JERUSALEM, Aug. 13, (AP)-The stubborns conservatism of the Mohammedan custom with regard to the social isolation of the women in Palestine may soon give way before the movement launched by Arab feminists for the removal of the veil. The Holy Land, backward in many respects, is behind such Moslem countries as Turkey and Egypt in breaking the shack-

les holding women in seclusion. The movement for the enfranchisement of Moslem women in Palestine is of recent origin and is traceable to the influx of people from the west, especially the Jewish immigrants coming to settle in their national home.

As the first step towards their emancipation the women demand ecclesiastical sanction for the removal of the dark vell from their faces. If such flying in the face of age-long custom does not win official approval, some of the leading Arab women of Palestine are determined to do what their Moslem sisters did in Turkey, where the veil has been entirely cast off, or at least in Egypt, where only a light transparent PLUMBING AND GENERAL REPAIR veil is still worn extending from below the nose.

The ban on the public appearance of women has retarded the development of the Arab drama, and it is the hope of the feminists that the admittance of Moslem women to the theatrical stage will follow the removal of the veil. Arab women of Palestine are keen not only on social emancination but on participation in poli-

KLAMATH FALLS, Ore., Sept. 19.-Duck shooting in the Klamath region has not proved as alluring as in previous seasons, many hunters are reporting. Due to the dryness of the season many of the numerous marshes have little or no moisture and the winged creatures are not being found in their usual haunts. Several good bags are reported in the district south of here near Mid-land and occasionally hunters are coming in well loaded from the upper Klamath lake area. A drop in temperature today is looked upon by sportsmen as a good omen.
