A Better Oil Even if It Does Cost Less
More and more motorists are learning this—as proved by the fact that Zerolene sales have increased seven-fold in seven years.

Highway Commission Inds the Facts
For example, the engines of the California State Highway Commission reported, after exhaustive tests, that the State would get fully as good lubrication by buying western oil for its fleet of motor trucks and automobiles.

Zerolene, a western oil, is not merely as good—it is definitely better. It deposits less carbon, increases the gasoline mileage of your car, and lengthens its working life.
