

SCHOOL BOARD TO HAVE OPEN HOUSE

Public to Have Opportunity to Inspect New Junior High Building

Open house will be held by the school board at the new J. L. Parrish junior high school on North Capitol a week or 10 days prior to the opening of the 1924-25 school year on September 29...

Other matters of routine business occupied the board last night chief of which was the favorable attitude in which members regarded the general use of the high school gymnasium for athletic purposes...

THE CANDIDATES ENTER ON LAST DAY

day, Saturday, August 30th. Things to Remember Do not wait for others to get the votes for you but start today and make up for any time you may have lost waiting for others to vote for you.

The valuable prizes are surely worth a strenuous effort on your part. The lady who is wise enough to realize that a new subscriber will bring her just twice as many votes as an old one, is the one who will stand a far better chance of

winning these splendid prizes at the close of the contest.

Triple Votes Beginning Monday, August 25, at 8 a. m. The Statesman will give triple votes on all subscriptions until the end of the contest. This will be the last as well as the best offer during the contest and every contestant should take advantage of it as it might be the means of your winning the prize you are after.

During the next few days it will depend largely upon the efforts of each candidate as to who will win and who will not win. Nobody has the prizes clinched yet and the work done between now and next Saturday night will probably determine the winners of the grand prizes.

Walks Along the Shore Good hikers frequently make the trip afoot down South Beach to Seal Rocks. More ease-loving individuals, after crossing the bay, take the Waldport stage. At Seal Rocks lunch is spread on the flat water-worn rocks in sight of the restless tide that during winter storms dashes the spume and spray of the waves high over Haystack Rock, the Needles, and the Giant's Causeway.

One of the favorite walks from Newport is the trip to Yaquina Head lighthouse. In late summer you will find plenty of huckleberries a few hundred rods back from the beach. Agate Beach, one of Yaquina Bay's most beautiful resorts, is only a few minutes' walk from the lighthouse. The lighthouse is built at the extreme edge of a sea-worn bastille cliff that juts out into the ocean.

Beyond the lighthouse you can see Cape Poulweather. Trips are often made by the tireless young folks to Schooner Point, and further up the coast to Otter Rocks, Gull Rock, the Devil's well, and the Devil's Punchbowl, all famous

sights on this trip. The Devil's Punchbowl is a sea-worn cave with an orifice in the top through which, when the tide is high and there is a landward breeze, the water is hurled high into the air. It looks like some submarine geyser and, as the milk-white waters rush down the black sides of the rock, the boulders look like black velvet with an edging of delicate lace. Agate hunters go down on to the beach near the Devil's Punchbowl when the tide is out and find beautiful moss agates.

Summary of Prizes Offered Ten ten ladies receiving the ten highest number of votes in the contest will each be awarded a free vacation trip to Newport, commencing Sept. 2nd. The entertainment at Newport will be provided under the auspices of the Newport Chamber of Commerce.

There will be splendid accommodations and entertainment of various kinds provided. This will be a red letter week in the lives of the contest winners and one never to be forgotten. Another joy will be added when each of the winners is presented with a box of Gray Belle candy. These will be charming summer vacations and with all expenses paid by the Chamber of Commerce of Newport and the Statesman Publishing company they will be doubly delighted.

OLD CHARGE IS BROUGHT AGAINST SEN. WHEELER (Continued from page 1) elisted by S. C. Ford, former attorney general of that state. Senator Wheeler asserted that a number of his senate colleagues had volunteered to take charge of his defense. His indictment charges that he accepted money from Gordon Campbell, a Montana oil operator, for representing the latter's interest before the interior department after his election to the senate.

Notification that pending proceedings against Senator Wheeler were to be taken up in September caught the La Follette forces somewhat by surprise and just after their national campaign leaders had completed a series of conferences on organization and speaking tours. The Montana senator was definitely scheduled to speak in four New England cities and tentatively to appear in New York state and then go west by way of Chicago. These tentative speaking plans have been set aside.

Spilled the Day It was one of those warm afternoons with just enough of a breeze stirring to make motoring delightful. The old bus never hummed along better as I stepped on the gas. A tingling sensation of enjoyment crept over me as I realized that, with the exception of a solitary motorcyclist directly ahead, I had the whole road to myself. Well, I would soon eliminate that fellow!
