Error in Picnic Date
Owing to an inadvertent error in the Thursday morning Statesman for the annual Marion county Sunday school picnic was given as June 31. This was an error in type setting overlooked by the proof reader. The picnic will be held on June 21. The date was changed from June 14 to June 21 at a meeting of Sunday school workers held at Kimball college Wednesday night.

County Aid Doubtful
According to J. T. Hunt, county commissioner, the new park drainage project has little chance of obtaining any money for perfecting a preliminary survey of the district. It has been estimated that approximately \$750 would be needed for this work, the amount to be borne equally by the city, county and state, as each has land and holdings in this district. The city council voted to furnish its quota of \$250, while the board of control has indicated that if a way can be found to obtain the money it would cooperate.

Daniel Files Report
The report of Antal Daniel, executor of the estate of Martin Kohn, has been approved by Judge W. H. Downing, and filed in the county clerk's office. The estate has property valued at about \$5000.

Bond Ordered Reduced
Bond of Annette L. Miller, guardian of Henry J. Miller, has been reduced from \$10,000 to \$5000 upon order of County Judge W. H. Downing.

Only One Is Fined
Only one violator of the city traffic ordinances appeared before Marten Poulsen, police judge, Thursday. This was Leon O. Jensen, 312 North Winter, who was fined \$5 for driving on the west side of Twelfth street. He was arrested by Officer Sproed.

Chorus Meets Tonight

The Salem Boys' chorus will meet at the YMCA for regular rehearsals tonight and to practice songs for the big home concert on May 20. In order to get as many boys interested in the musical organization as possible, Dr. H. C. Epley, director, is offering a special bargain tonight only, when boys may join for 10 cents instead of the former charge of 50 cents. This money goes for new music.

Memorial Drive Progressing

Committees in charge of raising the \$2000 quota assigned to Salem for the erection of a memorial on the court house lawn to ex-service men who gave their lives during the world war were busy soliciting Thursday and will continue the work today. The committees made no report of their work, but it is understood they are meeting with a generous response. Only vague reports from the territory outside of Salem have been received by Mrs. John A. Carson, president of the War Mothers, and it is probable it will be Monday before the final returns are known. The monument will cost \$4000, of which Salem is to raise one-half and the remainder by other communities in the county.

Meat Market Reopened

A. C. Schirmer is reopening the meat market at 111 South Commercial street, formerly owned by J. B. Graettinger. The shop has been closed for some time while interior improvements to the extent of \$2500 have been made. These improvements include a new sanitary refrigeration system, and the market will handle nothing but government inspected meats. Mr. Schirmer is an old-time Marion county resident, but for a number of years was a deputy sheriff in Multnomah county.

YMCA Camp Date Set

J. E. Yount of Portland spent Thursday in the city conferring with Edwin Socolofsky, Marion county YMCA secretary, and R. R. Boardman, physical director of the YMCA, and making plans for the state Pioneer and boys' camp to be held near Tillamook for two weeks beginning July 29. Nearly 60 boys attended the camp last year and a greater number are expected to be present this summer.

The camp is conducted by the state department of the YMCA, with which the Salem and Marion county YMCA's are cooperating.

BITS FOR BREAKFAST

To the politicians—

Remember that we must all live together after the primaries—

So cut out the bitterness and avoid the campaign lies.

The growers are still up with the state flax plant in the matter of seed. But probably today and tomorrow there will be enough for all comers, or nearly enough, and all the planting can be finished by the 15th. That is as early as the last flax is now nearly knee high, and coming fine.

Some of the troubles of the politicians will be aired in the coming campaign—by radio.

Hiram got badly bluffed in his own home state. The American people are tired of sound and fury.

The fruit industry of the Salem district will not be complete till it gets a sugar factory here. Then a glass factory.

Speaking of graft, we are told of a surgeon who grafted new eyelids and lashes on a man who was injured in an explosion. He used the skin from the patient's arm in the operation. Here was grafting right in front of one's eyes.

It takes 2,500,000 tons of coal to blow the whistles on the American locomotives every year. Why not cut out the whistles and save a pile of money?

Immigration bars won't prevent proletarian revolution in America, predict Bolsheviks. Might let the gentleman in to see if he can find a proletarian in this country. If one can be discovered, no doubt he can get a police permit to revolve. He might even go into vaudeville.

They moved an eight-story building in Chicago without mussing up the place a bit. While the structure was being rolled to its new moorings the elevators were running and the water, gas and electric connections were as usual.

They must have taken the cellar and the sewer right along with the building. But modern achievement can move almost anything without much spurge about it. Our engineers could balance the pyramids of Egypt on the tower of the Woolworth Building if the inducement were sufficient.

The speaker urged the establishment of valuation of property acquired prior to March 1, 1913, when the federal law went into effect. Revenue expenditures may be deducted each year, but capital expenditures at the time of sale only, he said.

The association heartily endorsed the speaker's proposal.

Although it was requested to do so in a letter from a prominent attorney, the ex-service men's state aid commission, known as the state bonus commission, will not recommend leniency for H. J. Overturf, O. B. Hardy and F. N. Wallace, who recently were found guilty of fraud in the federal court in Portland in connection with their work as appraisers in Deschutes county under the bonus commission. Members of the commission met here yesterday, but would not give out the name of the attorney from whom the letter was received.

Colonel Harvey isn't selecting Presidents for any other party just now.

H. L. Gunderson and Cleo Vinyard, Married—Interpreter Assists

An unusual event, simple but impressive took place at the school for the deaf last night at 8 o'clock. Henry Louis Gunderson, formerly of Portland, Minn., but for the past four years a resident of Silverton, and Miss Cleo Vinyard of Younella, Or., were united in wedlock by Rev. George Henrikson of Silverton, with Superintendent O. L. McIntire acting as interpreter.

The school chapel was beautifully decorated, under the direction of Misses Bertha Thomas, Vanda York and Lois Valentine, suitable to the occasion. A large white arch with a bell in color, dotted with flowers, was set up on the platform.

The bridal party was led by little Helen Christensen as flower girl, followed by Master Robert Lindstrom, carrying the ring in a lily. Miss Alice Campbell, a pupil of the school and a close friend of the bride, acted as bridesmaid and Mamie Werner, a teacher at the school and who has known the bridegroom for many

years, was maid of honor.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark and glossy.

SMALL CROP PROSPECT

WASHINGTON, May 9.—The small crop of winter wheat since 1917 was forecast today by the department of agriculture. The production indicated as calculated from May 1 conditions, is 553,012,000 bushels, or 15 bushels an acre. This is 19,327,000 bushels less than produced last year. The rye crop, forecast at 61,739,000 bushels also is smaller than last year's 12,840,000 bushels.

YMCAs Building Drive Launched Next October

October was decided upon as the month for the \$200,000 building campaign at the regular meeting of the board of directors of the YMCA Thursday noon. The drive will last for one week only, and will probably be held the latter part of the month.

John A. Goodell of Los Angeles, representative of the national financial bureau of the YMCA for the Pacific coast states, was in Salem yesterday conferring with C. A. Kells, general secretary. He was highly pleased with the location for the new building on Court street, between Church and High, and just west of the Court apartments. Mr. Goodell will return to Salem three weeks prior to the campaign and will have entire charge. Mr. Goodell has conducted numerous campaigns with success.

About 200 people witnessed the ceremony. Relatives on both sides of the bridal couple were present. This was the first marriage performed at the school for the dead.

Mr. and Mrs. Gunderson will probably spend their honeymoon in Eastern Oregon in the near future. At present they are at their home in Silverton.
