**Dr. Harris I. Folk and Dr. Paul G. Stapan, 1484 State St., Salem, Oregon, are Chiropractic doctors.**

The Abrams method of Electronic Diagnosis and Treatment is not taught Chiropractic doctors by Dr. Abrams or any of his colleges. These doctors, at 1484 State street, have removed the words Abrams' Method from their sign, but instead use the E. R. A. on their sign and advertisement. This is misleading and has caused persons to start treatment with them, thinking they were receiving the real Abrams treatment. The letters E. R. A. with periods after them, stands for Electronic Resonance of Abrams. While these doctors, who use the imitation machine, use the E. R. A., without the periods, this is misleading and has caused persons to be misled and to take their treatment. For facts address

Says Korex Did More Than Everything Else Tried In 5 Years.

"For five years I suffered from gland troubles," says Mr. J. Johnson of Dundee, Mississippi, "and could not get much relief although I underwent three X-Ray examinations. Then I tried korex compound and it did me more good than all the treatments I had tried in the 5 years. I cannot say too much in praise of it. Although I am now 50 years old, I feel I am only 25."

Many remarkable restorations to vigorous health and normal activity are being credited to korex compound almost daily by enthusiastic users. Sufferers from weakness after the flu, low vitality, lack of appetite, aching muscles, glandular inactivity, and premature old age, will be interested in learning that the American distributors of korex compound, the Melton Laboratories, 546 Melton Building, Kansas City, Mo., have arranged for korex compound to be sold in Capital Drug Store, at 405 State St., Salem, Ore.
