TO A VERY SMALL BOY

Hold the Dream, wee Laddie
That lurks deep in your eyes,
Let its starry promise
Point you to far skies.

Drink of Beauty, Laddie,
It lives in your young face.
Let it brim the deep cup
Of days and years, with grace.

Holding Dreams and Beauty,
Eagerness and Joy—
How shall Evil touch you,
Lovely little Boy!
—Ellen M. Carroll, Charleston.

MR. AND MRS. W. W. MOORE and daughters, Lucille and Dorothy, Dr. Mary Rowland and daughter, Nellie, and Louis Green, of Portland, are home from an exceedingly interesting five-weeks camping and motor trip through Spokane, Lake Winemere, Lake Louise, Banff, Calgary, Glacier

National Park, and Yellowstone. Altogether the party traveled a distance of 3,924 miles between July 28 and August 29, the distance from Salem to West Yellowstone, alone, being 1,048 miles. The Canadian Rockies proved the most beautiful phase of the whole trip, with their magnificent scenery. At a number of points in the mountains the party encountered snow, with a great deal of rain.

Rain on the road eighty-six miles from Banff to Calgary made the trip take, instead of three hours and a half, nine hours. Leaving Glacier park, the party spent a thoroughly interesting week at Yellowstone where countless pictures were taken. The hottest weather on the trip was found in Boise, Idaho. The party was caught in a severe thunder storm while in Yellowstone.

A further interesting stop of the trip was made at the head-

waters of the Columbia river, known as upper Columbia Lake.

Mrs. Lola Bellinger and little daughter, Jane Elizabeth, have returned from a two weeks' vacation spent at the Damon House, Newport.

Lestie Sparks and John Creech left yesterday by motor for a two weeks' trip to California. They will make Berkeley their headquarters during the fortnight.

Mr. and Mrs. Thomas Holman and daughter, Grace Elizabeth, are home from the beach. They were guests while away at Hotel Neskwina.

Rev. and Mrs. I. G. Lee who are leaving for Portland to take the pastorate at West Piedmont church after six years of service in the community of the Highland Friends, were honored at a farewell reception held at the Fairgrounds Friday afternoon and evening.

A program of appreciation followed the picnic luncheon which was spread at 6 o'clock. Mr. Clarke presided as toastmaster. Mrs. McCracken spoke in behalf of the Sunday school concerning the pleasure the members had taken in Rev. Lee's work. Mrs. Earl Beckett and Mrs. Cooley, both members of the congregation, spoke in the same vein. Miss Vira Lull spoke appropriately to the occasion, representing the young people.

Mrs. Lee responded most graciously to the remarks made, as did Rev. Lee and their son, Walter Lee. Following a prayer by Rev. Clark, all joined in the singing of "Blest Be the Tie that Binds."

Mr. and Mrs. Clarence Bishop of Portland motored down yesterday to accompany Mr. and Mrs. C. P. Bishop on a week-end trip to the beaches. The party left this morning.

COMMUNITY DAY

Saturday, Nov. 22, has been designated as Community day in the American Education week program for 1924. It is hoped that there will be a community meeting that day or evening in every school house in America. The subjects suggested for discussion are of particular value to rural communities, the central idea being "Service to community, state and nation is the duty of every citizen." Here is a suggested program:

1. Equality of opportunity in education for every American boy and girl.
 2. Better rural schools.
 3. Adequate public library service for every community.
 4. A community's concern for education measures its interest in its own future.
 5. Good roads build a community.
- Slogans—Get acquainted with your neighbor.
A square deal for the country boy and girl.
Children today—Citizens tomorrow.
Teachers and community leaders will add to or subtract from the above program or modify in such a way as to meet local conditions.

THE HIGH SCHOOL AND SOCIAL PROBLEMS

Is your high school giving you and intelligent participation in social relations?
Such understanding and such participation is vital to national, group, or individual well-being. If we could elect the strong men to the nation who have perfect understanding of social needs and if these men happened to be wholly bent upon the well-being of the whole group, we could commission them to direct our affairs governmental and turn our whole attention to other matters of personal importance. Happily, or unhappily, however, perfectly unselfish or altruistic men are not found. Happily or unhappily our intelligence determines whom we select to direct our national life. Our intelligence judges as between this man's point of view and that man's point of view. The collective intelligence of the masses of the people in a democracy determines the course of the national life. We cannot avoid it. The people do, in time, solve the problems of the people.

What is your high school doing to train the intelligence of your child in the problems of the nation?
Happily, or unhappily,

MATHILDA'S SHOPPING DIARY

August 31
By AUDRED BUNCH

The GRAY BELLE is the ideal place for the early fall club luncheons, or, for any entertaining, in fact. And taking from the hostess all responsibility, it leaves her just that much more charming. And by the way, your mouth will water, too, when Mathilda tells you fresh Olympia oysters are now coming in, with the Gray Belle chef a real adept at preparing them!

Velvet is unvaryingly smart for both street and evening wear. Black is particularly fashionable.

Mathilda assures you that the ACE is, indeed, the place for finding that latest periodical or the choicest in confections, with cigars, cigarettes, books, and ice cream immediate for your needs.

I wonder if you have found that cosy little hem-stitching shop on the north side of Court street called THE VOGUE?

Kalke sisters at the MILLER BEAUTY PARLOR specialize in choosing the becoming bob, the lasting marcel, and in giving confidential scalp treatments that bring gratifying results.

Hand-painting on velvet is a chosen way this fall for embellishing milady's gown and chapeau.

Did you see MOORE's window this week-end?
There is always something of interest in music, and this week there is a clever representation of a car made up of records and portable phonographs on a miniature road**** but Mathilda must not tell you all—you will have to see it yourself!

"An extremely feminine creation" characterizes the new wave-line strap slipper in blonde satin which some of the eastern Parisian shoe-studios are showing.

Dispatches from New York say opals have suddenly come into distinct favor.

The exclusive prevails in music as well as in the wardrobe: Did you know this month's pipe organ record is only the second for that instrument that the catalogues shows, its tone-reproduction being that difficult!

All phases of beauty work are cared for at the ELITE: Facials, manicures, shampoos, shingles, and satisfying marcols. For the barber work patrons are exclusively women and children.

Can't you almost imagine a tune to this jingle of colors? Apricot, Celestial, Poudre Blue, Albino, Rose Beige, Cossack, Penny?

Mathilda was delighted to find that all departments at MILLER'S are being stocked throughout with splendid new fall merchandise. In the ready-to-wear department she found a display of coats to meet every need. And the same is true of the suits and dresses. But if Milady is one who prefers to make her own fall costume she should be sure to see the new suede finish and lustrous seal wool coatings, as well as the velvets, crepe back satins, and georgettes in all shades. And Mathilda must ask you to look, too, at the new negligee fabric that comes in such exquisite pastel tints. There is also a wide selection in the new costume velvets.
