Walker and Leonard Sign For Twelve-Round Event

NEW YORK, July 17.—Articles of agreement for a 12-round non-decision contest between Mickey Walker of Elizabeth, N. J., world's welterweight champion, and Benny Leonard, of New York, world's lightweight title holder to be held in Boyle's Thirty Acres, in Jersey City on Thursday evening, August 21, were signed today by the two principals and Tex Rickard, the promoter.

Another stipulation is that the winner of the match will sign to meet Dave Shade Pacific coast welterweight, in a title match. It is understood that this clause was included at the suggestion of the New York athletic commission who selected Shade as the most logical welterweight to meet Walker for the 147-pound title.

In pessimistic moments we sometimes suspect that the march of civilization is a funeral dirge.

Mute Messengers of a Nation

IN AN underground telephone cable scarcely thicker than a man's wrist there are 2400 threadlike copper wires, each pair providing a path for instant speech.

These highways of the spoken word, buried beneath many an American city, are carrying thousands of voices simultaneously from office to factory and some from coast to coast.

If released from their copper carriers, these messages would sound a Babel, in which none could be heard. Confusion beyond description would reign if this unhindered speech, now hushed by science in tiny strands, were voiced aloud.

An average of 54,000,000 telephone conversations speed daily over the wires of the Bell System. By hundreds in cables, by dozens in the open wires, they travel in silence side by side, to find voice again only at their journey's end. Muted as they pass from telephone to telephone, they weave the pattern of the nation's life.
