

**TROUSERS ARE WIDER THIS SEASON**

The illustrations above show the tendency toward wider trousers which is quite marked in this season's styles—not the trousers with an exaggerated flare of the sphenoidal "shelk" period, but straighter trousers, wider all the way down, which seem to add dignity and character to a man. The suit at the right shows a loose, easy fitting three button suit with buttons spaced wide apart—just as popular among college men as its four button counterpart. A great many young men look best in and will always demand a fitted coat which conforms to the body line. A typical two-button suit of this character is shown at the left—ones which shows the better style tendencies for spring.

**It's Spring at Bishop's**

Bishop's always leads the way when it comes to showing the new things—Right now we are showing the above styled suits—made by Hart Schaffner and Marx, Hirsh-Wickwire and other reliable makers in all the latest pearl grey mixes and dark patterns.

It's a pleasure to show you this Springs Clothing.

**OLDER BOYS TO MEET MAR. 28-30**

More Than 100 Youngsters From Outside of County Expected Here

Plans for the older boys' conference to be held here March 28-30 have been completed and preparations for the entertainment of more than 100 boys of Marion county living outside the city are being made. Registration will begin at 5 o'clock Friday afternoon and the conference will close Sunday noon. A banquet will be held at the Presbyterian church Friday night, with a cafeteria luncheon Saturday noon. All the boys will attend some church Sunday morning.

Two noted speakers have been obtained for the conference, Frank C. Moran of Seattle and Mrs. Jean Morris Ellis of Portland. Mr. Moran is president of the Moran school for boys at Rolling Bay, near Seattle, and is one of the two men selected from the Pacific coast as American delegates to the world conference of boys' workers held in Austria last year. He has been active in boys' work for the last 20 years. Robert Bishop of Salem is one of the boys attending his school. Mrs. Ellis is regarded as one of the foremost authorities on vocational guidance in the country and is considered an expert in her line. She is at present getting material in shape for a book upon this general subject.

Members of the Salem Hi-Y club who will have charge of the convention in general are Ivan White, chairman; Benoit McCroskey, Earl Pemberton and Mark Walderspell. Committees appointed at a recent meeting as follows: Banquet, Hugh Adams, chairman; entertainment, and registration, Otto Hamilton, chairman; publicity, Robert Clutch, chairman, and recreation, George Hester, chairman.

**Stores Cooperate in Oregon Products Display**

Stores of the city are cooperating with the Salem Woman's club in displaying Oregon products this week in connection with the all-Oregon products dinner to be given at the Salem Elks' lodge rooms at 6 o'clock tonight. Arrangements are being made to take care of a large attendance. A charge of 50 cents is being made to meet expenses as the women have no intention of staging the affair in order to raise money. Tickets have been placed on sale at Patton Brothers, Bishop's clothing store and the Capital drug store.

The dinner will be served promptly at 6 o'clock with the program beginning at 6:45 o'clock. This will be completed by 8 o'clock. Following is the program and menu for the affair:

- Program**  
 Toastmistress, Mrs. Seymour Jones, president of the Salem Woman's club.  
 "Why This Dinner".....Mrs. C. P. Bishop  
 "Club Co-operation".....Harley O. White

- Menu**  
 Baked Ham Ham Gravy  
 Mashed Potatoes  
 Cabbage Salad Escalloped Corn  
 Prune Confections  
 Ice Cream Cookies and Cakes  
 Parkerhouse Rolls Brown Bread  
 Coffee  
 Candy Cheese

**Progressive Platform Is Offered By Mr. Hawley**

Representative W. C. Hawley, who filed late Wednesday as a candidate for renomination at the republican primaries to the first district congressional seat, offers the following as his platform: "If nominated and elected I will, during my term of office, work diligently for further waterway improvement, relief for farmers, prompt construction of the Roosevelt highway, increased appropriation for roads and public improvements, continued development of naval base, tax reduction, extension of rural credit system on original policies, adjusted compensation, more adequate pensions, development of natural resources, extension area subject to state and local taxation, more homestead areas under improved conditions.

**Why Stay Fat? You Can Reduce**

The answer of most fat people is that it is too hard, too troublesome and too dangerous to force the weight down. Marmola Prescription Tablets overcome all these difficulties. They are absolutely harmless, entail no dieting or exercise, and have the added advantage of cheapness. A box is sold at one dollar by all druggists the world over, or send the price direct to the Marmola Co., 4612 Woodward Ave., Detroit, Mich. Now that you know this, you have no excuse for being fat, but can reduce steadily and easily without going through long diets of income exercise and starvation diet or fear of bad effects.—Adv.

**LIONISM SUBJECT OF JONES TALK**

Interesting Address Listened to By Local Club Thursday Noon

Lionism was the keynote of a heart-to-heart talk given to members of the Salem Lions' club on Thursday noon by Melvin Jones, international secretary, who is on a tour of the western portion of the country. Mr. Jones did not give an address, but talked informally to the club members. He stressed the point that while there are many clubs of various types, permanency is obtained only through affiliation with international organizations.

"The name Lions was selected after much discussion and investigation and because of its symbolism," Mr. Jones said. "For ages, in every land, the lion has stood as a symbol of strength and is universally known for its courage. The lion is also active and is rarely known to sit down. Even when it does lie down, it is always ready to spring. Fidelity was the deciding symbol and led to the adoption of the name for the organization. The lion selects his mate and is never known to take another. Fidelity means mere loyalty, not only to another person, but loyalty to principle, duty and trust."

That the code of ethics of the Lions club and the objects of the organization were among the finest in the world and had attracted the attention of the nation's greatest minds, was emphasized. Follow the code of ethics and it will be impossible to fail, Mr. Jones declared.

Mr. Jones said that through the large delegation attending the presentation of charters to clubs in Eugene and Cottage Grove at a joint meeting in Eugene Wednesday night, the Salem Lions had rendered a great service to the international organization and gave the city some enviable publicity. This section of the country needs more publicity through the east, he continued, saying that people there could not realize the total mileage of paved highways along the coast, particularly in Oregon. The fruit farms, sheep ranches, prosperous cities and vast timber and mineral resources of the state also greatly impressed the visitor. He urged that the Lions quartette be sent to the international convention, if for no other reason than to advertise Salem.

**Ililhee Country Club Match May Draw Crowd**

With favorable weather, it is expected that at least 100 people will visit the Ililhee Country club grounds Sunday to witness the deciding match in the club golf tournament to be played between G. P. Sharkey and Erel Kay, the survivors of the semi-finals last week.

Salem needs a good country club and golf links of which the city can be proud and show to visitors, according to Homer H. Smith, chairman of the membership committee, which is staging a campaign for more members. This campaign will not be continued later than May 1, and as long as it is on the membership fee has been reduced to \$25, one of the lowest fees on the coast. Dues amount to but \$2.20 a month, also a very low figure.

"Every business man in Salem should be a member of the country club," Mr. Smith said yesterday.

**Here's The Latest Thing In Clubs**

The women of Salem are displaying a great deal of interest in Pomeroy & Keene's Silverware Club which opened March 15th and closes March 22nd. "Club Plan" buying is something quite new to this locality. Pomeroy & Keene tells us that through this system they are able to interest many housewives in a complete equipment of Silverware, the well known brands of high-grade tableware, who otherwise would not see their way clear to invest in it.

The plan is simplicity itself. By paying a nominal membership fee and an extremely modest amount weekly thereafter, the women of Salem may at once acquire a complete tableware service or whatever pieces they may need to finish out their silverware equipment.

In this way, we are told, the housewife secures the silverware at exactly the same price she would pay if she were to pay the cash all at once. The real appeal of the "Club Plan" seems to lie in its extremely modest demands upon the family exchequer.

club," Mr. Smith said yesterday. "It is getting to be a very valuable adjunct to any city whether a man plays golf or not. New clubs are springing up all over the north-west. The Dalles, Hood River, Seaside, Albany, Corvallis, Eugene, Roseburg, Medford and Marshfield all have clubs similar to the one here. Medford is putting in municipal golf grounds and many new courses are being built in and around Portland. Every progressive city must maintain a good country club."

**Improvement Bonds Will Be Issued at Silverton**

SILVERTON, Ore., March 20 (Special to Statesman).—A special meeting of the city council was called Wednesday night by Mayor John Porter, for the purpose of considering ordinances and general business.

A bond ordinance for \$7,645.57, street improvement bonds, was introduced and read for the first time. This was adopted and the recorder was instructed to issue a call for bids for the bond issue. The bids are to be opened at 8 o'clock p.m., March 31.

The chairman of parks committee, C. J. Cooley, presented his report of the landscape gardener, from Oregon Agricultural college, relative to the laying out and beautifying of the park. He advocated building a fence along the north end of the park, planting native shrubs along the, making no driveway or paths, allowing no vehicles within the park, cutting out the small firs and most of the oak trees which obscures the hill in the background. The matter of installing a gate at the street entrance was also discussed favorably. No action was taken on the park report at this meeting.

A resolution for the improvement of Lewis street was introduced and adopted.

The recorder was also instructed to present a city map to the water commission.
