BLIGH—"Eden and Return."

Frank Mayo comes to the screen of the Bligh theater next Saturday in "The Bolted Door," the story of a man married to a wife who refuses to fulfill her marriage obligations.

Mayo in the role of the husband whose problem is to win the love of the woman he has married, is called upon for an intense dramatic portrayal. The conflict of emotions engendered by the situation calls upon Mayo for strong dramatic portrayal.

Opposite Mayo will be seen

beautiful Phyllis Haver, who is given full opportunity to display her dramatic talents and the beauty for which she is famous. Nigel Barry plays a polite "heavy" role. Two other well known players who have important parts are Charles A. Stevenson and Kathleen Kirkham.

George Gibbs, noted novelist, wrote the story, and George Randolph Chester, equally famous as an author, prepared the continuity.

William Worthington, who directed Mayo in some of his most successful pictures in the past, guided the filming of "The Bolted Door."

## DEMPSEY-GIBBONS FIGHT SCHEDULED

Richard Announces That It Will Not Be Held During Convention

(By The Associated Press) NEW YORK, Jan. 17.—Jack Dempsey will defend his world's heavyweight title against Tommy Gibbons, St. Paul challenger, in a 15 round decision match in New York, probably at the Polo grounds the first week in June, Tex Rickard announced today.

The promoter, who announced several days ago that he had arranged the return match between these rivals, revealed further details in denying reports that he planned to conduct the bout during the democratic national convention which will open here June 24 in Madison Square Garden.

At the same time, Rickard disclosed that after the Dempsey-Gibbons fight, contracts for which he expects to have signed within a fortnight, his next fistic venture will not take place before the middle of July, when he hopes to stage a heavyweight elimination contest between Harry Wills, Negro contender, and Luis Angel Firpo, "wild bull of the Pampas." The winner of this match, if Rickard's plans materialize, would fight Dempsey in September providing the champion succeeds in disposing of Gibbons in June.

## BEARCATS WILL PLAY PACIFIC

Willamette Basketball Team Appears in Forest Grove This Evening

Willamette university's Bearcats will journey to Forest Grove tonight to clash with the Pacific university basketball team. Though the enemy annexed both games last year it is hoped that the score will be evened this season. Both teams were defeated by approximately the same scores by the University of Oregon.

The Bearcats are still working under a handicap of a late start this year. In addition two first team men are out of the game for some time, Logan with a bad foot and Emmel with a sprained ankle which he received this week.

Those making the trip with Coach Guy Rathbun are Patton, Steinfisher, Fasnacht, Hartley, Jones, Wilkinson and Mootrie. Bleachers are being erected in the new gymnasium and are to be in readiness for the first home game of the season, next Thursday night, when the Bearcats meet the alumni. When completed these bleachers will accommodate around 1500 spectators. The bleachers are modern in every respect, having foot-rests. Permanent backdrops are also being put in place in readiness for the local season.

## BALDWIN APPROVES LABOR AMENDMENT

(By The Associated Press) LONDON, Jan. 17.—Premier Baldwin's conservative government this evening received its death sentence at the hands of the opposition in the house of commons as had been anticipated.

This came when Former Premier Asquith arose and, amid the cheers of his Liberal followers and the Laborites, announced that he would vote for the labor motion of "no confidence" in the government presented by John R. Clynes, and would advise all his friends to do likewise.

Nothing short of a political upheaval, namely, the wholly improbable desertion of a large number of the opposition to the conservative flag can save the government, which will go to the guillotine Monday evening, according to the present program.

After introducing the "no confidence" motion in the form of an amendment to the address in reply to the king's speech, Mr. Clynes scored the Tory regime both for what it had done and what it did not do during the last 12 months.

The king's speech, he declared, was inaccurate in stating that Great Britain's relations with foreign powers remained friendly. If the relations with Russia were friendly, he asked, why had not

Russia been recognized? Was it because Russia had not undertaken to pay her debts? If that was to be a bar to recognition how was it that France had a representative in London?
