**ITCHING ECZEMA DRIED RIGHT UP WITH SULPHUR**  
Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles' Mentho-Sulphur from any good druggist and use it like a cold cream. —Adv.

Sanford and Williams families. Mr. Arnrreiter is mayor of Agate Beach.

**Hartman Syndicate Sues West-Black for Damages**

Charges made in the report of Oswald West and George Black to Governor Pierce of the Hartman Syndicate are characterized as a "damnable attack" by William D. Bennett, secretary of the syndicate, who was in the city last night. Mr. Bennett had with him a copy of the complaint filed in Jackson county yesterday in which West and Black are made defendants in the sum of \$250,000, of which \$50,000 is for special damages. West contented himself with looking over the annual audit and has never looked over the syndicate's holdings and Black has never been to his office, Mr. Bennett said.

Chief of the allegations in the complaint are that the defendants did not use reasonable diligence or they could have easily learned that the syndicate was not promoted by E. W. and H. W. Hartman and that it had filed an application of common-law trust to qualify its securities and operate under the blue sky laws; that the report in question was sold to the syndicate at actual cost and without profit or royalty to E. W. Hartman or any of his companies; that the prospectus, of which West had a copy, does not state or infer that the syndicate owned 3000 acres of land, but that it did own 320 acres with the remainder un-

der lease from the government and that the report was published with intent to injure the business of the syndicate.

In Salem or the immediate vicinity there are between 200 and 250 stockholders in the syndicate.
