LOCAL GARDENERS PROFIT FROM BAN

Home Grown Products Be-
coming Increasing Popu-
lar With Housewives

Home grown vegetables are fairly plentiful in the local markets. The head lettuce available is not of such quality as might otherwise be expected if it were not for the California embargo on food products. The embargo has given a new impetus of the local gardener and many of the usually less wanted vegetables are more popular now. The citrus fruits are available in good quality and quantity. Florida grape fruit are of fine quality

just now and reasonable in price. The asparagus from Woodburn is the best grade now available in the local markets and other green goods coming from nearby districts are making the southern embargo less of a handicap to the housewife than it might otherwise have proved to be. The seasonal vegetables include asparagus, lettuce, leaf and some head varieties, spinach, radishes, green onions, with beets, carrots and other root varieties coming on each day in increasing quantities. Chinook salmon is now selling for 35 cents a pound but it is expected that after the commercial fishing season opens this will be reduced to perhaps 20 cents a pound. Any captain of finances who permits his business to ebb between him and his golf is hardly worth listening to.

Mistland Trade Name Is Continued for Products

Mistland brand has been adopted by the new Oregon Growers Cooperative Prune association in spite of efforts to do away with the name. The board of directors voted to assign the name to the new organization products for a consideration of \$1. In addition Robert C. Paulus has been given permission to use the label on canned goods until the present stock of such labels is exhausted. After the label stock is used up the use of the name in this way will be discontinued.

The board of directors of the Oregon Growers, at a recent meeting, turned down an offer to purchase property in the vicinity of D street and Fourteenth. The property was acquired last year for a cannery site. Owing to its proximity to the Southern Pacific tracks it is an ideal site.

MERIT RANK OF YEOMEN COMING

Salem to Welcome Oregon Realm of Rhadamanthus —Program Prepared

Salem will welcome the Oregon realm of Rhadamanthus, merit rank of the Yeomen, May 24, according to the program announcement which is being sent to all members of the organization. All neophytes are requested to wear their fez and all Yeomen, whether in Salem or out, are asked to register at the armory upon their arrival. Yeomen will report at Court and Cottage at 7:30 o'clock in order to participate in the big parade.

The program will open at 1 o'clock when a field workers' meeting will be held. Following this the visiting members of the organization will be escorted over the city and through the state institutions. Regular Yeoman employed work by the Salem degree staff and guard team will be held between 3:30 o'clock and 5:30 o'clock, followed by a banquet at the Gray Bella. The parade will be staged at 7:30 o'clock after which the Rhadamanthus degree will be given. Dancing is scheduled from 10 o'clock until midnight.

Those participating in the organization work are Joe Allen, Rhadamanthus; L. B. Kent, Minnow; Walter Fry, Eacus; Cas Canon, Pluta; L. R. Jamison, Veno; Knute Peterson, Vidi; Alf Bollich, Vic; Maud Kent, Medea; E. Earl, Felke, Vulcan; John Bollab, Cyclops; G. R. Carlisle, Antheus; Jack Seeley, Corderus; Bert McCullum, Charon, and C. S. Foulton, Malebago.

C. E. Albin, 756 Cottage, is chairman of general arrangement committees, with the following registration: Mrs. Estella Tracy, chairman; Mrs. Harriet Potwin, Mrs. Mary Moss, Mrs. Bernice Johnson and Mrs. Mae Albin.

Publicity—A. L. Bones, Turner; chairman; C. B. McCarthy, Waldo Miller, Mrs. Lucile Biber and Mrs. Juanita Mapes.

Party Punch for Fifty Persons

2 pounds sugar
1 quart water
2 quarts freshly made tea
1 cup lemon juice
10 cups orange juice
2 cups crushed pineapple
1 bottle maraschino cherries and their juice
6 sliced oranges
2 bottles ginger ale
8 cups iced water, plain or charged.

Make a syrup by boiling sugar and water together for five minutes. Add the tea, and cool. Add chilled fruit juices and crushed fruit. Orange slices should be cut into small pieces. Cherries may be cut up if desired. Pour mixture over block of ice in punch bowl. If lemons are very sour, additional syrup may be needed, though care should be taken to avoid getting punch too sweet, as it would be less refreshing. Indeed, for a dance, a plain orangeade, trimmed up a bit with maraschino cherries, is preferred by many hostesses, as being most refreshing and cooling for the guests.

All Frozen Logans Will Be Cleaned Up Shortly

All of the frozen loganberries sent east last summer to be sold by H. H. Haynes may be cleaned up in a short time, as it is understood here that Haynes has offered to pay 2 1/2 cents a pound for the berries in the second pool and to take care of all expenses. The offer has not yet been accepted. Under the arrangement made with the growers, the first pooled car was to net them 2 1/2 cents a pound out of the first money received regardless of expenses. While it is probable they may not receive this amount it is said barely possible they may receive a little more than the 1 1/2 cents a pound already paid.

Frost Damage Felt Here In Berries and Walnuts

Material damage has been dealt strawberries, walnuts and a number of fruits in the Salem district by the frosts of this week. The greatest damage was reported from the Kaiser bottoms, where it is estimated that 50 per cent of the strawberry crop has been hit. Marshalls and Oregons are said to have felt the frost the most, as these were well along toward full bloom. As the Wilsons and 121's were not out in bloom, it is believed they escaped the frost.

An estimate of 50 per cent damage to the prunes at the Stolts orchard has been made by Knight Peary, local orchardist. Before the total damage can be estimated the area affected must be known. In some sections the new blackcap shoots were nipped. As far as can be learned the peaches were not damaged, as they were too far advanced.

ENTERS RACE FOR SUPT.

The many friends throughout the county are more than pleased to announce that Prof. O. V. White, principal of the Stayton schools, has consented to enter the race for the office of county superintendent of schools.

Mr. White has been asked by his many republican friends to become a candidate and it was after a thorough survey of the possibilities that Mr. White consented to enter the race.

Mr. White's slogan says: "The schools' highest interests will be my best and uppermost interests," and his platform is as follows: "I will stand for the best interests of the public schools of the county and to the best of my ability see to it that the schools shall serve the highest interests of the several communities of the county."

Mr. White was formerly on the faculty of the Albany college, is recognized as one of the leading educators of the state, and if elected would be a valuable addition to the educational part of the county.—Aumsville Star.

An educated man is one who can tell the difference between convictions and sore spots.

ROTH'S

"Fresh Groceries and Meats"

Fresh Meat Department

For a long time we have had it in mind to put our store in a position to fill all the wants of a household in the line of foods. We studied the grocery and market conditions in the various large cities on the Pacific Coast from Los Angeles to Seattle and found the progressive grocer in adding the meat department as a matter of greater service and accommodation to his patrons. It is more convenient for the customer to purchase all her groceries and meats on one order, have them all delivered at one time and all charged in one account.

In keeping with the rest of our business which has been selling the best only, our meats will be up to the same standard. U. S. Government inspected meats will always be featured. Our market is the latest in design and construction with the idea of absolute sanitation. We will be glad to have visitors call and look us over. A few specials for Saturdays:
