

HOSPITALITY IS HELD BIG ASSET

Wealth Alone Not of Much Value to Community, Says Edmund Arras

Hospitality and cordiality are a community's greatest assets in the opinion of Edmund F. Arras, international president of the Kiwanis clubs and prominent civic worker of Columbus, Ohio, who spoke at the Chamber of Commerce luncheon Monday.

Service clubs are generally misnamed luncheon clubs, Mr. Arras said. It is not the number of members that counts, but the amount of service rendered. He paid tribute to the Rotary club, a pioneer in this kind of work, but held that there was plenty of room for all others.

One of the most important problems of today is that of the farmer, Mr. Arras said. "He needs compensation for labor and not for marketing his produce alone. The farmer pays for labor on the basis of supply and demand and not on a basis of a living wage and a saving wage as is paid to the city worker."

In touching upon the Chamber of Commerce as a community asset, the speaker described it as the mouthpiece for the commercial and business interests of a city and said it must be the agency through which a community is developed.

Mr. Arras is accompanied by his wife and has toured 47,000 miles since last August. The return trip is being made by way of British Columbia, across Canada to Nova Scotia, and back to Denver, for the international convention.

Dr. H. E. Morris, president of the Salem Kiwanis club, presided as chairman of the day and introduced the speaker.

THEATERS—MOVIES

Tom Moore, featured in "Pawnee," which is to be presented at the Liberty for a two day engagement beginning today has long enjoyed great popularity among motion picture fans.

Saves Wife With Glycerine Mixture

A merchant whose wife had catarrh of the stomach finally gave her simple buckthorn bark, glycerine, etc., as mixed in Adlerika. ONE bottle did wonders because Adlerika acts on BOTH upper and lower bowel and brings out all poisons!

THE FARMERS AND HOME OWNERS MUST BE PROTECTED.

BEN F. WEST Candidate for County Assessor.

He served you well once and can serve you better now. If nominated and elected he will give the farmers and home-owners the lowest possible valuations and will place the valuations on those that make the money. Vote for him in the primaries and he will do the rest.

Gay Lord Quez, "City of Comrades," "Tobac Bow," "Duds," "The Great Accident," "Stop Thief," "Hold Your Horses," "Made in Heaven."

In this list of pictures will be noticed a number of big and expensive stage successes which were purchased for Mr. Moore with full confidence that he would do them well. "Hold Your Horses," the famous White Wings feature comedy, is listed as one of the best things of its kind which has ever been done on the screen.

Guard Will Go to Camp in Spick and Span Order

Adjutant General George A. White yesterday issued an order to the national guard commanders of the state that will cause their companies to be spick and span when they go to encampment this summer.

New Income Tax Bill is Filed With Mr. Kozer

The State Grange by Dr. A. Slaughter, yesterday filed with the secretary of state an initiative bill for a new state income tax, to supplant the present act and to be voted on at the general November election.

Francis Jones, Director General of Federal Employment Bureau Says Salem Bureau Permanent

That the employment office conducted through the cooperation of the YMCA and the United States federal employment bureau would be made permanent was the message brought to Salem yesterday by Francis I. Jones, director general of the United States labor bureau.

Some say call it Salem Junior High. Look down the list in your phone directory and see how many firms are using this name. Some say it was Hal Patton who suggested the name Parrish. Mr. Patton is an old and highly respected citizen of Salem and personally knew Mr. Parrish and who he was and what he did and Mr. Patton's suggestion should have it's bearing.

That the employment office conducted through the cooperation of the YMCA and the United States federal employment bureau would be made permanent was the message brought to Salem yesterday by Francis I. Jones, director general of the United States labor bureau.

Mr. Jones is touring the country in the interests of the farm bureau movement and was prevailed upon to spend a few hours in Salem by C. A. Kells, managing secretary of the local YMCA.

and I am not financially able to buy space, but it appeared to me, Mr. Glover, the right way to handle these questions is to meet them in open debate.

Since Mr. Hawley says in his platform that he has "no interest to serve but the public interest," I suggest we debate the question.

vel on the same side of the highway with the approaching machines. This is particularly true at night when I am aware that the auto driver is least able to play safe.

While the pedestrian has just as much right to the highway as does the autoist yet too many, for their own safety, demand every inch they feel is due them.
