TRAFFIC JAM RESULTS FROM RAIL STRIKE

Thirty Persons Die From Gas in Pittsburgh Tunnel Closed By Congestion

PITTSBURGH, Pa., May 10. -

Mayor William A. Magee late today made a formal demand upon the Pittsburgh Railways company to restore street car service at the earliest possible moment with whatever forces are available. The demand which followed a strike at midnight last night of 3200 motormen and conductors was answered by the company's announcement that an effort would be made on Monday to re-

store service with 500 men from

cutside cities. Service was com-

pletely suspended today. Mayor Magee informed the company that the city was prepared to furnish the necessary police protection. The city council; meeting in special session later in the day, passed an emergency ordinance which created a fund of \$25,000 for the purchase of tear gas equipment, riot guns and other material.

The worst traffic jam in the history of Pittsburgh resulted from the strike. As a result of the traffic jam in the new Liberty tunnel thirty persons were over- B. Shawe of Corvallia, come by carbon monoxide gas, thrown off by automobiles and the tunnels were closed temporarily to traffic.
