Losses Money, Gets It Again— A certain Mr. Price of Marshfield late yesterday recovered a \$20 bill that he lost on a street car because H. W. Bross of the Salem Woolen Mills store is a square shooter. Mr. Price and Mr. Bross, who were not acquainted, were passengers on a depot car. Price left the car at Twelfth street to go to the depot. A little later Bross started to leave the

car when he noticed the \$20 bill. He could have appropriated it, but instead turned it over to the conductor. He had noticed Price leave the car and suspected he had lost it, so telephoned the depot. Pretty soon depot officials noticed a man searching his pockets, and inquired if he had lost anything. He replied that he had lost \$20. Bross was summoned and took Price to meet the conductor on the car's return trip.

Stream of people coming to the Salem district to help harvest the crops. We aim to please, and we can accommodate a lot of them; but the thing may be overdone.

One of the Pinkerton superintendents says that the marcel wave is responsible for a lot of crime among young women today. Must be the crime wave we hear so much about.

Now they have a combination of alarm clock and phonograph which is supposed to arouse the sleeper to the strains of a popular air. It would be "Three O'clock in the Morning" for "Dream Daddies."

With General Dawes as its presiding officer the United States senate is likely to have some very interesting sessions. It may even be forced to get down to the nation's business. Of course, the vice president is supposed to have little actual power, but what does Dawes care for suppositions?

BITS FOR BREAKFAST

Cloudy, predicted— And cherry pickers would better hurry.

There is going to be a lot of flax, and if we get a lot of rain soon, and a little more by the first of August, the late sown flax, that looked hopeless up to the first of last week, may be the best of all, after all.

At the Salem Chamber of Commerce noon luncheon tomorrow, a number of the leaders among the women of this city are going to tell the men in short talks what they can do to make Salem a bigger and better city. They will get it straight, and no mistake.

FRECKLES

Don't Hide Them With a Veil; Remove Them With Othine—Double Strength

This preparation for the removal of freckles is so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and remove them. Even the first few applications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guarantee.

MAY SAVE FRUIT
Another Avenue of Sale for Loganberries Looms as Possibility

Another avenue of sale for the surplus of logans in this district looms as a possibility with the announcement of the committee of the growers association that it may be possible to handle the over supply by the drying process. A meeting of the growers has been scheduled for Monday night at the chamber of commerce when the practicability of this plan will be placed before the berry men.

The name of the firm which is offering to finance the picking and drying of the berries has not been divulged by the committee, but it is said that the firm with which they are negotiating has agreed to advance such money as is necessary at 7 per cent interest. The plan would use only the surplus of berries in the pool for the dried product and all berries that can be sold fresh will be marketed in other ways. The dried berries will be stored in the warehouse of the financing firm and the sale conducted from there by the committee of growers.

The growers will continue to seek markets for the fresh berries and every effort will be made to sell the largest amount possible in this form. The Northwestern Fruit Products company has agreed to take 14 tons of berries for canning purposes at the rate of five tons daily, the deliveries beginning today.

An effort will be made at the meeting tomorrow night to determine the exact number of growers who are going to come into the logan pool in order that the committee will have a basis for their sale calculations.

Billguzz—I notice the weather man describes this weather as "settled." What do you know about that?

Smiff—I think that term describes it. It's rained day after day for about three weeks, and if that isn't "settled" weather, what is?
