**IF THERE IS ANY DESIRE FOR A farm** in your system and if you are willing to encourage it the least bit, just read this out loud to your wife: There are 60 acres of fine corn land, containing up to the main highway and only 4 miles from a crackling good town, and only a mile from a shipping station, and school near by. Good six room house and a good barn, fruit room and shop, and chicken house and a good cattle shed. Ten acres of mighty fine 10 year old prunes and a couple of acres of other fruit that is good. Then there are from 500 to 1000 cord of good oak wood ready to be harvested and hauled to market. Prunes seldom fail ever in this locality and there is a good crop on the trees now. It isn't far—it's less than 20 miles from here, only 40 minutes away. We are going to make trips to show it today and tomorrow and you are as welcome as to go to the store. If you are interested, call on me at my home, 209 U. S. Bank Bldg., Phone 140. McGLICHRIST & PENNINGTON

**McCOY PROVED THIEF OF MRS. MORS JEWELS** (Continued from page 1)

he was apparently "shaming" insanity.

The body of Mrs. Mors will be shipped to the home of her mother, Mrs. Clara Weinstein, in New York, announcement tonight said.

Rumors that McCoy's counsel planned to have him plead guilty to the murder indictment and throw himself on the mercy of the court, were denied by the defense attorneys. They said several alienists would examine their client in the course of the next day or two.

Laugh and the world laughs with you; weep and it says: "That's too bad, well, I must be going."

**BITS FOR BREAKFAST**

Raise more live stock—

It is the live thing to do in the Salem district.

We lead in live stock now, and in corn and clover, but we must make our lead a longer one.

"Give 'em 1—livestock, lime and legumes!" That is the slogan of a southern city, put forward by the associated banks of the district. It has transformed a busted community into one of the most prosperous of that region.

B. C. Miles has satisfied himself, after visiting the principal mills in England and Scotland, and in the great Belfast district in Ireland, that a spinning and weaving mill in Salem would be a profitable undertaking, and he is hurrying home to organize a company to build such a mill. He has thoroughly satisfied himself that our flax fiber is suitable for making fine linens and good twines. He finds that about 25,000 other Americans in that part of the world want to come home—all at the same time, and he may be somewhat delayed in getting passage. But he is in a hurry to come and get to work, and he will soon be here.

The Salem packing house is a guarantee of a market for our hogs and our beef cattle and veal and mutton at the highest prices going in this country. So our live stock industry will keep right on growing.

More silver fox farms are coming to the Salem district. This industry has a real boom, and there is no telling how great it may become.

The circus did a great business in Salem. Mr. Barnes gave what he advertised, the greatest wild animal show going.

**IF THERE IS ANY DESIRE FOR A farm** in your system and if you are willing to encourage it the least bit, just read this out loud to your wife: There are 60 acres of fine corn land, containing up to the main highway and only 4 miles from a crackling good town, and only a mile from a shipping station, and school near by. Good six room house and a good barn, fruit room and shop, and chicken house and a good cattle shed. Ten acres of mighty fine 10 year old prunes and a couple of acres of other fruit that is good. Then there are from 500 to 1000 cord of good oak wood ready to be harvested and hauled to market. Prunes seldom fail ever in this locality and there is a good crop on the trees now. It isn't far—it's less than 20 miles from here, only 40 minutes away. We are going to make trips to show it today and tomorrow and you are as welcome as to go to the store. If you are interested, call on me at my home, 209 U. S. Bank Bldg., Phone 140. McGLICHRIST & PENNINGTON
