THE OLEO LAW BEFORE THE PEOPLE

Not Only the Dairy Interests But the Entire State Is Interested in Outcome

The Oleo Margerine and Condensed milk measure is intended to protect not only the dairymen and the dairy interests alone, but everybody in the state—every merchant, every banker, every business and professional man, every institution which depends on Oregon prosperity for its own.

It is intended to protect the health of babies and children, youth and grown people, and to build a future generation worthy of our care.

It does not injure any poor people, nor does depriving them of their so-called cheap spread on bread work them harm. There are a great many cheap things. Azle grease is quite cheap, but it should not take the place of butter. No doubt, a good chemist could doctor it up and mix it with milk and make it taste all right.

Such mixtures we do not favor, because they are not real economy and because they constitute an unfair and injurious competition. They deprive people of something far more important than their alleged cheap spread.

This law will not prevent the importation of coconut oil or copra. There is a place for coconut oil and other vegetable oils. If we open the Bible we will find frequent references to milk, butter and cheese as food products of merit. We also read something of vegetable oils, not as foods but as cleansing agents.

It is frequently admitted that vegetable oils are valuable as soap ingredients. Nor is it denied that they may have some food value. But if they are to appear as foods let them come out in the open for just exactly what they are. If they are of value why do they have to masquerade? Why must they be forever hiding behind milk?

The intent and purpose of this law is simple and plain. We want to stop counterfeiting butter with a substitute which takes the valuable ingredient out of butter and puts in something less valuable. We want it stopped in Oregon.

If this law is defeated a number of things will follow:

First: it will be a great victory for the oleo industry over the dairy industry. Cheap oils may be mixed with skim milk and turn out what is said to be a substitute for butter. It is but a step from this to using mineral oils, oils refined from petroleum.

Second: the dairy industry will begin to decline. It cannot help it. There will be fewer cows, poorer soils, heavier taxes, and these will not be paid by the eastern oleo factories.

Third: the health of the coming generation will not be as good, for the children will have less dairy food.

Fourth: labor will find that the so-called cheap spread on bread is making cheap wages and a cheap scale of living. They will be put in competition with cheap labor of foreign lands, Asiatic labor. If cheapness is what they get on the table, they will fit in their pay envelopes, too.

These things will not come in a day or a week, but they have be-

COLDS

"Pape's Cold Compound" Breaks a Cold Right Up

Take two tablets every three hours until three doses are taken. The first dose always gives relief. The second and third doses completely break up the cold. Pleasant and safe to take. Contains no quinine or opiates. Millions use "Pape's Cold Compound." Price, thirty-five cents. Druggists guarantee it.—Adv.

gun already. Just as surely as night follows day, the failure to protect our own interests will be followed by further encroachments of greedy institutions which care for nothing but making more money. Let us realize right now that these great corporations are not spending thousands of dollars in advertising cheap spreads for bread because they love the poor people so much. If that were the case they might pay the poor copra gatherers in the Philippines a wage that will enable them to live as civilized people should. They are not exercised over our financial condition nor the health of our babies. There is just one thing which inspires their extensive advertising campaigns, their hired speakers and paid propaganda, and that is more profits for them.

Let us vote for the law which will protect us. Let us vote 306 Yes.

FEDERATION TO MEET IN STAYTON

Corn Show and Other Things to Be Discussed Thursday Night

An exceptionally fine program is planned for the October meeting of the Marion County Community Federation to be held at Stayton Thursday night. The meeting is to be held in the auditorium of the high school building and will begin promptly at 8 o'clock. The annual corn show, the county health work and the flax fibre industry will be emphasized. Special musical numbers will be offered by the Stayton Community club.

"The annual Marion county corn show and how community exhibits will be rated" is the subject to be discussed by A. N. Fulkerson, president of the Marion County Community Federation.

Mrs. Lyda King, county health nurse, will tell of her work and what it really means.

"Flax Growing and Spinning in Belgium and Ireland" is the topic of B. C. Miles, who has just returned from a three months' visit in Belgium and Ireland. His information was learned first hand and he is willing to pass it along.

In line with the flax discussion will be a talk by P. E. Thomason, on "Flax Growing and What I Know About It." Mr. Thomason is recognized by the Portland Chamber of Commerce as one of the best authorities in the state on flax.

It isn't difficult to start a savings account unless you think you have some obscure ailment that requires dosing.

Betty Compton and Huntley Gordon in "The Enemy Sex."

Betty Compton Leads in New Show at the Oregon

"The Enemy Sex," a film story of a girl whose actuating motive in life is the love of conquest, who seeks to explore without experiencing opens its Salem showing at the Oregon theater today.

It is, above all else, a brilliant love comedy made by James Cruze, producer of "The Covered Wagon" and in its way equally as good as that classic of the screen. It has life and punch, a multitude of thrills, a plot of logical sequence and gripping situations, and a background in real life that is so necessary to a truly successful picture.

Betty Compton plays the lead,

the role of a bewitching and designing woman who has tired of the easy conquests over the men of her own home town and goes to New York and Broadway to find men worthy of her finesse in the game of commercialized love. Her battle of wits with five men, worldly wise, wealthy and powerful in position offers to theater patrons a refreshingly new angle on the social problem theme. The element of suspense is also cleverly woven in the play and holds the viewers interest up to the face-out.

Supporting Miss Compton are Percy Marmont, Sheldon Lewis, Huntley Gordon, Kathryn Williams, De Witte Jennings, Will Turner, Dot Farley, Ed Faust and Pauline Bush—each in the role you would swear had been written expressly for them.

CANDIDATES FOR JUDGE GROUPED

Supreme Court Knocks Out Ballot Formation of Secretary Kozier

Voters will have put one group of candidates for the state supreme bench from which to choose the two men who will fill places of Justices Lawrence T. Harris, resigned, and John McCourt, who died recently.

The state supreme court yesterday reversed Secretary of State Kozier, who had ruled that each vacancy must be treated separately and held that the three candidates must be grouped together.

The action was based on a suit filed by C. J. Smith, chairman of the state Democratic central committee. The action opens the way for C. P. Coshov, Democrat and appointee of Governor Pierce, to succeed Justice Harris, to contest

for either seat on the bench. Under Kozier's ruling Justice Coshov would have opposed Judge Harry H. Belt, Dallas, for Justice Harris' place. Judge Percy R. Kelly, Albany, under the former ruling, was unopposed for Justice McCourt's seat as Justice Martin L. Pipes, named to succeed Justice McCourt, is not a candidate and no other candidate filed.

A Community Meeting Will Be Held at Brooks

A union community meeting will be held in the school building at Brooks, Ore., Friday evening, October 17, 8 o'clock. In connection with a program of music and readings a number of communities have been invited to be represented in short speeches as follows:

Gervais, Sam Brown; Labish Center, I. D. Bennett; Perkins, Arthur Girod; Beuna Crest, J. C. McFarlane; North Howell, W. H. Steves; Hayesville, Lloyd Reynolds; Hazel Green, Mrs. G. G. Looney; Manning, E. C. Nafziger; Parkersville, Cleve Shields; Keizer, W. E. Savage; Brooks, Clyde Harris.

BIGGER POLICE FORCE SOUGHT

Department Asks \$39,615 and Wants 20 Permanent Patrolmen

Members of the ways and means committee of the city council last night began work on the city budget, only a portion of which was ready for them, due to the great amount of detail involved. After wrestling with the budget, the document will be taken up at the citizens' budget committee which meets with the city council next Monday night.

One of the heaviest demands is that made by the police department, which asks that the council direct \$39,615 of the city's dollars be used in this department. The budget for carrying on the work of the police department this year was \$20,590. Twenty permanent patrolmen at the rate of \$125 a month are asked for 1925, automatically adding \$15,000 to the city payroll.

Eight more men are sought by the fire department to man the new ladder truck which will arrive here in the near future. Four men are needed for each shift. Sewer plans outlined for 1925 will call for nearly 10,000 more than was spent in the work this year. This department was one of those which had not yet completed its estimates Monday afternoon.

Budgets of the city recorder, city treasurer, street commissioner and the city attorney remain the same as last year.

SALEM HIGHWAY TRACTS OPENED

Selection of Choice Locations Is Now Being Made Says Reimann

Selection of choice locations in the new Salem Highway tracts to be opened next Monday by Rich L. Reimann, realtor, is now being made. The tracts are in half-acres and between the Pacific highway road and the Pacific highway road, between the Pacific highway road and the Pacific highway road, between the Pacific highway road and the Pacific highway road.

\$102,000 IS PLEDGED FOR NEW BUILDING

(Continued from page 1)

corn, apple and loganberry pie. The dinner was served by the following women: Mesdames Roy A. Klein, Floyd L. Utter, A. B. Hanson, C. J. Kowitz, F. A. Baker, Guy W. Hunt, Edward Stewart, I. W. Follis, Ward Willis Long, Arthur Keene, A. E. Simpson, C. A. Epley, F. M. Reed, E. F. Lang, Gordon Black, Harvey Love, E. E. Elliott, A. R. Bernard, C. F. Wilson, R. A. Annin, W. L. Pemberton, E. C. Cross, J. H. Farrar; the Misses Mattie F. Beatty, Ruth Rullison and Emma Rodgers.

and the Silverton road, both of which are paved. Each tract is being plainly marked with the price.

Three roads have been opened through the tracts, which offer fine sites for suburban homes. All of these roads connect with the paved highways and make the individual tracts accessible.

Mr. Reimann is located in 307-8 Oregon building.

Voice Studio to Be Opened by Miss Agnew

SILVERTON, Ore., Oct. 13.—Miss Ruth Agnew, concert soprano, will open a voice studio at the E. A. Booth home at Third and East Main streets October 15th. Miss Agnew will conduct classes on Wednesday only of each week.

WEEK-END BAD FOR ACCIDENTS

Slippery Pavements Responsible for Several Injuries and Mishaps

Wet pavements took their toll over the week-end and numerous accidents were reported in which half a score of persons were injured, none seriously.

In an automobile collision at Chemeketa and Capitol during the noon hour Monday Eulalie O. Lindsay, of 1909 Center, a clerk in the office of the secretary of state, received a dislocated shoulder and body bruises. Her mother, Mrs. Carrie M. Lindsay, and D. Ware, of Los Angeles, the driver of the other machine, were not injured. The Lindsay automobile was forced into the curb where it overturned. All of the wheels were crushed in, the windshield broken and the rear axle bent. Miss Lindsay was taken to the Salem hospital.

Dr. O. L. Scott, local physician, was injured and Mrs. Scott and daughter, Patty, received cuts and bruises when their automobile was forced into a ditch near Aurora Sunday afternoon by a machine driven by B. L. Hynes, of Portland. Mr. Hynes received a bro-

ken rib in the accident, which occurred when he drove two wheels off the pavement and skidded into the Scott automobile while attempting to get back on the pavement. Both vehicles were badly damaged.

When W. P. Felt, of Eugene, turned out to pass a stage on the Pacific highway near the Chemeketa, four corners Sunday night, he drove into an automobile owned by Mr. and Mrs. William W. Savage, of Portland, who were brought to the Salem hospital. Their injuries are sufficient to detain them here for a few days.

Dorothy Englehart, 5, daughter of Mr. and Mrs. Arthur J. Englehart, was cut and bruised when she ran in front of an automobile owned by J. C. Harrison, of Route 4, Sunday morning. The accident occurred near the Leslie Methodist church.

William Irwin, of 1120 Chemeketa, driver for the Salem Laundry company, was able to leave the Salem hospital yesterday. He received a broken collarbone in a collision between his machine and one driven by F. T. Wright, of Route 4, Saturday night. In reporting the accident Sunday morning, the name of William Allen was used, this being the name given at the hospital.

BABY'S COLDS are soon "nipped in the bud" without "dosing" by use of VICK'S VAPORUB. Over 17 Million Jars Used Yearly.

LOOKING AHEAD FOR 1c
