Dr. Harris I. Folk and Dr. Paul G. Stappan, 1484 State St., Salem, Oregon, are Chiropractic doctors.

The Abrams method of Electronic Diagnosis and Treatment is not taught Chiropractic doctors by Dr. Abrams or any of his colleges. These doctors, at 1484 State street, have removed the words Abrams' Method from their sign, but instead use the "E. R. A." on their sign and advertisement. This is misleading and has caused persons to start treatment with them, thinking they were receiving the real Abrams treatment. The letters E. R. A., with periods after them, stands for Electronic Reactions of Abrams. While these doctors, who use the imitation machine, use the E. R. A., without the periods, this is misleading and has caused persons to be misled and to take their treatment. For facts address

WORLD SERVICE WILL BE SHOW

Stereopticon Address at First Methodist Church Tonight By Pastor

At the First Methodist church tonight at 7:30 o'clock, Rev. B. E. Kirkpatrick, the pastor, will give a stereopticon address on the world service program in which the church is engaged. In addition to colored slides showing the work being done throughout the world, several slides will be shown depicting some of the work that is being done in China by Miss Esther McCracken, a Salem girl who is a missionary in that country.

The world service program follows the five-year centenary program of the church which will come to an end the latter part of May. The world service program calls for a financial outlay of \$18,000,000 a year, and the quota of the local church for the period from June 1, 1924, to October 1, 1925, is \$6111. The canvass for this sum of money will be made next Sunday afternoon when 25 teams of men will visit the membership of the church. The teams will meet tonight at 7 o'clock for a conference and to receive the names of the church members to be visited by each team. Dr. B. L. Steeves is director of the drive. The regular church night supper will take place at 6:30 o'clock.
