Theme 108  
GIFT

My mother gave me gray eyes,  
That all my life might hold  
The beauty of the wakeful earth,  
Clear rain and jonquil gold.  
Her eyes my mother gave me,  
Gray eyes quite like her own;  
But think what thoughts that light  
her eyes.  
In mine have never shone!

I've wondered every year in spring  
How long it still must be  
Till I who have, they say, her eyes  
Shall seem through them as she.

Man of 74 Made Young in Three Weeks By Simple Method

Former Kansas Contractor Tells of Wonderful Results From Testing Korex Compound

Thomas J. Glascock, 74, well-known old time Kansas contractor, declares he has virtually been made young again by the recently discovered korex compound, which by many users is pronounced superior to "gland treatments," as an invigorator and revitalizer. "I feel like I did at 35," says Mr. Glascock, "and seem to be fighting stronger every day. During my three weeks' use of the new discovery, pains and weakness disappeared almost magically. To day I am as vigorous and supple as I was in the prime of life. Furthermore, when I began using the compound, my memory was virtually gone and I was almost blind. Now my mind is clear and active and I can read the finest print without difficulty."

Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering: "Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth . . . ." "The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."

The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and

WRIGLEY'S after every meal

will do it. Also it will aid digestion and furnish welcome refreshment to mouth and throat. Sealed in its purity package, bringing all its original goodness and flavor to you.
