GIBBONS DEFEATS BRITISH FIGHTER

American Fighter Knocks Out Bloomfield in First of Third Round

LONDON, Aug. 9.—(By The Associated Press.)—Tom Gibbons, the American light heavyweight, gave the British heavyweight hope, Jack Bloomfield, a terrific thrashing in the second round of their fight at the Wembley stadium this afternoon and then knocked him out easily in the third round.

The fight in which the St. Paul "phantom," who lasted 15 rounds with Jack Dempsey, made his European flistic debut, was to have gone 20 rounds. Before a crowd of 70,000 persons, the only hope British sportsmen have of regaining their nation's long lost prestige in the heavyweight ring was vanquished some what ignominiously.

The fact that Bloomfield, one time light heavyweight champion of Great Britain, had been boomed as a potential threat to Jack Dempsey, turned out to be a rather weak jest for the best the Britisher was able to do this evening was to land four harmless blows on his opponent during the two rounds and 55 seconds the fight lasted. The recumbent attitude, which has become so popular a ringside manner among British heavyweights since the war, was exemplified to almost an extreme extent by Bloomfield today. Three times during the second round he was flat on his back and only the ball saved him from a knockout. At the start of the third round he was floored again and arose only to be put soundly to sleep with a hurricane of blows to his head.

Play Butchers Today SILVERTON, Ore., Aug. 9.—(Special to The Statesman.)—The Silvertown ball team is up against a real game for Sunday if reports are to be believed. At this time the local team will meet the Portland Butchers on the Silver Falls diamond at 2:30 o'clock.

LEAGUE CLUB TO BE HERE TODAY

Camas Team, Interstate Winner, Opposes Senators on Home Ground

Salem baseball fans will today see the pennant winners of the Interstate Baseball league play ball with the Senators at Oxford field. The visiting club will be the Camas, Wash. team, which is considered in the class of the Kelso club that played here Thursday and Friday. The game will start at 3 o'clock.

Manager Biddy Bishop has not decided definitely on his lineup and will not until he sizes up the enemy's force, but says that he probably will start Beemus in the box.

A week from today the strong Montavilla team of the Portland City league will play here.

Kreitz, who at one time was catcher for the Chicago White Sox, will catch for Camas today, and Steve Myers, the Hillsboro twirler, will be in the box. Myers pitched for Camas when they won the Interstate league pennant, and it is said the entire lineup will be about the same as that which carried off the trophy flag.

Coolidge Busy With Details of Campaign

WASHINGTON, Aug. 9.—President Coolidge devoted attention to republican campaign plans at another conference this afternoon with Chairman Butler of the national committee after the chairman announced organization of a national non-partisan movement for Coolidge and Dawes which probably would be launched soon. Mr. Butler told the president the movement had been inspired by voluntary expressions of members of other parties of sympathy with the candidacy of the president.

Summer will be over in a few more weeks. Long may it stay over.

\$7,000,000 Suit to Be Filed Against Concern

SEATTLE, Aug. 9.—Details of the purpose of a \$7,000,000 suit to be filed this month by the government against the Skinner and Eddy corporation, a war time shipbuilding firm here, for a judgment of claims and counter claims involving \$200,000,000 of shipbuilding transactions were given out by Oliver B. M. Brown, special assistant appointed by United States Attorney General Harlan F. Stone.

"Recovery of excess money paid the Skinner and Eddy corporation on contracts for the purchase of Yard No. 2, Seattle, and for construction of steel cargo carriers is the purpose of the suit," said Mr. Brown. "This is in accordance with President Coolidge's policy of economy and reduction of the war debt burden."

WEEKLY LUMBER REVIEW

One hundred and fourteen mills reporting to West Coast Lumbermen's association for the week ending August 2nd, manufactured 81,299,974 feet of lumber; sold 104,091,883 feet; and shipped 104,594,205 feet.

New business was 28 per cent above production. Shipments offset new business.

Forty-eight per cent of all new business taken during the week was for future water delivery. This amounted to 49,906,330 feet, of which 38,326,017 feet was for domestic cargo delivery; and 11,580,313 feet export. New business by rail amounted to 1,595 cars.

Fifty per cent of the week's lumber shipments moved by water. This amounted to 52,568,652 feet, of which 34,037,626 feet moved coastwise and intercoastal; and 18,531,026 feet export. Rail shipments totaled 1,523 cars.

Local auto and team deliveries totaled 6,335,552 feet. Unfilled domestic cargo orders totaled 113,514,477 feet. Unfilled export orders 63,367,507 feet. Unfilled rail trade orders 3,458 cars. In the thirty-one weeks of the year, production reported to West Coast Lumbermen's association has been 2,864,436,981 feet; new business 2,830,363,381 feet; and shipments 3,029,285,830 feet.

Baker Forest Fire Is Said to Be Improved

BAKER, Ore., Aug. 9.—The forest fire in the Pine creek section 14 miles west of Baker, which started Tuesday has been brought under control, after the burning over 1,600 acres of timber and range and causing damage estimated at \$100,000. The greatest loss comes from the cost that the burned over area is stripped of vegetation and humus which checks run-off in the spring.

HURT IN CRASH

MACON, Ga., Aug. 9.—Fourteen persons were injured; some perhaps fatally when a clay train operating from a mine near McIntyre, 29 miles from here broke loose from a locomotive and hurtling down a mile long incline, crashed into a train loaded with workmen on their way home.

Few curves are dangerous unless some fool is coming as fast as you are going.

AMERICANS IN EUROPE RESENT SHOW OF U. S. FLAG TO DRAW TRADE

BERNE, Switzerland, July 21.—(Mail.)—Steps to boycott all European merchants who have resorted to the American national colors for advertising purposes have been taken this summer by American tourists who have been shocked at the extensive use made of the Stars and Stripes to draw attention to numerous kinds of wares in various countries.

It has been pointed out by tourists that there is scarcely a city on the continent which has been frequented by Americans where the combination of red, white and blue in one form or another has not been used as an advertising medium, and the word has been passed around by travelers to give such stores and shops a wide berth wherever possible.

Tourists have reported that in a few instances where the attention of dealers was called to the improper use being made of the American flag for advertising, the practice was given up at once. On the other hand, however, other patriotic Americans say that their protests were ignored altogether by merchants and the colors remained in the display windows, over the shop doors or in some other position where they had been placed to draw attention.

Travelers who have made investigations in several countries say that there are no laws covering the use of the American national colors for advertising purposes and that on this account American consular officials are powerless to take any action.

In one of the principal streets of Moscow the Stars and Stripes were painted over a shoe repairing shop during the regime of Czar Nicholas II and the colors, dulled by age and scattered scars of the Bolshevik revolution, are noticeable to passers-by even to this day. Persons who understand English are able to read the timeworn lettering which says "American shoe repairing done here," printed over the American colors, but the old shoemaker himself passed out with the revolution.

RADIO By F. S. BARTON

Why not give a man a radio broadcast sentence, if he is careless about putting out his campfire? Perhaps some plan can be worked out whereby the origin of fires may be learned and made public by radio broadcast, so quickly that public interest can be aroused while the fire is still raging. Then, whatever the cause of the disaster, the public mind will be set to work considering ways and means to minimize the fire damage to our forests in the future.

It is evident that all that is being done at the present time fails to diminish fire hazards in our forests.

Those who had their eardrums impaired by static two summers ago, are amazed at the perfect quality of music received from the big coast stations this season and frequently make inquiries on the subject.

There are several reasons for this satisfying change. Probably improvement in broadcasting apparatus has helped more than any other one thing; receiving sets have done their share to improve conditions, while tubes and other radio apparatus are nearing standards of reliability that were not known earlier.

The "super" set still divides the army of radio fans into two camps but appears to be slowly growing in popular favor.

Queer facts are constantly coming to light concerning radio. Some time ago, Saranac Lake, N. Y., was suffering from some kind of radio interference that could not be "run to earth" by the localians.

An expert was sent for and presently he discovered that a cheap heating pad much used in that section was responsible for the trouble. The town was then cleared of the objectionable interference although our correspondent does not state what means were employed to eliminate the pad waves.

Owners of radio sets will be interested to learn that the pianist to whom they have listened with pleasure from stations KHJ and KFI, Evelyn Paddock Smith, is now in Salem for a few weeks. She is visiting with her husband at the home of his family, and incidentally, she is charming the people who have the privilege of hearing her in this city.

The tale of this artist's success is very like that of all other successful artists. She has not reached out her hands and grasped public favor, but instead she has practiced eight hours a day for years.

Cats are breaking into print rather often it seems. Not so long ago, the vagrant puss from the White House was quickly located when an alarm call was broadcast by radio, and now the cat heroine up in Washington-on-the-coast, has rescued a family of sleeping people from the peril of fire.

We grow "warmer" as we approach the 5000 W sending stations. The rumors grow thicker and more colorful concerning the wonderful times to come, when any good set will bring the Atlantic coast about as clearly as we now get our big western stations. A radio engineer from one of the big companies passed through Salem a few days ago. In response to an inquiry about the possibility of hearing eastern stations in the day time, he replied that such results were not to be looked for though there might be freak reception of that sort.

DEMPESEY ASKED TO MEET TOM GIBBONS

British Fans, Thrilled By Last Night's Battle, Want Champ Bout

LOS ANGELES, Aug. 9.—A tempting offer which may carry Jack Dempsey, world's heavyweight champion boxer, across the Atlantic to meet Tommy Gibbons in London was made to the champion by an English syndicate late today, it was announced here tonight by Jack Kearns, Dempsey's manager.

The offer, Kearns declared, is of such attractiveness that it is impossible to ignore, and comes at a time when the champion has expressed a determination to abandon his more recent calling, motion picture acting.

Dempsey, according to Kearns, has wearied of the grease paint, and yearning to get back into the ring, will start training Monday in an effort to reach the pink of physical condition by October, so that he will be in a position either to accept the English offer or to meet the winner of the Willis-Firpo bout next month.

Applicants for Jobs are Increasing at Bureau

Applicants for work who registered at the United States employment office in the YMCA, nearly doubled the number of the preceding week, according to the weekly report of Sim Phillips, who has charge of the bureau. Of the 443 men and women seeking work, 197 were placed. There were 286 calls for help and 213 people referred.

Agricultural laborers headed both lists, 260 men and 65 women applying, with demand for 167 men and 41 women. Of the total number 130 men and 35 women were placed.

Sixty-five common laborers registered, with 25 in demand, 22 referred and 20 placed. Of the 35 farm hands calling, 10 were wanted, referred and placed. Five carpenters applied for work, with calls for three. None reported as having placed. Nine truck drivers sought employment, with one in demand. None reported as placed.

Two cooks and chefs were included in the women's list, as well as two matrons and hotel housekeepers. In each case there was one in demand, one referred and one reported placed.

Hoquiam Youth Killed By Bullet From Own Gun

HOQUIAM, Wash., Aug. 9.—Carroll Couch, 19, son of a Ford prairie farmer who disappeared Thursday afternoon, was found dead today with a bullet wound in his body. A coroner's investigation disclosed that the youth's gun accidentally discharged when he crawled through a fence.

An older brother was killed a few weeks ago in a logging camp when a log fell on him.

FISHING BULLETIN

Following are reports covering the fishing conditions along South-Pacific lines:

Salmonberry River: Enright reports outlook very good, several limit catches having been made during the past few days. Brown hackle, royal coachman and salmon eggs are being used.

Nehalem River: From Rector the report is that the outlook is fair for the coming week end and recommend the use of spinner and bait. A few good catches have been made in the past few days.

Kilchs River: Within a mile and a half of Bay City, Oregon, the outlook is fair, best success being had by using bait.

Forest Fires Breed Poverty—Put Them Out Willamette River: From Albany comes the report that the fishing outlook for the coming week end is fair, using flies and bait.

Ten Mile Lake: Within one-fourth mile of Lakeside, Oregon, cooler weather recently experienced has resulted in improved fishing conditions and success experienced in past few days indicates that the outlook for the week end should be good.

Umpqua River: We have report that the river below Winchester is very low and clear and that the outlook is good—in fact report states, "One party reports casting 19 times and caught as many fish."

Trust No Forest Fire However Small J. A. ORMANDY, General Passenger Agent.

La Follette Policies Branded as Pernicious

HOUSTON, Texas, Aug. 9.—The most pernicious thing in the

political life of America is the appeal being made by a group of dissatisfied political leaders, led by Senator La Follette, to destroy the people's confidence in this, the soundest, the greatest and best government on earth, said Dr. Hiram Wesley Evans, Imperial Wizard of the Knights of the Ku Klux Klan, in a prepared statement issued here today, as he sailed from Galveston for Key West.
