

# CITY NEWS IN BRIEF

**Scouts Aid YMCA**—The Boy Scouts of Salem are evidencing a fine spirit of comradeship between their organization and the YMCA, as shown by the contribution of Scout Troop 2 to the building fund. Troop 2 is commanded by Rex Sanford and it includes 25 boys between the ages of 12 and 13. They are classed as tenderfeet, or second-class scouts, and will receive the other scout degrees later on. One of the most fundamental of the scout teachings and training was brought out by this act, and no better evidence could be offered as to the special friendship between the Scouts and the YMCA.

**Three Wounded Soldiers Travel By "Locomotive"**  
An unique "gas locomotive" appeared in Salem yesterday creating considerable interest among the spectators. The miniature headlight smokestack, brightly polished bell, rounded sand-dome and the cab-house gave a very realistic impression of a regular "choo-choo" train. This impression was further carried out by the cow-catcher, tender and various other details of locomotive design. This locomotive was designed and built expressly to give health, employment and educational travel to wounded soldiers, of which three were with the engine. They were Howard D. Chase, W. I. Selzer, and J. W. Brady. These men are traveling throughout the Pacific northwest and exhibiting their engine in the various cities. Several excellent letters from American legion posts have been given them.

The locomotive was built in Los Angeles and carries the number 3 and the name Casey Jones is painted on the tender and on the front of the engine.

**RECEPTION PLANNED**  
SILVERTON, Ore., Oct. 17.—Special to The Statesman.—Although the old time idea of hazing and initiating freshmen has been discontinued at the Silverton high school, the sophomore class will not vary from the old custom of giving the incoming class a reception where the newcomers can become acquainted with some of the students and customs of the school. Plans for this reception are already underway.

**NEW LAMP BURNS 94% AIR**  
**Beats Electric or Gas**  
A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean safe. Burns 94% air and 6% common kerosene (coal oil). The inventor, V. M. Johnson, 161 North Union Ave., Portland, Ore., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Adv.
