**Opinion Is Given—**  
Positions of commissioner of the Columbia River Interstate Bridge commission are not offices and chapter 326, session laws of 1919, creating the commission, is not unconstitutional as authorizing the holding of two lucrative offices by the same person at the same time, according to an opinion handed down by L. H. Van Winkle, attorney general. Creation of additional duties to be performed by officers, as in this instance, does not create additional offices, it is held. It is understood by the attorney general that the present board of county commissioners of Multnomah county have been withholding payment of salaries provided in this law ever since they took office and recently applied for an opinion.

**Requisitions Issued—**  
Governor Walter M. Pierce has issued requisitions for the return to Oregon of George Gordon Stewart, wanted in Portland on a charge of non-support. He is under arrest at San Bernardino, Calif. Requisitions for the return of Bobbie Burns and Dale Arthur, who escaped from the penitentiary brickyard gang July 3, have also been issued. The two convicts were picked up at Ogden, Utah. Deputy Warden J. W. Lillie left for Ogden last night.

**Fishing Permits Revoked—**  
No further fishing will be permitted in the area of the North Jetty until orders are received from the war department, Lieut. S. P. Huff, commanding officer at Port Stevens, has advised United States Senator Charles L. McNary. The fishing was stopped July 16 upon request of Senator McNary, who had been asked to take some action by the state game commission. One crew of fishers insisted in operating, Lieut. Huff said, basing their rights upon their nationality as Indians. These were fishing under permits issued from the state of Washington.

**Fires Under Control—**  
Unless they are fanned by a strong breeze, all fires in the Salem district are reported to be under control. These reports were received yesterday from forest fire fighters in the Santiam, Mill City, Detroit and Bald Mountain districts. The worst fires in Oregon at present are reported from Jackson county, near Butte Falls, where 2000 acres of green timber have been burned. The fire in the Bald Mountain district burned over a 6 mile strip, the greatest damage being the loss of several logging road bridges, according to U. G. Holt, manager of the logging department for Spaulding Logging company, who returned from a trip to the fire-swept sections yesterday. Conditions are regarded as favorable at present and little fear is felt for another outburst, though every precaution is being taken.

## Y. M. TRIP TO JAPAN

Of interest to many has been the trip of Dwight Findley, a representative of Willamette to Japan, as a member of a friendly YMCA pilgrimage of 16 men from colleges of the Pacific coast. This is the second pilgrimage sponsored by the International YMCA.

He writes that four days out took them into tropical heat but they found delightful weather in Honolulu. Here they were piloted by Harry Roney, graduate of Willamette University, who is in charge of the YMCA work there. After a 15 mile drive through the sugar plantations and canneries they were taken to the country club for a banquet. The speakers who honored them were Honorable Harrington, Governor of the Islands; the President of the Pan-Pacific Union; President of the Honolulu Chamber of Commerce; and the Japanese Ambassador to Hawaii. The beauty of the Isles could only be surpassed in dreams, they report, and the people of Hawaii say they have the climate that is advertised in California.

Of special interest is their reception in Japan. Following are excerpts of a letter just received: "As for hospitality these people of the East 'just can't' be beat. I have only had to buy four meals since we have been in Japan (six days.) Our entertainment has included: a hotel dinner with the mayor of Yokohama; luncheon with the Yokohama Chamber of Commerce with several members of the house of Peers present
