**FRESHMEN WIN CLASS TITLE**

Interclass Baseball Championship Captured By First Year Men

Taking advantage of a pair of fumbles and a neat hit in the fourth inning the Willamette Frosh nine brought in two winning runs and captured the interclass baseball title yesterday, defeating the sophomore team by a 4 to 2 count. In the consolation game for third place played before the championship mix, the seniors took a 3 to 0 lead over the juniors at the end of the third inning and called it a day, the junior nine falling to the cellar position.

Herman and De Sart pitched for the winning frosh team with Moore behind the bat. The two lone soph tallies came in the third inning when Robertson and Chapman brought in the counts. Hansen pitched for the sophomores and was replaced by Mootry in the fourth inning. The game furnished real excitement with neither team scoring a run in the first two innings. In the third, both teams chalked two runs.

The seniors didn't give the junior outfit a lookin'. Patton and Regels composed the senior battery until the third inning when McKinney took the mound. **WAYNE BARHAM TO GET BENEFIT**

Proceeds of Ball Game on June 11 Will Go to Injured Pitcher

A big benefit ball game between best ball players in Salem and the Senators will be staged at Oxford park Wednesday, June 11. All the proceeds will go to Wayne Barham, the Senators' star pitcher who recently broke his leg while working on the Unitarian church.

At a meeting of the managers of the Twilight league yesterday the proposal by Dr. Barrick was greeted with loud raps. Every representative voted unanimously to see that every player backed up this splendid cause. Barham is one of the most unselfish ball stars that ever donned a Salem uniform. He has repeatedly turned down seven offers of double the salary he is now getting just to keep his word with the Salem Senators. Manager Biddle Bishop says "He is one of the best and most loyal players I've ever associated with."

Every Senator fan will be more than pleased to see this game and back it up to the best of his ability. His being out of the game

**British Champion Liddell, Staunch Churchman, Won't Run in Olympic Race Scheduled for Sunday**

Eric Liddell, Scottish star and record-holder, will not start in the 100 meter sprint at the Olympic Games in Paris because the trial heats for that event are to be run on Sunday, July 6. Liddell, a Scotch Presbyterian, believes in strict observance of the Sabbath.

Although the British will lose an almost certain point winner in the 100 meter event, Liddell will start in the 440 meter run. He is capable of doing under 60 seconds for the quarter-mile. The photo shows Liddell waiting for the signal to go.

The Consolidated Motor Freight Lines, Inc., of Oakland, operates a fleet of large trucks in merchandise transportation. Zerolene oils are used exclusively.

**A big motor freight line settles THE OIL QUESTION—**

The Consolidated Motor Freight Lines, Inc., of Oakland, Calif., has solved its lubrication problem — by standardizing on Zerolene.

**Independent Tests Verify Claims**  
 Subjecting the anti-western oil superstition to the test of actual comparison in service, this Company verified independently our claims that Zerolene will lubricate the modern automobile engine as well or better than any oil on the market, irrespective of price, and whether of eastern or western origin. Their letter states:

"During the past three or four years we have experimented with various brands of eastern and western lubricating oils, including Zerolene oil. The results of these tests have proved to our satisfaction that Zerolene lubricates our equipment with the greatest efficiency.

"Our recent decision to lubricate our trucks exclusively with Zerolene oils has resulted in the reduction to a minimum of mechanical difficulties which were due to faulty lubrication."

**Less Carbon — Better Gasoline Mileage**  
 Why pay tribute to a superstition? The use of Zerolene, of the proper body, will not only cut down your oil bill, but give you better continuous lubrication, and better lubrication means greater gasoline mileage, less carbon, lower upkeep costs, and a longer life for your car.

**Insist on Zerolene, even if it does cost less.**
