CHURCH ENDORSES PIERCE'S POLICY

First Methodist Congregation Votes Unanimously in Prohi Cause

Following the sermon delivered by Rev. Blaine E. Kirkpatrick at the First Methodist church of Salem Sunday, the congregation voted unanimously to endorse Governor Pierce's policy relative to enforcement of the prohibition law. The motion was made by Dr. E. S. Hammond of Kimball College of Technology. Governor Pierce was in the audience.

The pastor's subject was, "Putting Social Sympathy Into Deed." He emphasized the points that every Christian citizen should be a dry agent.

alive to the questions of the day, and that every public official who does his duty should feel the backing of the church, while every public official who fails to do his duty should feel the condemnation of the church. Rev. Ward Willis Long also spoke emphatically for law enforcement in his sermon at the First Presbyterian church Sunday morning. He spoke without mincing words relative to people of wealth, influence and position who violate the prohibition law, making reference to the Labbe case in Portland.

E. M. Allen, of Corvallis, was a recent visitor in the city.

Mrs. A. N. Howell of 684 Stark street, Portland, is visiting her daughter, Anna Howell, who is a student in the music department of Willamette university.

Money isn't everything unless you are having an argument with every Christian citizen should be a dry agent.
