AAU JURISDICTION MAY BE EXTENDED

Request Made That Squash Tennis and Indoor Baseball be Taken Over

NEW YORK, Oct. 28.—The amateur athletic union will consider proposals to take national jurisdiction over two more branches of competition at its annual convention at Atlantic City next month. Southern Pacific association has asked that squash tennis be controlled by the parent AAU while the Southern association has filed a request that indoor baseball be governed. Since squash tennis already has a national governing organization, it is likely that the AAU will act only to cooperate with this body in the development of the game.

LA FOLLETTE INVADES STATE OF NEW YORK

(Continued from page 1)

the future control of the world. They hold mortgages on Germany, on France, on Poland, on Czechoslovakia—on a great portion of Europe. They rule the lives of millions of black folks, yellow folks and brown folks in far distant continents.

Danger Claimed "Gold and oil rule the world today. Europe bows to American gold. Our state department is administered in the interests of oil. Unless checked, these two groups and the things they represent will rule the world."

"Today these men and their associates seek to complete their dominion over the American people and through control of our government—of this government dedicated by its founders to liberty and justice—they intend to extend their power and prestige all over the world. To accomplish this end they have gained control of the republican and democratic parties. They have dictated the nominations of both presidential tickets. And having made these nominations they are now attempting to herd the American people like frightened animals to sanction their acts. They are whispering fear. They are trying to frighten business men and farmers. They are attempting to coerce employes. They talk of business calamity. They are doing everything in their power to make the ballot an empty thing."

Prophecy Made Senator La Follette declared that "some day unless our present mad course is checked; unless the power of these international bankers over government is broken, American boys in khaki may be sent to Europe to collect their debts and this nation of ours may be involved in another war to satisfy the same greed that has rendered this free nation all but prostrate under its power."

"The Standard Oil company," he continued, "is using the state department to secure the right to exploit oil in Turkey, in Mesopotamia, in the Far East. The American navy will be called upon to suppress the disorder. American marines will fire upon defenseless peoples. The honor of the nation will be involved. Then America, like England, like France, like Russia, may be embroiled in another war. And then men will appeal to you to make the world safe for democracy, but the real appeal will be to make American gold and American oil safe for the American bankers."

PROFESSIONALS ARE INVITED TO SALEM

Illihee Club Anxious to be Host; Sharkey Looking for Shrubbery

An invitation to golf professionals of the state to meet here after the completion of the tournament at the Tualatin golf club has been authorized by the board of directors of the Illihee Country club. By meeting at the various country clubs and golf courses throughout the state it is believed that each course can be improved through suggestions and by such cooperation a better knowledge of the game can be developed.

"There are many people in Salem at present who are removing shrubbery from their home property and then throwing the roots away," according to G. P. Sharkey, professional at the Illihee Country club. "The local course is badly in need of such decorations and ornamental plants. If persons having anything of this nature will telephone me at 16P3 I will be glad to call for the plants."

Mr. Sharkey has gathered a quantity of morning glory and hollyhock seed at the country club and will be glad to exchange this or to give seed to any who call for it. He also has a few dahlias that he may be persuaded to part with.

Two new greens are to be placed in condition in the near future, switching two other greens that lie near the brush along the edge of the course. Other things are being done to improve the general playing conditions of the course. Mr. Sharkey requests all members to keep an open date in the next two weeks for he is making plans for a big dance at the club house.

CARAVAN PLANS BY REPUBLICANS COMPLETE

value of the caravan lies in its publicity and the enthusiasm it creates. The committee will meet the caravan at Albany and escort it to the city. Upon the arrival here the machines will be parked in a reserved place, on State and the entire party take lunch at the Gray Belle. The luncheon plate price is 60 cents and reservations for places can be made at republican headquarters by calling 222 or through any member of the committee.

W. A. Jefferis, former congressman and the man who nominated Dawes for vice president at the national convention, is in charge of the caravan, assisted by H. L. Moore of Vermont, a personal friend of Coolidge and Roosevelt.

The stop in Salem will be short because the caravan must stop in Gervais, Woodburn, Aurora, Canby and Oregon City before its scheduled arrival in Portland at 5 o'clock.

FRENCH RECOGNIZE RUSS GOVERNMENT

Announcement of Official Government Action Made From Eiffel Tower

PARIS, Oct. 28.—(By the AP.)—France's recognition of the Russian soviet government was flashed at noon today from Eiffel tower in a brief message addressed to M. Tchitcherin, foreign minister at Moscow. The French government promised to make public the text tonight, together with the text of the soviet reply, but up to 10 o'clock neither text had been issued, as the Russian answer had not been received and the government was firm in its resolve to publish the two simultaneously. A message was even sent to M. Rakovsky, the Russian soviet charge at London, requesting him to refrain from issuing the texts of the notes until he was assured they had been given out in Paris. The next step will be the nomination of ambassadors. But, apart from that, according to the Matin, a Franco-Russian conference for next week is under consideration, at which the economic questions raised by recognition will be given careful study.

PARIS, Oct. 28.—(By the AP.)—Russia accepts with satisfaction the official recognition of France, accorded her by the Herriot government today. The Russian reply to the French notification was received at a late hour tonight.

"Lefty" Groves, Baltimore's Star Left Hander For Whom Connie Mack Paid Orioles \$106,000

Robert M. ("Lefty") Groves for the last five years has been the Baltimore club's pitching ace. During the 1924 campaign he won 26 games and lost only 6 and he is considered one of the best minor league twirlers brought to the big leagues in recent years. The \$106,000 paid for Groves is the second largest price ever paid for a baseball player, the sum being exceeded only by Babe Ruth's purchase price. Connie Mack figures that with the aid of such a pitcher as Groves the Philadelphia Athletics will be a pennant contender next year.

Salem Fails to Lineup Game for This Weekend

At least 15 high schools have been asked to play the Salem high school football team this weekend, but either they refuse or have games, according to Dennis Heenan, athletic manager for the red and black. Forest Grove has an open date, but was not interested in a contest. "Salem is too heavy for us," was their reply. Not content with seeking games in Oregon, Manager Heenan yesterday telephoned to both Vancouver and Camas, Washington high school teams, for a game. Both schools were willing to meet the local eleven, but have previous engagements for this week-end.

COLUMBIA GRIDIRON SEASON NOT HALTED

Death of Haughton Not to Halt Plans—Wington Appointed Successor

NEW YORK, Oct. 28.—(By Associated Press.)—Columbia will close her gridiron ranks and carry on the 1924 football campaign in spite of the stunning and unexpected blow sustained by the death of Coach Percy D. Haughton. This was decided today by University athletic authorities, who announced that the game at Utica next Saturday with Cornell, as well as those with New York university, army and Syracuse would be played as scheduled.

At the same time Dr. Paul C. Wington, former Harvard pupil and first assistant at Columbia to Haughton was appointed head coach for the rest of the season.

SEVERAL EASTERN TEAMS COME WEST

At Least Three Intersectional Games Will Be Played On the Coast

SAN FRANCISCO, Oct. 28.—At the close of the football season on the Pacific Coast at least three East-West games will be played, perhaps more.

On New Year's Day the University of California, which has won the championship of the Pacific Coast conference for four seasons, will meet the University of Pennsylvania in the new memorial stadium at Berkeley, Cal., which seats 73,000. California started the 1924 season with but four of last year's regulars and faced the task of building a new machine. Coach Andy Smith predicted that his team would lose its title and, incidentally its reputation of being unbeatable, but sport experts would not concede this, pointing to the wealth of material usually to be found on the Berkeley campus.

On Saturday, December 6 the University of Southern California, always a strong contender for Coast football honors, will clash with Syracuse University, in Los Angeles.

Athletic authorities at the University of Washington have announced that their eleven will entertain an Eastern team, yet to be announced, in the Washington stadium at Seattle, Nov. 29, the Saturday after Thanksgiving. Last year Washington was the runner-up in the Coast title race, defeated only by California.

For several seasons an inter-coastal post-season game has been held in connection with the tournament of Roses at Pasadena, Cal., and efforts are expected this winter. Last New Year's day this attraction brought together the Navy and the University of Washington. The result was a 14-to-14 tie.

The title race in the coast collegiate conference is likely to be exceptionally close this season. The teams thus far rated most powerful, all of them pointed at the weakened California squad, are Washington, Southern California and Stanford university. The University of Idaho was the dark horse last season and may make another strong bid for honors.

Southern California will play California at Berkeley and Stanford at Los Angeles. Washington and California meet at Seattle while the traditional rivalry between California and Stanford is to be settled at Berkeley.
