

YMCA ASSEMBLY FEB. 15 TO 16

Annual Convention for Oregon and Idaho Will Bring Leaders Together

The approaching convention of the YMCA of Oregon and Idaho is to be held at Portland on February 15 and 16. The convention will open with a banquet at 6:30 on Friday evening, the 15th, and will close with luncheon at 2 on Saturday.

This is the official meeting of the association movement in these two states. It is not simply a meeting of concern to the state committee, but is the annual occasion for the local associations to confer together about their problems; to check up on the work of the state organization for the year, and to set their stakes and standards for the year that is ahead.

The program this year is of particular importance. There will be inspirational features at the dinner and again at the luncheon. There will also be matters of very great importance to the united work in the proposed revision of the state constitution; in the discussion of the standard boys' work program that is being developed; in the election of the members of the national council from this territory, and in the action upon the state committee's report which will largely determine its work for the coming year.

To Honor Mrs. Ford
FALLS CITY, Ore., Jan. 31.—Friends of Mrs. Lydia K. Ford, who will be 78 on February 6, are eager for her to be honored as one of the very earliest settlers in this vicinity.

Mrs. Ford's parents came here in 1856 when Mrs. Ford was 10 years old.

Mrs. Ford, then Lydia Hubbard, was one of an immigrant party which crossed the plains from Pike county, Illinois, in 1853. Her father, Rev. David Hubbard, his wife and six other children, came by ox team, as did Mr. Hubbard's two brothers. The newcomers settled first at Clackamas, coming to Polk county in 1856.

When she was 18, Lydia Hubbard was married to William Ford. He was 25 years old. The young couple moved to a farm near Bridgeport, where they lived for many years, later moving here. Mr. Ford died seven years ago. They had six children: Iva (Mrs. W. L. Frink of Bridgeport), Molly (deceased), Flora (an invalid, at home), Ralph (J. R. Ford, Eugene architect), Johnnie (deceased), and Nellie (Mrs. Nellie Sears of Falls City). After their own children were all grown Mr. and Mrs. Ford adopted a little girl, Sybil Wilson, who is now studying music in California.

GREGORY WAS COUNSEL FOR OIL INTERESTS (Continued from page 1)

Many, President Coolidge has definitely made up his mind not to retain him as counsel in the oil cases. The executive talked over the matter tonight with Chairman Lenroot and Senator Curtis of Kansas, the assistant Republican leader in the senate. He will see Mr. Gregory upon his arrival here tomorrow from Texas.

Before resuming its inquiry today, the oil committee decided to compel the attendance of Mr. Fall tomorrow morning for questioning. This decision was made after the committee's medical commission had reported in writing that the former secretary is in condition to appear; that while he is in an "anxiety state," there is no evidence of any organic nervous disease and no psychologic symptoms.
