# INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the readyto-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of muss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness.
