Wet Weather Puts a Temporary Stop to Battles Near Shanghai

SHANGHAI, Sep. 9.—(AP.)—Heavy rains which fell today have put a stop temporarily at least to the battles which have been in progress for a week past between the Chekiang and Kiangsu armies west of this city. For the possession of which the governors of the two provinces appealed to the force of arms. It is a tradition in China that Chinese soldiers will not fight when the sun is strong or rain falls. In fact in the low-lying country between the Yangtze river and Shanghai-Nanking railway, west of this city, where the battles are staged and which is intersected by numerous creeks and canals, fighting is next to impossible after a rain, the whole country being flooded.

Hop Picking Delayed By Coming of Rain

SILVERTON, Ore., Sept. 8.—(Special to The Statesman.)—While hop picking has been or is being completed in other parts of Marion county many of Silvertown's largest yards were scheduled to open today, but because of the rain which set in after an electrical storm Sunday night, opening was postponed until the present wet spell ceases. Picking began in a few yards the latter part of last week. The hop crop is said to be somewhat less heavy than that of last year. Pickers, however, almost invariably report "good picking."

RAINS INTERRUPT COUNTER ATTACKS

Wet Weather Puts a Temporary Stop to Battles Near Shanghai

From reports of eye witnesses, and the Chekiang headquarters the rain comes as the Chekiang armies were launching counter-

tacks at Liuho on the Yangtze river and Kwangtu on the railway, where they had previously repulsed Kiangu attacks. Both counterattacks, it is claimed, met with a measure of success.

Meanwhile another Chekiang army is advancing from the south around Lake Taihu near Hsing, with Changchow, an important city on the railway as its objective, hoping here to cut the lines of the enemy.

To assist the marines landed from the foreign warships to protect the international and French settlements, the municipal council has issued drastic orders prohibiting the appearance on the streets of any soldiers of the two Chinese armies. stragglers from the belligerent forces.
