made tentative assignments of Republicans to half a dozen committees, while Democrats of the house meeting in caucus, selected their 11 ways and means committee members who will designate the Democrats to serve on the other committees.

The minority caucus adopted a resolution recommending the creation of a new house committee to handle all legislation affecting war veterans. Republican leaders have indicated they also favor such a move.

Martin Unsuccessful

An unsuccessful tight to unseat Representative Martin of Louisiana, as a member of the ways and means committee, because of his votes on the tariff, was launched in the Democratic caucus by Representative Dominick of South Carolina. Martin was re-elseated by a vote of 120 to 106. Four former members of this committee were returned—Raine of Illinois, Hull of Tennessee, Dickinson of Missouri, and Casey of Pennsylvania. Representative Garner of Texas will be the ranking Democratic member, succeeding the late Claude Kitchin.

Under the slate determined upon by the Republican committee on committees, Representative Green of Iowa will become chairman of the ways and means committee. To fill Republican vacancies these members were selected:

Frear Keeps Place

Chindbloom, Illinois; Kearns, Ohio; McLaughlin, Michigan and Crowther, New York.

Representative Frear of Wisconsin, one of the leaders of the insurgents, retained his place on the committee. Insurgents who have held places on the other committees discussed today also were retained, Representative Peavey of Wisconsin being the only new member of the house allied with the insurgents to land a place on a committee—rivers and harbors.

The two Republican vacancies on the commerce committee which deals with railroad legislation, went to Wyan of Pennsylvania and Burtness of North Dakota.

The Republican committee on committees will continue its slate making tomorrow with the exception of determining assignments to the rules and steering committees. The Democrats of the ways and means committee will begin their committee assignment work at the same time.

WHEAT UNDERGOES PRICE SET-BACK

Slackness of Demand During Last Hour Influences Movement Friday

CHICAGO, Dec. 7.—Wheat underwent a material setback in price today, chiefly as a result of slackness of demand during the last hour. The close was heavy, ⅝ to 1⅛ 1¼ cent net lower, December 11.03¾ @ ⅞ and May $1.09½ @ ⅝ to $1.09⅝. Corn finished unchanged to ⅛ off, oats unchanged to ¼ cent up, and provisions unchanged to 30 cents higher.

Although some speculative selling associated with a break in foreign exchange made the wheat market show a slight downward tendency in the first half of the day, rallies ensued when the sellers became uneasy, and tried to even up accounts because of numerous farm relief bills introduced at Washington and owing to definite moves by Secretary Wallace for a federal export corporation to handle wheat. As soon, however, as buying on the part of previous sellers was ended the market appeared to be without any adequate support and there was a quick decline, with the day's lowest price prevailing at the close.

HEAD STUFFED BY CATARRH OR COLD?

If your nostrils are clogged, your throat distressed, or your head is stuffed by nasty catarrh or a cold, apply a little pure, antiseptic, germ destroying cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more hawking, snuffling, dryness or struggling for breath. Get a small bottle of Ely's Cream Balm from any druggist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.—Adv.

THE PEOPLE CAN HELP

By JOHN T. ADAMS,
Chairman of the Republican National Committee

The interest bearing public debt of the United States on February 28, 1921, was $24,051,684,728. The books of the United States Treasury on October 31, 1923, show it to have been $21,800,335,047. This is a reduction, under the Republican administration, of $2,251,349,681.

During the current fiscal year it is costing the taxpayers $2,000,000,000 less to run the government than it did during the last year of the Democratic administration.

President Harding and his executive advisors decided to keep the estimates for routine expenditures of the government for next year under $1,700,000,000. This covers all expenditures of the federal government with the exception of interest on public debt, sinking fund and Postoffice appropriations, which are repaid out of postal receipts. President Coolidge has announced his firm purpose to carry out this program of rigid economy.

This record of public economy, reduction of public debt, slashing of routine expenditures made by the Republican administration in the last 30 months is remarkable. It has not been matched by any other nation, or by any state or local government in this nation. Notwithstanding this heavy cut in costs of running the government, the Republican administration has disposed of accumulation of back work left by the Democratic regime and has taken care of new business in an efficient manner.

This appeals to the taxpayers of the country. The problem of public taxes is a serious one. In many states and communities taxes are not only heavy, but oppressive. An analysis of the situation discloses the fact that this is due to local expenditures. In the last ten years local
