

I Use a Cream

Which France perfected—the finest ever known
By Edna Wallace Hopper

France gave to me, many years ago, the finest cold cream in existence. It helped to make me a famous beauty—the rage of New York. And now, after 40 years as a stage star, it keeps me a beauty still.

Many young girls envy my complexion. And my youthful bloom at my age is the marvel of millions of women. Now I have arranged to supply to all the very best which made me what I am.

A fruity cream

My Youth Cream contains products of both lemon and strawberry. Also all the best that science knows to soften, feed and smooth the skin.

No woman I know has ever found anything to so foster the fine texture of the skin. What ever cream you have used before, my Youth Cream will amaze you.

Edna Wallace Hopper's Youth Cream is now supplied by all druggists and toilet counters. Price, 60c per jar. It comes in two types—the Cold Cream type and the Vanishing type. Be sure to get the type you want. Both have the same essential constituents. Neither grows hair on the face. Also my Facial Youth—my famous liquid cleanser. Also my White Youth Clay—the last word in facial clay. Also my Hair Youth, which brought my luxuriant hair. My Beauty Book comes with each.

Now every girl and woman may enjoy the benefits I got. The multiplied beauty, the perennial youth. The greatest beauty helps that science knows are at your call. Let my Youth Cream show you how much they mean to you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.—Adv.

reminders of pre-jitny days. Let's keep the hummocks.

I've got the political blues. Several times recently I have "snuk up" on citizens talking on some street corner, hoping to filch a story from their conversation, but in each and every instance their talk was politics—everything from Teapot Dome to town dork-catcher. It is discouraging; but I shall have my revenge. I do not care for politics nor anything like that. I hate to hear a candidate a-talking through his hat. I would that all men could agree, and each one love the other. That all might dwell in harmony and no man hate his brother. But since men will not do these things, but vie in angry feeling

And each one occupies his time the other's sins revealing. I shall start with tooth and toenail for to mix up in the row, And shall make an honest effort to be mean as I know how.

NOTED LION WILL VISIT SALEM DEN

Melvin Jones, International Secretary, Coming Here on Thursday

The Lions club of this city is about to be honored with an official

MELVIN JONES

cial visit by Melvin Jones, secretary general of the International Association of Lions Clubs. He is expected to arrive in Salem on Thursday.

That women can't do successfully. I never before was in a place where there was so little of it as in Salem. In Kansas about half of the male population under 50 years old are whistlers, while here even the school boys don't seem to know how. Somebody ought to teach them. I believe that a whistling man makes a better Christian and a better neighbor than the other kind. It shows cheerfulness and optimism and a desire to spread it. The trouble with Germany was that the Germans are not whistlers. Our whistling doughboys licked 'em easy. I'll bet if you go out to the pen you won't find many fellows in there who are whistlers.

left international headquarters in Chicago on March 1 for a visit to every Lions club in the 9th district of the Lions International. This jurisdiction includes Washington, Oregon and British Columbia. Secretary General Jones will arrive in this city on March 20.

On his way back to Chicago he will stop at Salt Lake City where a meeting has been called of all Lions in the 28th district, which covers Utah and all Idaho except the pan handle.

This visit of Secretary General Jones is a compliment to the officers of all Lions clubs in the district, and especially to Ray E. Bickel of Seattle, who is third vice-president of the Lions International, and Harlan I. Peyton of Spokane, district governor of the 19th district. Under their direction the clubs have increased in number and have vastly increased their usefulness. Two field directors are actively at work in the district, organizing new clubs and counseling those already established.

Mr. Jones comes especially to confer with the leaders on this extension of the domain of Lionism and to advise with them about the next international convention to be held at Omaha on June 23-26.

The secretary general has been identified with the Lions International from its small beginnings in 1917. He has seen the organization grow from a few clubs, with a few hundred members, to a mighty organization covering the United States and Canada, with 750 clubs and 40,000 members.

The cornerstone on which Lionism is build is the making of better citizens. To this end Lions unite with all good agencies in all good civic work. They work always in accord with the chamber of commerce of the city, carry on charitable works, help to build and endow schools and hospitals, back the Red Cross and the Salvation Army, work hand in hand with the schools, urge and help in the building of roads, establishment of parks and playgrounds—everything that builds up the community, and nothing that tears down.

The list of members in this city contains the names of many of the very best professional and business men. The officers of the local Lions club are: Dr. W. B. Mott, President; Ross Miles, vice-president; Dr. Carl Wanner, second vice-president; Allen Kafoury, third vice-president; Frank Neer, secretary; Rich L. Reimann, treasurer.

LOOKS FOR SHORTAGE

DETROIT, Mich., March 16.—Upward price tendencies of six-cylinder automobiles in the \$1,000 field indicates a shortage in cars of this price because of a heavy early spring demand, states Harry M. Jewett, president of the Paige-Detroit Motor Car company, in a letter to W. H. Truman, Paige and Jewett dealer.

Asked as to possibilities of an increase in the price of the Jewett, the Paige company president said: "We note that three of our competitors in the thousand-dollar field have been forced to increase their prices. Certainly this indicates the present tendency. It is our fixed policy to give the public the biggest possible dollar's worth, to operate on a reasonable margin of profit and to avoid price increases. We cannot promise, however, that the present low prices for Paiges and Jewetts can long be continued."

"We have seen many indications of a shortage of six cylinder cars in the popular priced field during the coming spring. Attempting to give the biggest dollar's worth of motor car value of any manufacturer in our price class, the Paige company built what is thought to be the largest and most modern factory of its kind for the exclusive production of the Jewett Six.

"Every possible effort has been made to make certain that we can supply quality cars at reasonable prices. The wise buyer should recognize that there is likely to be a spring shortage of desirable makes of motor cars and that the price tendency is sharply upwards."

TOBACCO WAR IS GIVEN APPROVAL

County Sunday School Convention at Stayton Backs WCTU Movement

Resolutions endorsing the WCTU movement for the abolition of tobacco, particularly a ban against the sale and manufacture of cigarettes, were passed at the 25th annual convention of the Marion County Sunday School Council of Religious Education which closed at Stayton Saturday.

Officers will be the same this year as last, with the exception of secretary-treasurer, Gladys Emery being elected to this position. W. S. Wright is president of the district and Fred De Vris president of the association. Approximately 50 credentialled delegates and about 250 interested people attended the convention, large crowds being present yesterday because of the fine weather.

A feature of the convention was the Saturday luncheon, provided by the women of the community,

OSTEOPATHIC PHYSICIANS

Students Are Needed to Supply Demands in Various Sections—Opportunity Fine; Young Men and Women Seeking Field of Service.

WE NEED more students to make osteopathic physicians to supply more demands in various sections. High school certificates will admit you to most of our colleges. Some of them require pre-medical work or at least credits in chemistry, biology and physics of college grade before you can enter the regular four years' course. Many of our students are college trained, and a certain per cent have college degrees.

The colleges of osteopathy are located as follows:

The American School of Osteopathy, Kirksville, Missouri.

The A. T. Still College of Osteopathy and Surgery, also at Kirksville, Missouri.

The College of Osteopathic Physicians and Surgeons, Los Angeles, California.

The Chicago College of Osteopathy, Chicago, Illinois.

The Des Moines-Still College of Osteopathy, Des Moines, Iowa.

The Philadelphia College of Osteopathy, Philadelphia, Pennsylvania.

The Kansas City College of Osteopathy and Surgery, Kansas City, Missouri.

The Massachusetts College of Osteopathy, Boston, Massachusetts. Most professors are overcrowded, but from every state comes a call for more osteopathic physicians. Here is an inviting opportunity for some of our finest young men and women who seek a field of service—the greatest vocation, that of the family physician.

For catalogue address Dr. Anne Brekke, 506 U. S. Nat'l. Bk. Bldg., Salem, Oregon.

child labor, veterans' bonus, unemployment of labor, bankruptcy of farmers, etc. As delegate, I will help nominate ticket and write platform truly democratic."

William F. Woodward of Portland filed yesterday as a candidate for the republican nomination for representative in the legislature from the 18th representative district, Multnomah county.

His platform is: "If nominated and elected I will during my term of office strive to render faithful and intelligent service to our state and nation."

R. J. Carsner of Spray has filed

The best way for a girl to avoid being insulted by a stranger in a taxicab is not to climb into the cab with him.
