Legion Meets Monday—Whatever is in store for ex-service men at the big meeting at McCormack hall Monday night is being kept a dark secret by Dr. Lewis, chairman of the refreshment committee, but he promises to have something good and lots of it. Anyhow, it won't be hot dogs. Blanks will be available and assistance given to ex-service men in filling out their adjusted compensation blanks. All ex-service men, whether members of the legion or not, are invited. George Griffith, state commander, will be the principal speaker, with a variety of things lined up by the entertainment committee.

Animals Attract Crowd—All day Saturday there was a group of people in front of the J. C. Perry drug store, watching the antics of a variety of animals on exhibition in the front window. Chief of these were several kinds of kittens. A feature of the display was a small wolf pup, a young dog and a cat that occupied the same portion of the window. Though strange companions, the trio spent the day in harmony.

Yes, We Have—Boyce-ite, Marion Auto Co. A-10

Playgrounds Patronized—Although there were no special features at either the North Fourteenth street or the Lincoln playgrounds this week, there was a good daily attendance at both, according to the supervisors. The daily attendance at the South Salem playground was around 75 with a slightly higher average at the North Salem playground. Leslie Sparks, who has charge of the boys' work at the northern playground, spent one day in South Salem, giving the boys some tumbling instructions. Owing to the ban being placed on the swimming hole at the Fourteenth street grounds, a number of youngsters that would have attended absent themselves. Cool weather, particularly during the forenoons, also kept the attendance figures lower than usual. The ban was lifted Friday so a large attendance is expected this week.

Turkey to bring Islam under the banner of prohibition. Inasmuch as the moslems are kept from all drink by their creed this should be a simple task except for the fact that the Turks get a lot of money through selling booze to Christian peoples. This alters their viewpoint. Some of the men who sell guns and pistols never think of killing anybody themselves.

Last year the American Bible society placed over 7,000,000 copies, most of them having been sold within our own borders. As a genuine seller no book in the world has ever been able to vie with the Bible. It is liked so well that one of the largest hotels in New York City needs a new supply for its guest rooms every four months to make up for the copies taken by tourists. More than 2,000,000 copies were placed last year above the record of the previous twelve months.

Great Britain imports about 500,000 gold fish every year, not counting the American tourists.

Grasshoppers are plentiful in Australia, but fishermen probably keep them on the jump.

Summer resort weather here.

Tourist travel grows apace; or rather awheel.

Ten millionth Ford passed Statesman office yesterday; and it looked like the other 999,999,999 were by during the day and night.

They have bored an oil well 7320 feet deep at Gardena, Cal., and they are working mines 6000 feet under ground in Brazil.

When they get those Santiam mining district tunnels under Mount Jefferson, and go up 6000 feet and down 6000 feet, they will have enough ore to pave the streets of Salem with gold, build all the highways of silver, and send copper wires to the moon.

Senator Capper says the president is "a hard boiled economist." Calculating Cal., he might be dubbed. But the people who have to pay the bills will regard all this with favor.

One of the aviators off the Orkneys said the fog was like flying through pea soup. A Salem man from the land of Bobby Burns says it is possibly what they call Scotch broth.

Portland husband said his wife was an angel and the next day she flew away with another man.

Los Angeles Times says the race problem in that section has largely settled down to picking the winners at Tia Juana. That is saying a good deal for California, where, a little bit ago, they were trying to scare themselves into the fear that the Japs were going to take the whole state, including the climate.

Lloyd George says that the world is due for a spiritual renaissance. He says that there will be great religious revivals in all countries and that a general drift toward the church is now setting in. This ought to help humanity in the business of keeping the peace and paying off the national debts of the world.

Local Man Injured—While working at the Holt camp of the Spaulding Logging company this week, Claude Ballard, of Salem, received a bruised shoulder and sprained back, in addition to an injured arm. He was taken to Independence for medical attention.

Burglar Suspect Held—Because he sold automobile parts and spark plugs, and of his apparent ability to operate an automobile without a legitimate income, a man giving the name of T. F. Sprawl was taken to the police station Saturday by Sergeant George D. White. He is being held for investigation in connection with recent thefts here and in nearby towns. Sprawl was not communicative and is unprepossessing in appearance. The police, last night, had not been able to definitely establish any connection between the burglaries and the prisoner.

Tennis Tournament Today—Tennis players from the Oregon City club will meet the Salem tennis players on the state hospital courts today. The five Salem players who will meet the visitors are Alvin Lennon, "Doc" Gates, Roy Oakerburg, Paul Rice and Albert Lutz.

Ladies' Coats Relined—Men's too. Renner's, 152 South Church street. A10

School Will Be Closed—In all probability the Washington school will not be opened this year to accommodate grade pupils, according to George W. Hug, superintendent, who has prepared figures showing the uselessness of utilizing the old building. Owing to a readjustment of the school boundaries in the city there are only 95 eligible to attend the Washington school. Costs of maintaining the building, such as salaries of extra principal, teachers and janitor, in addition to heating, will not warrant the use of the building. According to Superintendent Hug, a majority of the pupils are desirous of attending classes in a newer building.

Protest Mobilization Day—Protesting against Friday, September 12, as Mobilization Day, the Friends of Peace, of San Francisco, are sending out mournful appearing notices, one of which was received at the Statesman Saturday. The notice is 10 by 8 inches, with a half-inch black border. It starts out: "War profiteers and militarists have set aside Friday, September 12, as Mobilization day to prepare for it. We urge you to proclaim Black Friday, September 12, '24, as a Day of Mourning for those who were slain in the World war and to promise that it shall not occur again. Let everyone wear a mourning band on the arm that day; let every flag be half-masted and draped with crape; post mourning notices in all newspapers, in all windows and on every windshield. The time to stop war is before it starts. Our lives and the lives of our children may pay the penalty if we neglect this duty NOW."

Four Go Under Operation—Four members of the J. A. McCormick family, all of whom live at Woodburn, are recovering at a local hospital from operations for the removal of tonsils Friday.

Plan for Dedication—Superintendent George W. Hug is beginning to make plans for fitting dedicatory services in connection with the new J. L. Parish junior high school, which is rapidly nearing completion. No definite date has yet been set. It is hoped to obtain a marble tablet for the front of the building, bearing the date of the building, name of the architect, contractors and members of the school board.

Jaloff to Reduce—A. Jaloff, operator of the Columbia stages, has been granted permission by the public service commission to reduce his passenger rates from Portland to Seaside and intervening points to meet the reduced rates established by the Spokane, Portland & Seattle railroad on its new line of stages from Portland to Rainier.

Vets Gather Today—The fifth annual reunion and picnic of former members of the 162d regiment, which served in the World War from Oregon, is to be held at the Clackamas rifle range today. Salem is expected to have a good delegation present. Nearly 1,000 veterans and their families are expected to be present for the reunion.

Park Services Today—Outdoor union religious services will be held in Willson park at 4 o'clock this afternoon, with Rev. J. R. Jeffry, of Seaside, giving the principal address. A. A. Lee

Wrinkles Removed in 15 Minutes—Cost 3 Cents!
Quite a sensation has been created in certain social circles over the wonderful producing effects of a simple tar root mixture which any woman can easily apply at home. The results are so remarkable that she has told others, who in turn have told many more, and now the new method bids fair to supersede all the patent "wrinkle removers, massage and other things used for the purpose." This is the procedure: A spoonful of powdered tar root is mixed with a spoonful of lemon juice, and this is spread over the face. An amazing transformation takes the mirror shows. In less than 15 minutes wrinkles, crowfeet and creases have completely vanished! Facial contour is noticeably improved and the face looks years younger. The most skillful massaging could not produce such a wholesome effect as remains after the mixture has been washed off. Tar root is of course perfectly harmless. Inexpensive, too. An original package from the druggist contains sufficient to bring the cost per treatment under 3 cents.

Score—Not Figure—A perfect "35" is the aim of a great many persons, chiefly women, but John Farrar also boasts of this numerical, not in connection with his waist measure but for his golf score. Farrar made the illustrious club course in that many strokes this week. Those present declared it was not an accident and that he earned the score. However, no record has yet been received of his having duplicated the feat.

Yes, We Have—Boyce-ite, Marion Auto Co. A-10

Monday Is Pay Day—Pay call will sound for nearly 60 members of Company F, 162nd infantry, at the regular drill Monday night, according to Captain Paul R. Hendricks, who has received the necessary vouchers. The aggregate payroll is slightly under \$1000 and is a little smaller than usual due to the encampment period.

Notice—All members of the Cherrian band will meet at the Elks Club room in uniform without instruments at 1 p. m., Monday and attend the funeral of Mr. C. G. Gray. A-10.

Attend Hill Climb—Not only motorcyclists from Salem but many others are interested in the big hill climb event at Rocky Butte, near Portland, which will be staged at 2 o'clock this afternoon, according to Harry W. Scott, local Harley Davidson dealer. Between 35 and 40 local motorcyclists will attend the event as well as many others who are interested. Cody Evans will participate in the major events and it is expected that George Kaster will be entered in the novice events. Both of these riders are from Salem.

Osteopathy, the Original—Dr. Marshall, 228 Oregon building. A-10

Employment Bureau Pleases—Joseph H. Albert, cashier of the First National bank, is in receipt of a letter from Francis I. Jones, director general of the United States employment service, department of labor, in which Mr. Jones expresses his appreciation of the courtesies shown him while on a recent visit to Salem. "The satisfactory work that is being done by the Salem office (in reference to the employment bureau at the YMCA), justifies our action in making our appropriation a permanent one for the Salem office. It gave me much pleasure to make the recommendation," the letter declares.
