

**What a Difference!**

AND there's just as big a difference in the methods of vacuum cleaning. This is the day of the Vacuette—the wire-less, non-electric vacuum cleaner. Hundreds of thousands of women are using it every day. So are hotels, railroads and public buildings. The Vacuette cleans wonderfully, using revolving brush and deep cleaning suction combined. No cords to untangle—no light plugs to bother with. Light, easily handled and absolutely troubleless. Remarkably inexpensive to buy. Convenient payments if you desire them. A demonstration in your own home places you under no obligation. Why not phone for one?

**She's a Lucky Woman Who Gets a Vacuette**

"Christmas snow"—crumbled popcorn—bits of string and paper—how the Vacuette does "eat them up." It's a lucky woman who will have the Vacuette to help put the house to rights the day after Christmas. There's still time for a demonstration. Phone today.

**FIERY, ITCHY SKIN**  
QUICKLY SOOTHED  
WITH SULPHUR

Mentho-Sulphur cream will soothe and heal skin that is irritated or broken out with eczema; that is covered with ugly rash or pimples, or is rough or dry. Nothing subdues fiery skin eruptions so quickly, says a noted skin specialist.

The moment this sulphur preparation is applied the itching stops and after two or three applications, the eczema is gone and the skin is delightfully clear and smooth. Sulphur is so precious as a skin remedy because it destroys the parasites that cause the burning, itching or disfigurement. Mentho-Sulphur always heals eczema right up.

A small jar of Rowies Mentho-Sulphur may be had at any good drug store.

China has many titles of courtesy, including "president."

**THEATRES MOVIES**

OREGON—"Zaza."  
LIBERTY—"Mary of the Movies."  
BLIGH—"Alias Phil Kennedy."  
"Oregon Trail."  
GRAND—"Shriek of Araby."

A picture of a thousand thrills—watt power, "Alias Phil Kennedy," shown for the first time here at the Bligh theater today. The picture is a classic in the manufacture of gooseflesh and the raising of hair, and the audience enjoyed hugely enough excitement and surprise to last a long time.

There may be some who remember the galaxy of Mack Sennett bathing girls who made such a hit everywhere a few years ago. Well, they don't compare at all with the beauties to be seen in the latest Mack Sennett comedy feature, "The Shriek of Araby," coming tomorrow to the Grand theater under an Allied Producers and Distributors Corporation release. There are blondes and brunettes, and among some of the prettiest of California's native daughters are to be seen.

Florence Fair, who made her debut in Paramount pictures in the screen version of the play, "Leah Kleschna" with Dorothy Dalton, has been cast for the part of Madame Dufresne in Allan Dwan's Paramount production "Zaza," which comes to the Oregon theater Friday. Gloria Swanson has the star role in the picture.

Chapter Ten of "The Oregon Trail," the Universal screen chapter history of the Oregon Trail, which will be seen at the Bligh theater today brings a historical sequence as important as the new episode of the red-blooded romance of the characters impersonated by Art Acord and Louise Lorraine. The item of historical fact is the work of Washington Irving, James Fenimore Cooper, Edgar Allen Poe and Henry Wadsworth Longfellow, contemporary authors of the period who mirrored the life of the day.

**Chas. W. Hawley Jr.**  
Buys Monarch Piano

Selecting a new piano is generally supposed to be a difficult task. But Charles W. Hawley, Jr., popular organist of the Oregon theater, does not seem to think so. The reputation of the piano builder is the principal point to be considered, says Mr. Hawley. "Having worked in the factory of the Marquette Piano & Organ company for a number of years, knowing the careful and expert workmanship that is required of every department in a reputable factory I am fully aware of the risk one takes in buying a mediocre piano." Recently Mr. Hawley was looking for a piano to rent and while in the Tallman Piano store he became so impressed with their line that he purchased a Monarch piano made by the Baldwin Piano company for use in his home.

Mr. Hawley is familiar with the Baldwin building plan, having visited their factory many times and considers them to be one of the best piano builders in the world. The price, Mr. Hawley states, is the most reasonable he has ever known—a piano of this class to be sold for.

**NEW CORPORATIONS**

The following articles of incorporation were filed yesterday with the state corporation department: The Woods company, Portland; incorporators, A. W. Woods, K. F. Fraser, Ralph M. Calk; non-par value stock; mortgage and loan.
