

# SPECIAL ANNOUNCEMENT

**A** UNIQUE collection of needle work from the Near East is on display and sale at Kafoury Bros. Thursday, Friday and Saturday of this week. This is the first time the women of Salem have had an opportunity of examining the laces, embroideries and hand-made linens for which the women of the Near East are famous. The ancient industries are being revived and perfected by the American Relief workers and many women are self-supporting through the making of this work.

"There are no finer needle women in the world than the women of the Near East," states Mr. Kafoury. "It would be impossible to duplicate in the shops of America the rare type of handiwork which the Near East Relief from Portland is sending us for this display and sale. A display similar to the one we are making this week was held in one of the largest department stores of Portland and experts in linens and fancy work declared it one of the most interesting displays ever made in that city. The exhibit and sale will last for only Thursday, Friday and Saturday of this week."

## SCHOOL ACTIVE AT ST. PAUL

### Dramatic Club Plans Busy Season—Students Visit Corn Show Here

For parliamentary practice the third and fourth year English class has formed a society known as the "St. Paul Community club." The purpose of the club is to promote skill in conducting social and business meetings. If all the motions that are made and passed were carried out, things would surely hum.

To learn the details of making a community exhibit, a committee of three to represent this club was appointed to attend the corn show in Salem. Mr. Michelbrook, the instructor, accompanied the committee, which attended the show Saturday.

Much benefit in the way of managing a corn show and displaying exhibits was gained. An interesting account of the show was given to the agriculture class. Indirectly, all profited by the little venture.

The high school dramatic club, organized early in the term, made its first appearance November 27. The play "Hunger" was given at the city hall.

The cast was made up as follows:

John Kaufman, poet; John McKay, beggar; Arthur McDonald, The Man; Harold Davidson, philosopher; Alicia Smith, fashion; Irene Gross, wealth; Louise Malen, beauty.

Mrs. Jordan, instructor in English and Latin, took up the managing of the club.

The play was given without hesitation and with few mistakes, due to the thorough rehearsals beforehand.

A committee of five members of the club has been appointed to select a two and a half hour play, to be given sometime this term.

The senior class met a short time ago to discuss the annual which it hopes to publish next spring. Committees were chosen by the president to select the class motto, pins, nicknames and colors. There are eight members in this class, namely: Ursula McDonald, Agnes Van DeWiele, Norman Ernst, Elmer Faber, Margaret Buysari, Esther Harley, Arthur McDonald and Homer Pierce.

The staff of the Annual is composed as follows: Editor, Esther Harley; assistant editor, Homer Pierce; business manager, Ursula McDonald.

oats, 156,085.75 acres; barley, 43,045.25 acres; rye, 25,217 acres; corn, 34,442.37 acres; clover, 48,753.55 acres; alfalfa 159,331.50 acres; wild or marsh hay, 46,328.10 acres; other hay crops, 121,664.40 acres; potatoes, 22,735.31 acres; other root crops, 5500.34 acres; field peas, 423.01 acres; field beans, 897.5 acres; old acreage hops, 6372.50 acres; new acreage hops, 583.50 acres; other crops, 7521 acres; apple trees bearing, 21,057.52 acres; apple trees non-bearing, 2079.75 acres; cherry trees bearing, 4,012.20 acres; cherry trees non-bearing, 591.25 acres; peach trees bearing, 1782.50 acres; peach trees non-bearing, 393 acres; pear trees bearing, 7468.25 acres; pear trees non-bearing, 2008.75 acres; prune trees bearing, 19,271.05 acres; prune trees non-bearing, 11,231.07 acres; walnut trees bearing, 1974.33 acres; walnut trees non-bearing, 1250.14 acres; loganberries, 5903.25 acres; black berries and raspberries, 3007.18 acres; strawberries, 3763.24 acres, other fruits and nuts bearing, 1303.87 acres; other fruits and nuts non-bearing, 948.65 acres; total acres in agricultural and horticultural products, 1,443,344.46; farms reported, 23,247; total acres in farms, 4,946,973.57.

# SOMETHING YOU SHOULD KNOW ABOUT WINTER LUBRICATION

## If an oil solidifies and weather it can't lubricate your car

That's why we say—use Zerolene "cold-test" oil, — it remains fluid in cold weather and lubricates the bearings and cylinder walls at the first turn of the motor—and makes starting easier.

You'll probably avoid trouble and expense by getting on the safe side, with Zerolene.

A poor "cold-test" oil often means scored cylinders, worn bearings and expensive repair bills.

Be sure—use the grade of Zerolene recommended for the winter lubrication of your car. Consult the Zerolene Correct Lubrication Chart—wherever Zerolene is sold.

STANDARD OIL COMPANY  
California

Zerolene No. 1, No. 3 and No. 5 are all good "cold-test" oils. If you have trouble shifting gears, use Zerolene Transmission Lubricant "B"—it remains fluid at low temperatures and permits ready shifting of gears.

## PRINGLE

Mrs. Frank Clark has been on the sick list for a few days. Franklin Sanders recently visited with his parents in Portland.

J. M. Coburn is drilling wheat when the weather permits. E. C. Barry is working in Salem. It is reported that a Pringle Girls' Glee club is in the making. The dog tax collector was around Tuesday with his grin and

question: "How many dogs on hand today?" He says most of the dogs out this way seem to be less than 3 months old. Every dog has his day. The housewives are accusing their hens of having joined the "I Won't Work" union.

## Are You a Philanthropist?

**A**RE you a philanthropist? Are you working for charity? Are you working for the love of it? Or are you just working?

Because, if you are a philanthropist, and are giving away your time, it's all right with us. But if you are not, then why should you give away your time.

Here you have spent three perfectly good weeks working to win one of the prizes in the Statesman's Contest. The most of you had honor thrust upon you. Then you thought you would see it through for your friends' sake anyway.

Now--- some of you are woking in circles

Don't watch the rest--- watch yourself

Don't do all the work with your feet—give your head a chance. There are all kinds of subscriptions and votes to secure. Don't overlook a single chance, because you have heard someone else had it... Go see. One contestant got \$10.00 yesterday by going to see. Where you have secured a three months subscription, go make it six, likewise with the six months subscription. You'll get the difference in votes.

This week is important, don't forget that, and its going to be easy to win—and you certainly are going to need it.

## CROP FIGURES ARE COMPILED

The state tax commission has completed the annual compilation for 1923 of agricultural and horticultural statistics. Assessors in Columbia, Curry, Grant, Harney, Jefferson, Klamath, Lake, Lane, Linn, Polk, Sherman and Willamette counties did not gather the statistics, so they are not included in the summary.

Totals follow:  
Winter wheat, 593,824.13 acres;  
spring wheat, 81,572.50 acres;

## IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Often Means You Have Not Been Drinking Enough Water

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water. By all means have your physician examine your kidneys at least twice a year.
