SHOWERS SEND PRICES UPWARD

Turn in Weather Causes Rising Tendency in Chicago Wheat Market

CHICAGO, Sept. 19.—Rains and cooler weather that interfered with threshing and the crop movement both in the Canadian northwest and Montana, tended to make wheat prices today average higher. Closing prices here for wheat were firm at the same as yesterday's finish to 3/4c up, and December, \$1.23 1/2 to \$1.33 7/8, and May \$1.39 5/8 to \$1.39 3/4, with corn unchanged to 3/8c down; oats varying from 1/2c decline to 3/8c advance, and provisions unchanged to a rise of 12c.

Upturns in the wheat market were associated with gossip that serious delay of the crop movement in Canada would be likely to increase the export buying of wheat in the United States. In this connection it was pointed out that only 2,190,000 bushels of wheat was delivered at Canadian country elevators yesterday as against 5,297,000 bushels a year ago. And that just 320 carloads arrived at Winnipeg, a falling off of more than 1300 cars compared with the corresponding day last year.

Talk was also current that the quality of Canadian wheat this season is below the usual standard and that prolonged moisture would render the situation worse. Export buying of wheat today although apparently rather slow, proved to be of sufficient volume to offset hedging sales, and it was said that Duluth No. 1 northern wheat was much cheaper than any Canadian wheat at present available. Besides trans-Atlantic shipments from this country by way of the Gulf of Mexico continued heavy and reports emphasizing inadequacy of food supplies in France attracted considerable notice.

Corn and oats were relatively weak, influenced more or less by reports of a little improvement of corn crop conditions over the

northern portions of the belt. The forecast, however, was for wet and cooler weather.

Packers' buying of lard gave firmness to provisions.

GENERAL MARKETS

PORTLAND, Sept. 19.—Grain futures: Wheat, hard white, blue stem, baart, September, October, November, \$1.47; soft white, September, October, November, \$1.44; western white, September, November, \$1.41; October, \$1.41; hard winter, September, October, \$1.34; November, \$1.33; northern spring, September, October, November, \$1.34; western red, September, October, November, \$1.31 1/2; BBB hard white, September, October, November, \$1.58.

Dried Fruit
NEW YORK, Sept. 19.—Evaporated apples, firm; prunes, steady; apricots and peaches, quiet; raisins, steady.

EUGENE MAN KILLED
EUGENE, Or., Sept. 18.—R. B. Maxwell, 30, powderman for the Walter A. Woodard Lumber company operating seven miles south of Cottage Grove, was killed this afternoon when his own rifle was accidentally discharged, the bullet piercing his heart. Accompanied by his wife and another couple Maxwell was walking on a lumber flume when the rifle was dropped, the hammer striking on a board, discharging the gun.

FOREIGN WAR VETS COMING

Hundred Ex-Service Men to Attend Departmental Council Here

Approximately 100 ex-service men are expected to gather in Salem October 11 and 12 to attend a departmental council and ceremonial, according to Bolton Hamble, past state commander of the Veterans of Foreign Wars. Members of Marion post No. 661, of Salem, will have charge of the gathering and arrange for their entertainment.

Present plans call for an initiation of a class of at least 25 candidates Saturday night. A 20-man team from Portland will have charge of the rites and secret work of the organization. There is also a probability that there will be a gathering of the "Order of the Cootie," the special order of the VFW, at this time.

Of the 100 members who are expected, approximately 75 will be here from Portland and the remainder from posts in Eugene, Lebanon and Corvallis. Delegates from eastern and northern Oregon posts are not expected to attend the meeting.

Harvest Season Closing In Silvertown District

SILVERTON, Or., Sept. 19.—(Special to The Statesman.)—With pruned harvesting already over and the finishing of hop picking in sight, the 1924 harvest season at Silvertown will soon be at an end and preparations will begin for next year's crop. A few evergreen blackberries are still being picked to the market. A few hop pickers are still going to the fields, but with the close of this week, it is said, all hops in the Silvertown district will be picked and dried. A few evergreens may be harvested next week.

LEGION FAIR IS BIG ATTRACTION

Silvertown Has Exposition Under Auspices of Delbert Reeves Post

SILVERTON, Or., Sept. 19.—(Special to The Statesman.)—Perhaps the biggest thing ever put over at Silvertown is the community fair which is being sponsored by Delbert Reeves post of the American legion and which began Friday morning at 9 o'clock and will close Saturday night at midnight. The fair is held on grounds secured from school district No. 4 on First street between Park and A streets, and the Eugene Field building with its court yard. The auditorium contains the display of local merchants, the baby show.

CHAMBERLAIN'S TABLETS
Never disappoint or nauseate—25c

Seventeen British subjects, including 10 members of the Walker team, are entered. Among them stand out the mighty hitting player, Cyril H. J. Tolley, open champion of France and conqueror of the American amateur champion, Maxwell R. Marston, in the recent Walker cup tournament; Justice F. Storey, Cambridge university captain, and the Hon. Michael Scott, who has held various Australian titles and defeated the New York star, Jess Sweetser, in the Walker cup series.

There are four Canadian competitors, including the dominion's champion, Frank Thompson of Toronto.

William I. Hunter, former British amateur champion, who in recent years has lived in Los Angeles, is among the other dangers to home-bred amateurs. The champion of Panama, Edmond L. Koperski, also is entered.

Oregon Prof. Is Arrested On Charge of Non-Support

LOS ANGELES, Sept. 19.—Dr. Ernest Sutherland Bates, said to be a professor at the University of Oregon, was haled before Judge Pope of the police court on a warrant charging failure to provide for his minor children. He entered a plea of not guilty and was released under \$1,000 bail pending trial next Tuesday. Dr. Bates denounced the charge as one trumped up by his divorced wife to annoy him. He said he was en route to Massachusetts to claim his share in the estate of his mother, who died recently.

the fancy work displays and the flower shows. The army tents secured from the Oregon national guard are placed in the court yard and house the poultry, the stock, automobiles and forty-niner legion show. The evenings are devoted to band concerts and street dancing.

HAGEN AND BARNES TO ENTER FINALS

National Professional Golf Championship Will Be Decided Today

FRENCH LICK, Ind., Sept. 19.—Walter Hagen of New York, holder of the British open title, will play Jim Barnes, former national open champion, in the finals for the national professional golf championship at French Lick Springs, both having survived the day's 36 hole matches, although Barnes had the narrow escape he has experienced since Mike Brady took him over 19 holes in the first round.

Hagen had no difficulty in eliminating Ray Derr of Philadelphia, 8 and 7, but Barnes appeared to be the loser in his match with Larry Sabholz of Lima, Ohio, until they had played their second shots on the 36th hole. There the sturdy youngster, who forced Barnes to shoot even par the entire distance, committed again a fault that had cost him several strokes during the day, over-approaching on his second shot to the green.

Thus the finals brings together two veterans of the game, Hagen, who sprang into prominence ten years ago by winning the national open title at Chicago and Barnes, a native of England, who has been prominent in championship golf for many years but who has captured few titles in comparison with Hagen's record, which includes the possession at least once of nearly every open title in the world.

AMATEUR GOLFERS' TOURNEY STARTS

United States Championship Is at Stake at Links of Ardmore, Penn.

ARDMORE, Penn., Sept. 19.—(By The Associated Press.)—The week's international battle for the United States amateur golf championship begins tomorrow at the Merrion Cricket club with 166 entrants of proved ability to compete.

Having just been defeated in polo and team golf, Great Britain will make its last effort in the tournament here for sporting honors in competition with the United States and the threat of the tide going across the water for the first time since Harold H. Hilton won it in 1911 is by no means slight.

There are four Canadian competitors, including the dominion's champion, Frank Thompson of Toronto.

William I. Hunter, former British amateur champion, who in recent years has lived in Los Angeles, is among the other dangers to home-bred amateurs. The champion of Panama, Edmond L. Koperski, also is entered.

Oregon Prof. Is Arrested On Charge of Non-Support

LOS ANGELES, Sept. 19.—Dr. Ernest Sutherland Bates, said to be a professor at the University of Oregon, was haled before Judge Pope of the police court on a warrant charging failure to provide for his minor children. He entered a plea of not guilty and was released under \$1,000 bail pending trial next Tuesday. Dr. Bates denounced the charge as one trumped up by his divorced wife to annoy him. He said he was en route to Massachusetts to claim his share in the estate of his mother, who died recently.

ONE MORE SPEED RECORD SMASHED

Czar Worthy Cuts Mile Trot for Geldings Down Almost to 2 Minutes

TOLEDO, Ohio, Sept. 19.—When Tommy Murphy drove Czar Worthy around Fort Miami track in 2:01 3/4 here today another world's record was smashed, for this was the fastest mile ever traveled by a gelding in a race. This record mile was trotted in the second heat of the Stedman trot, purse \$5,000, feature event of the closing day of the grand circuit card.

Murphy won the event easily with Czar Worthy, winning the first heat in 2:03 3/4 and the third in 2:03. These three heats were the fastest three heats ever traveled by a gelding in a race.

La Paloma, with Wolverton driving, won the 2:04 pace, taking the final two heats after Richard Hal, with Mallow up, had won the first mile.

The 2:18 trot went to Jeritza, Ackerman up, and the 2:10 pace was taken by Dickerman, Erikine in the sulky, in straight heats.

C. DAWES SPEAKS AT SIOUX FALLS

Senator La Follette Is Strongly Assailed By Republican Nominee

SIOUX FALLS, S. D., Sept. 19.—(By The Associated Press.)—An appeal for "common sense" consideration of the agricultural problem free from "political poison" was combined with an attack on the La Follette independent candidacy in an address made at a republican state rally here tonight by Charles Dawes, the republican candidate for vice president.

Advised by republican leaders of the state at a series of conferences during the day that the La Follette independent candidacy represented the principal barrier to republican success in South Dakota.

ta in November, Mr. Dawes, at the beginning of the address, temporarily cast aside his prepared speech on agricultural and launched an attack on Senator La Follette.

He declared Senator LaFollette by his advocacy of congressional veto of judicial decisions had raised an issue "the greatest issue that can come to any country, the issue of the constitution of the United States." The La Follette movement he added, would by one blow destroy a government of balanced power and give us a government by congress and would place in the hands of congress the safety of the inalienable rights of every citizen.

W. H. McMaster, governor of South Dakota and the republican candidate for the United States senate, occupied the platform with Mr. Dawes and in a brief address preceding the vice presidential nominee, declared he expected to support the Coolidge-Dawes ticket.

Governor McMaster's attitude toward the republican ticket, as against the La Follette candidacy, had been without definition since the republican national convention but he began his address tonight by saying: "I want to say to my friends in the state that I want to make my position clear on all questions. There is one on which I desire to state my position tonight and that is I expect to support President Coolidge in the coming campaign. I also expect to support the republican congress and the entire state ticket."

Senator Norbeck, who, like Governor McMaster, supported Senator Johnson of California in the presidential primary, presided at the meeting and also declared his support of President Coolidge.

Mr. Dawes in discussing the agricultural problem, declared it to be of such a serious nature "that by common consent there is a turning away from political quack doctors." The only practicable solution, he asserted, could come through the appointment of a non-partisan, non-political commission, such as proposed by President Coolidge.

REPORT DEMANDED OF SEC. MELLON

Guardian of United States Treasury Is Called Upon to Open Records

WASHINGTON, Sept. 18.—Secretary of the Treasury Mellon today opened the records and files of the internal revenue bureau to the special senate committee appointed to investigate it and was called upon in addition to furnish considerable data on various phases of tax payments on large incomes.

The secretary who attended an executive session of the committee today assured it of his cooperation in its investigation and Senator Couzens of Michigan, the chairman, was authorized to appoint a force of engineers, examiners and agents to go through the files of the income tax and prohibition units of the internal revenue bureau in search of information desired.

OREGON PLAYER SUFFERS INJURY

Terjesen Sustains Slight Hurt in Ankle—May Be Kept Out of Game

EUGENE, Ore., Sept. 19.—The first scrimmage of the year for the Oregon football team held today, was marred by what may be a serious injury as far as Oregon chances in the conference are concerned.

Terjesen, varsity mainstay, injured an ankle in the opening scrimmage and may be out for the season.

Coach Maddock sent his football candidates through a spirited hour and a quarter scrimmage work. He used practically every man out in a suit. There are six days of real work left before the Willamette contest and Maddock and his staff say they plan to make the most of them.
