## How to Guard Against Appendicitis

The best way to guard against appendicitis is to flush both upper and lower bowel once a week with simple glycerine, buckthorn bark, etc., as mixed in Adlerika. Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all poisons. Helps any case gas on stomach in TEN minutes. Excellent for obstinate constipation. J. C. Perry, Druggist, 115 S. Commercial St.—Adv.

**Mayor is Thirteenth**—Mayor John B. Giesy cannot help but comment upon the place he drew on the ballot, for after No. 13 is his name. Mayor Giesy is not superstitious, however, and believes he may be able to overcome the handicap.

**Sign-up is Postponed**—Growers in the Umpqua district are not attempting to sign up for the new Oregon Growers Cooperative Prune association, according to M. J. Newhouse, general manager, who has returned from Douglas county, where meetings were held last week. While a majority of the growers are in favor of cooperative marketing, there is a difference in sentiment as to the plan to be pursued and the conditions are not yet ripe for a sign-up, he said. Bankers expect to call a meeting there in a short time to go over the situation from every angle.

**Teaching Patrol Leading**—Instructions in patrol leading were started last night by the Wilamette council of the Boy Scouts of America. Chemawa and Silverton received instructions last night, with Albany scheduled for tonight. Dallas and Monmouth Wednesday; Corvallis Thursday; Salem, Gervais and Aurora Saturday night. Latest methods of leadership training will be given to the boy patrol leaders of all the troops. The school is being conducted under the direction of Scout Executives K. L. Haga and Howard Zinsler.

**Many at Bible Class**—The John J. Evans Bible class for men at the Bligh theater Sunday morning brought out 150 men, a large number of whom are attending their first class. Agnew Demarest sang and spoke briefly. Special music by the class was enjoyed. Chester Lee presided as platform man.

## BITS FOR BREAKFAST

**Yelling for rain**—Some of our farmers are yelling for it. They will likely get their wish. But most crops could stand a good deal of sunshine yet without suffering.

It is a pity, so much destruction of timber by forest fires, and so early in the season.

Editor Frank Irvine would not injure the good name of the state industrial school for boys if he realized how good it really is. See editorial columns. In a company of 2460 boys, all supposed to be "bad boys," 36 hard-boiled ones is not a poor record. And some of the hard-boiled ones have turned out all right. They are men now.

England's foremost mental expert says no person in the world is entirely sane. This will afford a convenient alibi to cover the lapses of all of us.

Optometrists assert that there are more than 25,000,000 people in America who are suffering from defective vision. A man in a Salem barber shop says he didn't know there were that many democrats in the world.

Speaking of harmonies, there are a lot of men in the world who cannot get hats to match their heads. A Salem clothing man says that even the idea of soft hats for soft heads doesn't work out in all cases.

Citizens of Mexico are supposed to make income tax returns every month, but lots of them escape by cutting out the income.

We have the word of John McGraw that this will be the greatest baseball year the game has known. Possibly that will be for a congressional investigation to determine. The solons may want to know where Babe Ruth keeps his home runs.

## Republicans Urged to Name Cadle for Sheriff

The Republicans of Polk county have a chance to make an unusually good selection for sheriff if they nominate A. R. Cadle who is asking for the nomination. Mr. Cadle is experienced as a business man. He is a successful farmer

A. R. CADLE

and understands the people of his county to a marked degree. He was born and raised on a farm, educated at Marysville, Tenn. He came to Oregon in 1905 and located on a farm near Rickreall which he still occupies. In 1911 he was instructor of the YMCA automobile school at Portland, holding the position for two years. From 1914 to 1921 he carried on a mercantile establishment in Rickreall together with his farm business. He was active in war work and headed a number of drives. He has always been a progressive citizen, alert to the needs of the people and in sympathy with them. He is a member of the Evangelical church at Rickreall and the Masonic lodge at the same place and the Masonic order at Dallas. He has always taken a large interest in education, being responsible for a number of school laws which he fostered. He is a member of the school board of this community and has always taken a deep interest in educational work. He has devoted much time to the public welfare, and no man in Polk county has a better record. The nomination of Mr. Cadle followed by his election will mean an economical law enforcement policy in his county.

zer refused to put the slogan on because, he said, the law does not contemplate slogans for presidential and vice presidential candidates. Shepard brought mandamus proceedings and Koser demurred. After an argument yesterday the court upheld the demurrer on grounds that if the writ were granted much confusion would be caused since some of the ballots are already printed. Shepard's slogan that he submitted was "A world court; American merchant marine; deep water to the sea."

## PERSONALS

## Lady Expert COMING To Help RUPTURED WOMEN

### DEMONSTRATES RICE METHOD FREE TO ALL

Mrs. F. E. Williams, representing William S. Rice, Adams, N. Y., inventor of the famous Rice (Non-Surgical) Method for Rupture will be at the Marion Hotel, Salem, Ore., Tuesday, April 29, and at Albany Hotel, Albany, Ore., Thursday, May 1, to demonstrate a new special corset attachment that holds any rupture no matter how large. Even if the abdomen is very fleshy, it holds any rupture with ease, comfort and security.

Every woman who has been compelled to wear an ordinary truss or abdominal support knows the agonizing, cutting and burning chafing caused by narrow bands. The weight of the abdomen, the pressure necessary in holding the ruptured support in place, and the pressure in some cases very great, causing unbearable suffering. The special, broad supporting, corset back distributes the pressure so as to do away with all cutting and chafing. There are thousands of women who are in perfect misery because they cannot find anything that will hold their rupture and the abdomen at the same time. The special planee usually worn are too tight, bulky, chafing and irritating. But this wonderful Combined Corset Back Support is light, flexible, durable and cool and fits the figure like a glove. It gives you a sense of absolute comfort, and protection while you are resting. It is greatly improving abdominal conditions.

Trusses in common use are not adapted to women and often do great harm. Women therefore, suffer more and are in greater danger from rupture than men, and all women, who have ruptures or who wear an abdominal support, usually worn, should not fail to call and see this wonderful Combined Corset Back Support. No description or illustration can fully convey the remarkable utility of this splendid Support. It must be seen; it must be put on to convince any woman that it was designed for her. Mrs. Williams takes a large woman just as she is, all out of shape and unattractive and by this remarkable Corset Support gives her a natural, neat, trim figure.

She will also give full instructions on how to handle and care for any rupture, large or small. She will show how to hold any kind of rupture from the simple groin and femoral to the large and difficult Naval and after Operation Ruptures, without chafing or squeezing, also how to wear the corset correctly.

Don't let this great opportunity get away from you. Don't continue to suffer the burden of rupture and truss wearing when it is so entirely unnecessary. Your call on this Lady Expert is sure to prove one of the best things you ever did. She will be there only two days, then your opportunity will be gone. The fitting and demonstration are free. It don't cost you a penny to learn all about the Rice Method, and the wonderful opportunity for help it offers in your case. After demonstration you can purchase the Outfit required if you wish. Call any time from 9 to 12 a. m., 2 to 5 p. m., or 7 to 9 evenings. Just ask at the hotel desk for the Rice Representative and she will do the rest. W. S. RICE, Inc., Adams, N. Y.

## Gum Chewing Aids the Teeth

You have the authority of doctors and dentists for this statement. Your own experience will prove it, if you will use WRIGLEY'S after every meal.

The following quotations from a recent work on teeth and health are worth remembering:

"Dentists have found that the exercise of gum chewing brings about a better nutrition of the teeth."  
"The cleansing action of the gum between the teeth helps to keep them free from the particles which lodge in the crevices and cause decay."  
The busy man—or woman either—rarely has time to clean the teeth after eating. Yet they should be cleaned, and
