

VOTERS' BOOKS TO BE MAILED

Kozer to Send Out Over 363,000 Pamphlets, Beginning Next Monday

The mailing of the pamphlet copies of the proposed constitutional amendments and measures, with arguments, to be submitted to the voters of Oregon at the general election to be held November 4, 1924, will be commenced by Secretary of State Sam A. Kozer on Monday, August 18.

There are four proposed constitutional amendments and three measures, the constitutional amendments relating to voters' literacy, public and welfare of roads, ways and waterways, extending the provisions of the soldiers' loan and bonus law, and workmen's compulsory compensation law for hazardous occupations. The proposed laws are the oleomargarine and condensed milk bill, the bill to authorize and regulate the practice of naturopaths in the state of Oregon, and the bill for the repeal of the income tax law.

These pamphlets will go to the more than 363,000 registered voters of the state and to such other voters as may be registered between now and the close of the registration books of the county clerks prior to the general election and whose names and addresses may be furnished to the secretary of state by the county clerks of the respective counties.

The following statement also shows the number of registered voters on August 12, 1924, from the respective counties of the state as reported to the secretary of state by the county clerks:

CAMP BEST YET, LEADERS ASSERT

Boardman and Socolofsky Pleased — Boys From South Share Honors

That the YMCA camp on Trask river which was completed Wednesday was the best in the history of the summer encampments was not only the unanimous opinion of the boys but of Bob Boardman and Edwin Socolofsky, who had charge of the boys. The last two days of the camp were spent at Oceanside, one of the Tillamook beaches. It was the first view of the ocean for nearly a half-dozen of the boys, Mr. Boardman said yesterday. There was no sickness or accidents to mar the outing though nearly three-fourths of a quart of iodine was used in first aid to bruises. Dwight Adams was voted the

"If it's for the office we have it"

Here's glad news! A bevy of beautiful girls from sun-kissed California are coming to Salem Wednesday, August 20, with the A. G. Barnes wild animal circus.

They will form a part of the gigantic cast in the most sensational circus pageant and fantastic extravaganza of the age, "Pocahontas at the Court of Queen Anne," the opening spectacle of the circus performance, and every one possesses a wonderfully trained singing voice.

Those pretty beach flappers, many of whom have taken parts in some of the latest motion picture productions of this season, trip the "light fantastic toe" in a truly captivating manner, the result of extensive training and long rehearsals in some of the best dancing schools in Los Angeles.

The great cast will also include three tribes of American Indians—Washoes, Escondidos and Apaches.

And last, but not least, there will be the greatest movie star of them all—Joe Martin, himself!

OPERATION NOT BELIEVED NECESSARY FOR TINGLESTAD

SILVERTON, Or., Aug. 13.—(Special to The Statesman.)—B. Tinglestad, who became suddenly ill last week is reported as being somewhat improved. At first it was thought that it would be necessary for him to undergo an operation. However, now it is thought that this may be avoided.

Secretary of State Kozer yesterday, received a request from Governor Pierce and Warden A. M. Dalrymple of the state penitentiary in which they show that a loan of \$25,000 from the state general fund is needed to meet current demands on the prison revolving fund. Under the revolving fund act is provided the right to borrow from the general fund up to \$50,000.

REVOLVING FUND IS REPLENISHED

Governor and Warden Find It Necessary to Borrow From General Fund

According to the letter the money is needed principally to pay for flax straw purchased from farmers, most of which will be delivered this month. Most of the 1923 crop is still on hand, not having been worked up on account of the prison flax mill being destroyed by fire last September and

not yet being fully rebuilt. It is estimated that it will be at least three months before sufficient returns can be expected from products to pay running expenses. Most of the sales of flax products are made on from 30 to 60 days' time, says the letter.

BOYS HOEING CORN FIND BURIED MONEY

Secret Cache of an Old Miser Near Chemawa; Probably Stolen Coin

When they read the following item, will all the boys in the Salem district want to hoe corn? Will this bring about a bigger corn boom than we have now, with Marion the leading corn county in the northwest, Polk second, and Yamhill, Washington, Clackamas, Linn and Benton following closely? Here is the item, sent to The Statesman under date of August 13, and headed, "Corn-hoers Discover Miser's Hoard."

"Several boys found the secret cache of an old miser while hoeing corn on a farm about six miles north of Salem this afternoon. In all the boys uncovered \$33: a ten and two five dollar gold pieces and the remainder silver dollars and smaller coins. The coins must have been hidden for 30 years, for the last coin was dated 1893, and the earliest about 1850. The most any boy discovered was \$18.

"The money is thought to have belonged to an old Frenchman who lived on the land many years ago. He was convicted of stealing some money and a watch from a neighbor, and was sent to the penitentiary to serve three years. He died before his sentence expired, and the secret of his hoard was lost. He probably hid the money before going to prison, and did not return to recover it. His shack disappeared long ago. The money was doubtless turned up in the spring plowing, and the boys happened on it.

SILVERTON PARTY WILL VISIT THE OREGON CAVES

SILVERTON, Or., Aug. 13.—(Special to The Statesman.)—Mr. and Mrs. Lawrence Larson and daughter Ethel, and Mr. and Mrs. Otto Legard announce their intentions of joining the Silvertown vacation crowd in the very near future. They will form a party to go to southern Oregon where they will visit the caves. Both Mr. Larson and Mr. Legard are prominent business men.
