Injured Man Improving

Though he will be confined to his bed for another week at least, W. S. Birdwell, Hoyt and Commercial, is resting fairly easily after a serious accident Thursday night. Mr. Birdwell was employed on a grade roller and stepped back to find out what was the matter with some part of the machine. He was thrown to the ground and the heavy roller passed over one leg. The accident occurred while the machine was rolling gravel on a railroad crossing, and this prevented any bones from being broken. It is expected that it will be several weeks before Mr. Birdwell is able to walk without the aid of crutches, for his leg was badly bruised.

Poor Eyesight Scientifically Corrected

Latest and Best Equipment Used

There are thousands of pairs of correctly-fitted glasses in and around Salem. I know they are correctly fitted, for I did the work myself. There is no guesswork about it!

I have been fitting glasses for more than a third of a century, and I take pride in fitting each and every pair correctly.

The necessary skill to achieve such results can be acquired only by years of close study and active, practical experience. In fact, scientific knowledge of the highest order is required to recognize and properly correct defects of vision.

I guarantee satisfaction in every respect.
