in the little Luxemburg village five years ago when a small slice of pork and a piece of cake

were served in mess kits and eaten along cobble-stone lined streets, leaning against the walls of the buildings that had seen hundreds of Thanksgivings days come and go, mess kits balanced upon wagon tongues or on window ledges.

Yes, the ex-service man of the Army of Occupation has much to be thankful for today, not only for the quality, quantity and excellence of the cuisine today; not only for the comfort in which he will dine, with happy voices and the faces of his beloved around him; the easy chair and the after-dinner cigar; not only for the services that are being held with appropriate music; not for the thousand and one things that constitute the day, but he should devoutly and reverently pause and, no matter what his status, give thanks from the bottom of his heart that such times are passed; that the death-belching guns are stilled; that the needless slaughter of his comrades has ceased and that he is living in a land of opportunity, where his future and fortune are governed to a great extent by his own ability and attitude toward the world.

Mr. and Mrs. Myers Quit At Adult Blind School

Upon returning from Pendleton yesterday, Governor Pierce received the resignation of Mr. and Mrs. J. F. Myers as superintendent and matron of the new Oregon Employment Institution for the Blind in Portland, to be effective December 1. It is understood that R. B. Goodin, secretary of the state board of control, will take over the institution until successors to Mr. and Mrs. Myers are elected. The letter of resignation from Mr. and Mrs. Myers expresses indignation that information that

they might be removed came to them through press dispatches instead of directly from the board of control, and also alleges that persons have been employed for the institution by the board or by Secretary Goodin without consulting the superintendent. The letter declares that at all other institutions the superintendents are allowed the privilege of employing their own help, but that this privilege has been withheld at the adult blind school.

Hearings are Set By Service Commission

The following hearings have been set by the public service commission:
December 8, Garden Home, application of Washington county to change a grade crossing near Garden Home.
December 11, Albany, application of the Southern Pacific to build a track across the road at Halsey.
December 12, Eugene, application to require Southern Pacific to install a danger signal at a crossing near Springfield.
December 13, Cottage Grove, for an order directing the South-

ern Pacific to install a signal bell. December 14, Myrtle Creek, application of John Hall for a farmer's crossing.

December 15, Medford, application of the Brownlee Lumber company to build an industry spur track near Crater Lake.
