

TACOMA BLACKSMITH FREED FROM PYORRHEA

N. P. Hansen suffered 20 Years from Pyorrhea Caused by Bad Stomach Until He Discovered Moorite's Wonderful Curative Powers

As those of a child. "It is just by coincidence that I heard of Moorite," said Mr. Hansen. "A friend told me of this great remedy and how it was guaranteed to cure pyorrhea, that dread disease that affects the teeth. But I was not convinced. I had tried so many treatments and found them all unavailing that I became discouraged and disheartened. It was not until I learned that pyorrhea had its seat in the stomach, that Moorite was an acknowledged stomach remedy, that I decided to give it a trial.

I took Moorite internally and it just worked. In just a short time I noted improvement and in 10 days my teeth were again solid. My general health also became improved. For with the pyorrhea I had been bothered with rheumatism, and this had all cleared up. That was 18 months ago and it seems like a dream to me that I have been so well and strong since. Despite the fact that I am 60 years of age I am proud of the fact that I am able to do a hard day's work in my blacksmith shop.

I am glad to tell how I regained my health and have been instrumental in getting more people to try Moorite. They see as enthusiastic as I do now. I have no ailment. I can thank Moorite for restoring me to perfect health. Moorite is sold under an absolute money-back guarantee. Do not suffer from stomach trouble and related ailments. A trial will convince them.

Travel the Health Route

An Understanding of These Facts Have Prompted Many People to Try Moorite Results That Sound Like Miracles Have Been Accomplished

A man given up to die has been restored to health.

People suffering from almost every disease, varying from severe nervous disorders to diabetes and neuritis have regained health through MOORITE.

MOORITE is a restorer of health through a simple, direct and thoroughly scientific process. The normal human body is healthy. Health is natural. If you are ailing you are not normal. Ill-health is unnatural. There is the foundation.

Now, as a starting point, suppose we quickly analyze what makes the normal, healthy human being. The body is composed of organized substance called tissue. Body tissue, analyzed by chemists, divides itself into twenty basic parts, vary in proportion. For instance, there is only a trace of iodine, silicon, etc., whereas there are over thirty-one pounds of carbon in the body of the average 150-pound man. Now, when the body has exact supply of each of these various elements, that body is normal, healthy, vigorous and robust, free from disease, pain or ailment of any kind. Through chemistry it has been proven that these basic materials are present in your body in their correct proportion, you are automatically healthy. You can't be otherwise. If you supply your system with too much of any of these basic chemical elements, nature passes them on, throws them off, but if you lack the proper amount of even one of these elements you become diseased. Disease is due to some DEFICIENCY. Nature supplies you with strength to resist disease, except where a deficiency exists. Therefore, when you are sick you must aid nature by artificially supplying that which you need. Now, suppose we ascertain where these chemicals come from, find out how the body ordinarily replenishes and maintains its supply. From food, of course—meat, vegetables and grains, but too, the chemicals that meat and vegetables and grain contain must come from somewhere. And that "somewhere" is "Mother Earth." The cattle that graze on the land, the grains that grow, the plants that find root there take the properties from the soil for human benefit.

Let us stop a moment and think. First, the normal man is healthy. Second, Nature ordinarily makes man normal and healthy, by giving him the proper supply of chemicals necessary to body maintenance through the food he eats. Third, but food gets its chemicals from the soil in which it is grown. Therefore, under present conditions, food cannot be depended upon to supply the lacking elements. Fourth, illness, lack of vigor, is due to a deficiency of one or more of the life elements of the body. In other words, Nature takes for granted that the organs are normal. Therefore, she supplies the system, through food, with chemical elements intended only for normal functioning. That is why people are so often unable to recuperate from disease, even when they migrate to countries where soils are normal and food still contains the essential elements.

AND THE FACT THAT YOU ARE NOT WELL RIGHT NOW PROVES THAT AT THIS VERY MOMENT YOUR BODY IS LACKING IN ONE OR MORE OF THE BASIC ELEMENTS, WHICH YOUR FOOD SHOULD, BUT DOES NOT, SUPPLY (OR WHICH YOUR ORGANS ARE UNABLE TO ASSIMILATE).

Stop and think that over. You are not normal, not healthy, simply because there exists in your body a deficiency. What we call disease is just something lacking. MOORITE can correct this deficiency. And it can convert your food supply into tissue building material which even weakened organs can gradually assimilate and build upon, as well. Nature provided you with an elaborate digestive system. The complicated method by which this digestive system transforms food into tissue-building materials is still a mystery to science. So much so that no living man can at this date give an explanation of one of the first steps in digestion—how hydrochloric acid is

produced in the digestive system. In fact, there is a theory that the digestive acid called hydrochloric may be something quite different and may be merely changed to hydrochloric upon contact with the atmosphere.

MOORITE simply supplies a chemical your body needs—must have—restores normality by giving you the basic life elements, the presence of which mean perfect health.

A great chemist who was examining the formula for MOORITE made the following remark: "Why, you re-make a human body, building life itself with these elements." And that is the story of MOORITE. Gradually—scientifically and surely—as you take the MOORITE, you place or develop in your system the chemical elements of which your body is constituted—correctly proportioned in relation to one another.

Our proof that MOORITE contains these materials which can be assimilated by your digestive system and transformed into body building tissue thus assisting nature in overcoming the ravages of disease, rests upon results—results obtained in hundreds of cases where health has been restored with MOORITE, after unsuccessful trials of many old time methods.

People have told us repeatedly that not only has MOORITE corrected their immediate ailments, but opened their eyes as well to a new meaning of the word "health" and "vigor."

AND YOU ARE NOT TAKING "DRUGS"—BUT LIFE ITSELF.

MOORITE contains nothing that can possibly harm or injure the most delicate person—everything is constructive—for good.

As we stated before, while nature unaided cannot supply a deficiency, she can easily pass off surplus. In taking MOORITE there is no chance for wrong diagnosis because none is attempted.

You start to build a normal, healthy body, knowing that when that end is reached all illness will have vanished. Do you grasp the tremendous significance of this discovery? Bear in mind that nature—not man—is a force that cures—the only force—now and always.

Sickness, so far as nature is concerned, means one thing only—lack of some one or more of the essential building materials. So far as a name for your bodily ailments is concerned, Nature does not need to give it the least thought. Call your trouble rheumatism, if you like, stomach trouble, pyorrhea, pleurisy, kidney disease, nervous indigestion or debility. The only name that nature knows is deficiency.

In other words, Nature has been asked to build good, healthy tissue but has not been given the materials to build with. Put those materials back into the body through MOORITE and health follows automatically and inevitably.

But you do not need to take our word for this great truth. The evidence of what MOORITE can do for you has come before us in such astounding measure that we give you an absolute guarantee. We can give you that guarantee because MOORITE is unlike any other restorative in the world. You long to enjoy the perfect health which is your right. You are seeking your chance at the best that life affords. MOORITE will give you that chance. The great good that it may bring to you is beyond our power to express. It is not a question at all as to whether MOORITE will get you well—that has been clearly demonstrated. The only question is whether or not you are willing to give it a fair and thorough trial. For your own sake, therefore, we urge you to begin with MOORITE immediately. You will find MOORITE pleasant to take and absolutely harmless. And we assure you that if you will follow directions faithfully, you will be steadily and surely and completely restored to health. We sincerely hope that you will give MOORITE a thorough trial. Its scientific soundness—its long records of results that sound like miracles, all point to the one fact that you owe it to yourself to at least find out by trial what MOORITE will do for you.

Remember, you have nothing to risk—Everything to gain. Our positive money-back guarantee gives you absolute protection.

Pyorrhea Can Be Banished

The personal experience of U. O. Swanson, of New Canby, tells how he was completely cured of Pyorrhea. He says: "When I was forced to do something for my teeth I was told by prominent dentists that I would have to have my teeth pulled out. TO WHOM IT MAY CONCERN: I, H. O. WARP, 18 years of age, residing at 1620 South 5th St., Tacoma, Wash.

In 1916 I had my fingers badly torn with a rusty cable, causing an infection and open sores. My fingers would crack open and I doctor for years trying to get them healed up. The doctors called it chronic eczema, the blood would just run from my fingers. But the doctors could give me nothing to heal them.

One of my neighbors advised me to use Moorite and after using less than one \$3.00 can of Moorite, I was completely cured.

I feel so grateful for what Moorite has done for me after suffering all these years that I gladly give the Moorite Company full permission to publish this letter together with my picture, in the hope that other sufferers may be cured as I have by the use of Moorite.
