"H. M. S. Pinafore," or "The Lass That Loved a Sailor," Gilbert & Sullivan's opera-comedy, will be delightfully presented this evening in the high school auditorium under the direction of Miss Lena Belle Tartar. Sixty especially suited voices will participate. Miss Mary McCrone and Miss Helen Marcus, both of whom won honors in the recent musical competition at Forest Grove, will take leading parts. Ronald Craven, Charles Anderson, Peter Foeleke, Gene Parmentier and William Sippell will also take leads. Ronald Craven, Charles Anderson, Manning Bros., as well as Miss McCrone and Miss Marcus, all won state-wide recognition, receiving trophies at the musical tournament mentioned above.

The costumes arrived from Seattle in time for the dress rehearsal Wednesday evening. An evening of delight is assured. Miss Olla Clark is serving as faculty manager. Mark Walden is student manager. Raymond Bonestele will have charge of the stage. Clifford Goode and Collis Marsters are in charge of electric equipment and properties.

Governor Issues Further Proclamation Against Foot and Mouth Disease

Governor Pierce yesterday issued another proclamation adding to the quarantine previously declared against the foot and mouth disease that is proving so disastrous to California livestock. Reports continue to reach here of the widespread ravages of the disease. John Graber, a Salem man, was touring California when the quarantine was established and when he returned was forced to leave his dog there. Also he was compelled

to run his automobile through a disinfectant and he himself was required to walk on a sterilizing mat before he could again enter the car.

The governor's latest proclamation requires that all nursery or greenhouse products may be shipped from California into Oregon, "provided that they shall not be packed in or with any material other than new clean paper or new excelsior, and provided further that such shipments are accompanied by an official certificate issued by the U. S. department of agriculture of California certifying that they originate and are shipped from premises free of foot and mouth disease."

Another requirement is pasteurization or sterilization of dairy produce before it may be shipped into Oregon.

A further requirement is that emigrant movables shall not be shipped from California into Oregon unless accompanied by a federal or state certificate certifying that they have been properly cleaned and disinfected.
