THE SWEET BRIAR CLUB  
Phone 106

The Sweet Briar Club was entertained yesterday afternoon by Mrs. W. F. McCall, assisted by Mrs. Jennie Utley and Mrs. Bernice Blodgett at a 1 o'clock luncheon served in Mexican style, followed by an afternoon of conversation and needlework. Covers were laid for 24, the guests being seated at three tables. The first table, at which covers were placed for 12, was centered with pink salta. Violets formed the decorations for the second table, and daffodils were used at the third. Each of the latter two tables seated six guests. The favors and place cards carried out the Washington's birthday idea. Special guests of the club for the afternoon were Mrs. Amos Vass of Salem, Mrs. John Schindler and Mrs. William Gorsline. Mrs. Felden, who is 87 years old, sang. Mrs. Felden is the mother of Mrs. McCall. The members of the Sweet Briar club are Mrs. Annie May Pettys, Mrs. Jennie Utley, Mrs. Carrie Bunn, Mrs. Mary Pratt, Mrs. Carrie Chaffee, Miss Nellie Taylor, Miss Daisy Madsen, Mrs. Alice Adams, Mrs. Tillie H. Mrs. C. E. Schink of Seattle is visiting her sister, Mrs. James Sikes at 700 North Cottage.

The Poem, "Oregon," one of Mrs. F. S. Barton's compositions, and which Mrs. Page read before the Monday luncheon of the Chamber of Commerce, is available, it is interesting to note, on decorated cards in small panel form. The conventionalized Oregon grape design used on the card was worked out by Mr. Barton. These may be had from the Frame Shop. The tinted ones use a delightful touch of amethyst-purple and leaf-green in the margins. The poem, which has been copyrighted, follows:

**OREGON**

I love the hue  
Of the clouded blue  
When the lingering summer dies,  
And the rains soft sweep  
When the earth drinks deep  
Under the Oregon skies;  
For the rains will cease,  
And the sun increase,  
The mists from the valley rise,  
Will a myriad flowers  
And after the showers  
Laugh up at the Oregon skies.

## TRIBUTE IS PAID RUSSELL CATLIN

Resolutions Adopted By Rotarians at Meeting Yesterday Noon

Silverton Hi Y and Junior County Y.

An impressive tribute was paid to the memory of the late Russell Catlin by fellow members of the Rotary club at the close of the club luncheon Wednesday. Resolutions regretting his death and the loss to the organization were read by Adjutant General George A. White. These were adopted by the club and will be placed upon the records. Rotarians stood with bowed heads while Mrs. R. O. Snelling softly played "Nearer My God to Thee," after which Dr. C. E. Powell, of Kimball college, gave a short prayer. The entire club sang one verse of the song in closing.

Following is the resolution adopted by the club:

"Since we met a week ago, there has been taken from among us, by the inscrutable hand of death, our friend and fellow Rotarian, Russell Catlin.

"The chair he leaves vacant in our councils is one that can never be filled. His loss is one that will remain permanently in the consciousness of his family, his friends and his community, to whose welfare and service, a full measure of his life was freely given.

"An outstanding trait of Russell Catlin's service as a citizen was the painstaking thoroughness which he applied to every task assigned him as a public spirited citizen. His was never a perfunctory or grudging service, and it will always be remembered of him that when there was work to be done for the betterment of his community, he threw himself into that work with all his energy and devotion.

"So, he will take his place in the records of those who contribute something definite to the service of their fellowman. It is from the composite work and sacrifice of such men that the fabric of civilization has been woven.

"This, then, being his record, let it be so inscribed upon the permanent records of this organization, and a copy hereof be delivered to his bereaved family, with a further expression of our profound sympathy in this hour of their great sorrow."

## CREDIT DEFENDED BY C. P. YOUNTS

National Authority Gives Address to Salem Business Men's League

"Credit, from an economical standpoint, is the best thing a city can have," declared C. P. Younts, of New York City, national authority on credit conditions, who spoke at the Chamber of Commerce auditorium last night under the auspices of the Salem Business Men's League. "In the business life, the cash customer is the expensive customer, for he is the one who spends time in shopping around. The credit customer has confidence in the merchant, makes his purchases and goes home."

"The merchant has been selling credit, but it is not a commodity that can be treated as dollars and cents. It is something, like reputation and honor, that cannot be sold. Credit is based upon character, the opinion of others and the ability to pay upon the merchant's times. Merchants in the past have not displayed the proper amount of backbone and are alone responsible for dead beats. Ninety-nine per cent of the people of the United States are honest and when they make a purchase will pay." Losses from credit have been reduced from 2 to 3 per cent a few years ago until the average loss today is less than one-half of 1 per cent, Mr. Younts said.

Mr. Younts is on his first trip to the coast, being brought to Oregon by the Portland Credit Men's association. His mission is to educate merchants to the fact that credit is their business and not that of the customers. Mr. Younts has been engaged in the credit business for a great many years and during the last 14 months has studied credit conditions in 150 cities.

Large Tonnage of Unsold Hay in Hands of Farmers

Between 25,000 and 30,000 tons of unsold hay yet remain on the farmers' hands, according to an estimate made by Harley O. White, Salem feed and grain dealer. Practically all of the hay grown in the Willamette valley is grain, cheat or clover. Predictions are made that there will be a large crop of hay again this year.

With little snow throughout the northwest and a really open winter, the cattle and dairymen have not found it necessary to feed hay to any great extent. Reports from eastern Oregon are to the effect that stockmen have already put their stock on the range, thus doing away with the need to feed hay.

lowing permits were issued:  
United States Copper company, Portland, to sell stock in the sum of \$50,000; to Durant Acceptance corporation, Portland, to sell 50,000 shares of stock of no par value; Talent Coal company, Talent, to sell stock in the sum of \$4960; Hood River Drug company, Hood River, to sell stock in the sum of \$5300; Apple Growers' association, Hood River, to sell bonds in the sum of \$125,000.
