## EGG-GRADING BEGINS TODAY

No Evil Effects Declares A. Anderson, Salem Poultry Dealer

The egg grading law, which goes into effect today, will not have the evil effects the smaller poultrymen and merchants believe it will have, according to A. Anderson, Salem poultry dealer, who has used this system for the last two years.

"The ordinary merchant, particularly those who handle eggs in small lots, does not want to be forced to grade his eggs," Mr. Anderson said yesterday. "He is willing to receive them as they are gathered by the farmer and pass them on to his customers."

"Under the new law all eggs must be graded as to size, color and quality. The eggs must now be sold as puffed eggs, for the

smaller sizes, first or extras, depending upon the size."

The new law is welcomed by the larger poultrymen and those who place eggs upon the market in large quantities, for under the new law they will receive more for the better class of eggs. The usual prices will be paid for clean eggs of a standard size, but the man who offers a variety of eggs, dirty and several-colored, will be the one who complains. This class of trade is never particularly welcomed, Mr. Anderson said, owing to the amount of bother to the purchaser, who must grade the eggs himself.

It is only fair to poultrymen, Mr. Anderson said, in that they will market their eggs along a line similar to that adopted by the prime men, who receive prices for their fruit in proportion to the size offered.

## NEW CORPORATIONS

Articles of incorporation were filed yesterday by the Interdenominational Church of the Four-Square Gospel of Albany, Oregon. The incorporators are H. N. Cockrell and several others. Assets are valued at \$200.

Articles were filed also by the Arleta IOOF Hall association of Portland. The incorporators are O. R. Orendorff and others. The capital is \$40,000.

A permit to operate in Oregon was issued to B. F. Shearer, Inc., a Washington corporation having a capital of \$20,000. Alfred P. Dobson of Portland is attorney-in-fact for Oregon.

Notice of an increase in capitalization from \$7000 to \$50,000 was filed by the Rayme company of Portland.

Blair Granite Quarries, Inc., Ashland, incorporators, W. M. Blair, E. A. Hicks, P. M. Kershaw; capital, \$100,000.

Oregon Federation of Musical Clubs, Portland; incorporators, Lillian Jeffry Petri, Mrs. Warren E. Thomas, Elizabeth Johnson, Frederick W. Goodrich, non-profit.

The Negro company, Portland; incorporators, Ben Riestland, Stella Donaldson, Ellen S. Stone; capital, \$5000.

Oleson Lumber company, Portland; incorporators, Charles Oleson, Charles R. Oleson, Adolph Matthes; capital, \$25,000.

## GRAIN IS DEPRESSED ON OPEN MARKETS

Report That Great Corn States Over Supplied Brings About Drop

CHICAGO, Feb. 29.—Estimates that three big corn shipping states, Illinois, Iowa and Nebraska, have 40,000,000 bushels more corn than was the case a year ago, did a good deal to depress grain values today. Corn closed weak,  $\frac{1}{2}$ ¢ to  $\frac{3}{4}$ ¢ off; wheat finished easy,  $\frac{3}{4}$ ¢ to  $\frac{1}{2}$ ¢ down; May, \$1.10 to \$1.10 $\frac{1}{2}$ , and July, \$1.10 $\frac{1}{2}$ , with oats  $\frac{1}{4}$ ¢ to  $\frac{3}{8}$ ¢ off, and provisions showing a 2¢ to 10¢ decline.

From the outset corn showed a decided downward tendency and closed at the day's bottom figures. The May delivery in particular was under considerable selling pressure. Meanwhile the market lacked aggressive support notwithstanding that wheat at first had an upward slant as a result of enlarged buying in anticipation of an increase of the import duty.

Wheat, like corn, closed at about the day's lowest level. A number of the early buyers of wheat returned to the selling side, apparently on account of corn weakness. Oats, too, sagged with corn. Demand for provisions was at a minimum.

## CONTRACTS TO BE SUBMITTED

Contracts for the new association now being given consideration by bankers and others interested, will be submitted to all prune growers of the state at a series of meetings in the near future, it was announced yesterday by Kenneth Miller, president of the Oregon Growers Cooperative association, who was in the city looking over the new office location. The contract at present is only in tentative form, he said, and as a result of suggestions, several minor changes have already been made.

These meetings will be held in every district in which prunes in any quantity are raised. Meetings will be held in Salem, Dallas, Yamhill, Forest Grove, Scotts Mills, Shaw, Myrtle Creek, Roseburg and in a few other places. At a recent meeting at Independence Ira Powell of Monmouth and Eugene Hayter of Dallas both of whom are engaged in the banking business, were named Polk county representatives to the committee of two bankers each from the five prune growing counties.

This meeting was the second of the county meetings being held under the auspices of the state bankers' committee. The other meeting was held at Hillsboro. Marion county is expected to hold its meeting in Salem some time next month, at which time two Marion county bankers will be named for the committee. The independence meeting was attended by Kenneth Miller, president of the Oregon Growers association, and M. J. Newhouse, general manager of the same company. The meeting was well attended by Polk county growers.

## IBSA Establishes Big Broadcasting Station

The International Bible Students association (IBSA), with main office at 124 Columbia Heights, Brooklyn, New York, for some time has had in course of construction a radio broadcasting station. It is installing two sets of broadcasting equipment, the smaller radiating 500 watts, and now licensed as Class A equipment to operate on 244-meter wave length, using the call letters WBBR. The larger set is expected to be ready for operation in the near future. It is believed from experiments that there will be less interference on this wave length than on a higher one. The apparatus has been tested for several nights, and reports indicate that listeners have heard very distinctly.

The masts for the antennae are constructed of wood, which will eliminate much difficulty that would result from a steel tower's absorbing electricity. The masts of this station are 200 feet high and set 300 feet apart. Mr. Ralph H. Leffler, radio engineer, will be in charge of the station. Mr. L. T. Cohen will be manager of broadcasting.

The purpose of this station is entirely educational. It will broadcast scientific news, news of inventions, matters of political interest, musical programs, both instrumental and vocal, readings in diet, health, hygiene, etc., general reports of world news, Bible instruction, Bible questions and answers, and featuring especially Bible lectures by Judge Rutherford, the president of the association.

## REACTION SUFFERED ON STOCK MARKET

Early Show of Strength Is Reversed Later in Day's Selling

NEW YORK, Feb. 29.—After an early show of strength and activity in practically all sections of the list, prices turned reactionary today and there was a perceptible lessening in the volume of trading in the afternoon.

Overnight buying orders gave the market an upward slant at the outset and influenced numerous professional bears to cover, but the activity subsided toward noon and considerable short selling appeared, particularly in the northwest railroad issues.

The relatively poor showing of fourth quarter earnings of Studebaker depressed that stock nearly two points, and Westinghouse fell about three points on unconfirmed reports that some new financing was contemplated.

A few of the independent steels also moved forward on the day, coppers and sugars generally continued irregular downward.

Foreign exchange rates were irregular with a relatively narrow range. Demand sterling recorded a slight gain at \$4.30 $\frac{1}{2}$ , but French francs reacted after yesterday's smart advance, losing two points at 4.19 $\frac{1}{2}$ ¢. Belgian francs climbed to 3.65 $\frac{1}{2}$ ¢, and most of the other continental exchanges were steady. The Spanish peseta moving counter to the general trend, fell 8 points to 12.5¢ for a new low for the year. Japanese exchange also moved lower, closing at 44.7 $\frac{1}{2}$ ¢.

Call money opened at  $\frac{1}{2}$  per cent and was advanced around noon to 3 per cent, reflecting the

## NEW VEGETABLES FROM SOUTH HERE

San Pedro Cucumbers Selling at 35 Cents Each New in Market

Long, slender cucumbers from San Pedro are available now in the Salem vegetable market and are selling at 35 cents each. Nice cauliflower may be had at 20 cents a head but it is not plentiful.

Imperial valley head lettuce is selling at from 10 cents a head to two for 25 cents. It is of good solid quality and reasonably plentiful.

Walla Walla onions are retailing at two bunches for 15 cents. Florida peppers are selling at 35 cents and are of good quality. Rhubarb is retailing at 20 cents a pound and is a welcome addition to the spring market basket.

Florida grape fruit is selling at 10 and 15 cents apiece while oranges range from 30 to 70 cents a dozen.

Eggs were retailing yesterday at two dozen for 45 cents.

## OXFORD STATISTICS POINT TO VOGUE OF GIRLS AND GAITY

There is a surplus of 4,500 marriageable women in this town, which has a total population of only 57,000, according to the census returns.

The statistics show that Oxford is a city of youth, leisure and the professions, these three classes making up more than 37 per cent of the entire male population. The largest group of inhabitants is that at the age of 21, and more than one-sixth of the whole population falls within the ages of 18 and 25. Girl students at the university total only 521 against a total of males of 2,388. The city has 210 tavern keepers, 38 boat builders, and 482 persons, men and women, engaged in the tailoring trade.

The action was based on the allegation that a truck owned by Cowan crashed into a freight train operated by the plaintiff. The railway's train and right-of-way were said to have been damaged in the sum of \$450.

PHILADELPHIA, Feb. 22.—American motion pictures abroad

are proving a handicap to American missionaries, according to a report read at a meeting of the department of christian social service and institutions of the Episcopal church of this diocese.

American women are portrayed in these films as "dance hall girls who smoke cigarettes and drink heavily," the report said. "American men are looked upon as barbaric savages who drink whiskey like water; carry two guns and a bowie knife and kill their fellow men as a pastime," it declares.

Particular difficulty is experienced by missionaries when such pictures are shown to natives of Canton, Shanghai, Calcutta and Jerusalem, the report concluded.

## PICTURE SOLD

TILLAMOOK, Feb. 23.—Lester C. Daniels will ship today to J. L. Pelton, of Eden, Idaho by express a fine yearling Jersey bull.

The blooded youngster is "Madge's Sophie Lad," one of the finest young Jersey bulls in the northwest, both in pedigree and form. Mr. Pelton, the buyer is a prominent Jersey breeder of Idaho, and bought the Tillamook calf without seeing it, depending upon its picture in a stock journal and its fine pedigree.

This calf's dam is a silver medal daughter of the silver medal senior herd sire on the Daniels Jersey farm.
