AN OREGON JERSEY MAKES BIG RECORD

Produces Over 950 Pounds Butterfat — Still Going Good

St. Mawes Blossom Rosaire 385800, owned by D. C. Howard of Beaverton, Or., has recently completed a very high register of merit record. In one year she produced 19061 pounds of milk and 959.23 pounds of butterfat, beginning test at 7 years and 2 months of age.

Blossom Rosaire has four other records including 12,927 pounds of milk, 676.04 pounds of fat as a junior 3-year-old. Beginning a test as a 5-year-old she made a record of 15,755 pounds of milk and 810.27 pounds of fat. On the first mentioned test Rosaire won a silver medal and on the second won a gold medal.

This cow's sire is Poppy's St. Mawes 115434, a gold medal Jersey bull with 21 daughters and eight sons in the register of merit, and her dam is Blossom's Rosaire 293724, with a silver medal record of 561 pounds fat at two years and 2 months of age.

Rosaire's Koffee 333871, has been awarded a medal of merit. This cow commenced her test at 8 years, 3 months of age and in one year produced 14,418 pounds of milk and 862.15 pounds of butterfat.

Her monthly production shows that she produced over 50 pounds of butterfat for 11 of the 12 months on test.

Her pedigree shows that she is a daughter of the famous gold and silver medal bull, Rosaire's Olga Lad 87.98, with 51 daughters and 14 sons in the register of merit. Her dam is St. Mawes Koffee Violet 220910, that has a record of 777 pounds of butterfat as a 9-year-old.

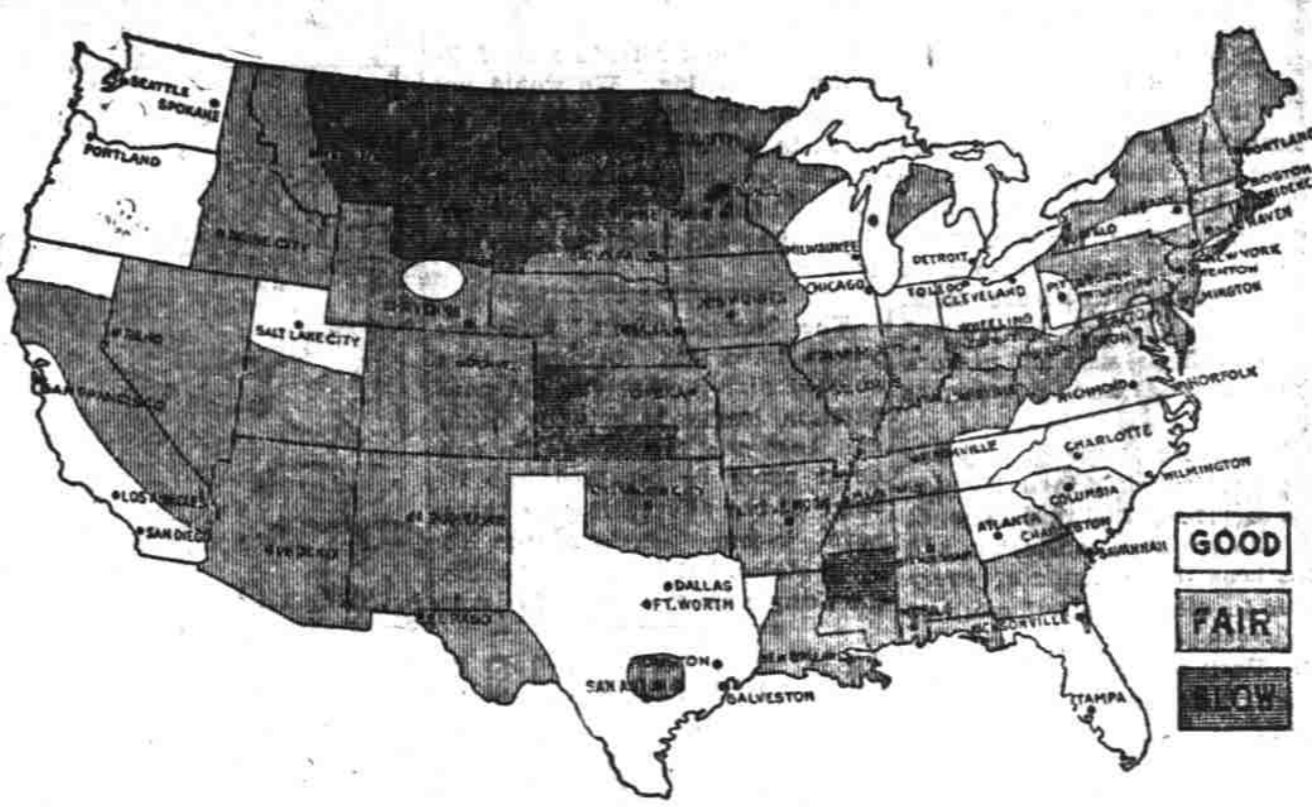

This cow is owned by Walter L. and Mabel K. Baker of Canby, Or.

That her production is in the blood is proven by the record made by a daughter of Rosaire's Koffee, Susy's St. Mawes Koffee 339371, also owned by the above mentioned breeders. She started test at 8 years, 3 months of age and in 342 days produced 12,619 pounds of milk and 720.84 pounds of fat. Koffee met the calving requirements and by producing over 700 pounds of butterfat in a year qualified for a gold medal.

December was the second and highest month of Koffee's lactation period, her production being 91.76 pounds of fat. She produced over 50 pounds of butterfat for eight consecutive months.

The sire of this cow is Susy's St. Mawes 135577, with 10 tested daughters. He in turn is a son of the gold medal bull, Poppy's St. Mawes.

American Jersey Cattle Club, March 12, 1924.

This map shows business conditions in every state in the Union as shown in the March number of The Nation's Business, the official publication of the Chamber of Commerce of the United States

PRICES RECOVER IN DAYS TRADING

High Priced Specialties Maintain Unusual Strength During Session

NEW YORK, March 21.—Stock prices showed signs of recovery in today's relatively quiet session, bear traders apparently suspending their campaign for lower prices after having uncovered a number of weak spots in the morning trading. The improved tone displayed by the market in the afternoon was generally attributed to short covering.

Strength of the high priced specialties was one of the features of the day.

While some of today's covering reported the usual week-end evening up of commitments, much of it was reported to have been inspired by the continuation of remarkable low money rates, call loans on the stock exchange getting as low as 2 1/2 per cent, the lowest official rate since the summer of 1918.

United States Steel common, Baldwin, Studabaker and American Can, the so-called pivotal stocks, showed small fractional net gains. Motors were firm on short covering. Atlantic refining was hammered down five points to 118, a new 1924 low, but the other oils showed a tendency to improve on reports of more favorable conditions in the oil industry.

Reports that the interstate commerce commission might not approve the proposed lease of the Norfolk & Western to the Pennsylvania sent the former stock down nearly four points. Most of the other rails were firm.

The further recovery of the French franc to a new 1924 high

CORN GAINS FAIL TO HOLD ON MARKET

around 5 1/2c, featured the foreign exchange market. Other rates showed a firm tone.

Call money opened at 3 per cent and then dropped to 2 1/2. Bids for 30-day time money were reduced to 4 per cent, but practically all of the business for short dates was done on a 4 1/4 to 4 1/2 per cent basis, six months loans commanding 4 1/4. Prime commercial paper was still on a 4 1/4 per cent basis.

CHICAGO, March 21.—Evidence of a more friendly feeling toward the buying side of the corn market became apparent in some quarters today but the resulting gains failed to hold, the close was steady at the same as yesterday's finish to 1/4c off, May 78 1/2 @ 1/4c with wheat unchanged to 1/2 @ 1/4c lower; May, \$1.04 1/2 to \$1.05, and July, \$1.00 1/4. Oats, unchanged to 1/4c down, and provisions ranging from 2c decline to a rise of 5 cents.

Firmness which prevailed in the corn market throughout the greater part of the day was based largely on reports showing widespread stormy weather and curtailment of receipts. Reported slowness of shipping demand here and in the southwest acted as a handicap on efforts to maintain the advance.

Wheat ruled easy on account of favorable crop conditions, especially in the southwest, and because of lack of export business. Delay to seeding gave relative firmness to oats.

Provisions were upheld by an advance of the hog market.

M'MINNVILLE SCORES RECORD

Another Oregon Jersey Cow Wins Medal of Merit Adding to Lost List

Miss Inez, 377204, a Jersey cow owned by W. A. Forrest, McMinnville, Or., has recently qualified for a medal of merit. Inez commenced her test at 7 years and 6 months of age, and completed with 18,917 pounds of milk and 952.82 pounds of fat to her credit. She carried her calf about seven months while on test.

Miss Inez has some remarkable records to her credit. On four different tests she has won medals of honor for herself and caretaker. As a junior 2-year-old Inez was tested and she won a silver medal with a production of 543 pounds of butterfat. As a junior 3-year-old she produced 705 pounds of fat. She was placed on test for the third time as a 5-year-old and came through for a gold medal on her production of 833 pounds.

Her sire is Inez's Oxford of Beechlands 121585, and her dam is Luta Bell's Queen 317087.

Paul, spent the first of last week with a friend near Albany.

Joe Cox and family of Salem have moved to the C. D. Query farm.

A dramatic club has been organized among the young women of the community. Gwendlyn Hallin is president, Dorothy Duncan vicepresident, and Lorena Zielke, secretary and treasurer. Meetings will be held every two weeks. The club will give a public program in the near future.

J. O. Walker, who has been sick for some time with influenza, is able to be about again.

EARLY GREEN PEAS APPEAR ON MARKET

Early green peas from California, have made an appearance on the local market. The price per pound is 30 cents at the present time. Artichokes are selling at 20 cents and are fairly plentiful. Parsnips at six pounds for a quarter of good quality and in demand with the housewives.

Beets in the bunch are selling at 10 cents a bunch. Garlic is available at 20 cents a pound.

Rhubarb of fine quality is selling at two pounds for 35 cents. This comes from California but it is expected that the Oregon product will be on the market within a short time.

Tomatoes from the far south are selling on the local market at 30 to 40 cents a pound.

A republic is a land in which the little taxpayer is hard-boiled and wishes to soak the big one.

DRIED FRUIT

NEW YORK, March 21.—Evaporated apples quiet; prunes irregular; apricots firm; peaches steady; raisins firm.

LANG RANGES STOVES

LIVESLEY

LIVESLEY, Ore., March 21.—The G. T. women's club met last Thursday at the home of Mrs. F. J. Lanson in Salem. The day was spent quilting. Luncheon was served at 1 o'clock by the hostess. Those present were: Mrs. Alice Coolidge, Mrs. Felora Holley, Mrs. C. D. Quasy, Mrs. S. Davenport, Mrs. J. B. Parker, Mrs. Harry Tracy, Mrs. H. B. Carpenter, Mrs. N. P. Kugel, Mrs. William Meier, and Mrs. C. Schwab.

Mrs. J. O. Walker was in Salem Thursday.

B. D. Fidler, who has been working in Salem is at home doing his spring farming.

Mr. N. Carpenter has been called to Portland to serve on the grand jury.

Mr. and Mrs. P. A. Henningsen were visitors with Rev. and Mrs. E. McAbee Sunday afternoon.

The farmers are taking advantage of the weather to get their spring plowing done.

Mrs. H. B. Carpenter and son.

SALEM MARKETS

Green peas, at 30 cents a pound, appeared on the local market yesterday and arrived in time for the housewife to arrange for something special for Sunday's dinner. These, like a majority of the early garden vegetables and fruits, were from California. The pods were large and well filled.

Many varieties of fish are being offered and there is a wide range in making a selection.
