

AMERICAN NATIONAL PASTIME ENJOYED BY PARIS CHILDREN

GIANTS LOSER; SCORE 8 TO 7

Clubs Sail For New York Nov. 25, After Trip to Italy and Germany

PARIS, Nov. 13.—(By the AP.)—It remained for the children of Paris to appreciate the American national game of baseball when their elders had failed miserably to do so. Lusty lunged crowds of French war orphans—boys and girls—today cheered the New York Giants and the Chicago White Sox as they played their final game in Paris, and many of them were even keen enough to see the fine points of the play.

There was whistling and applause from the youngsters in the

second inning when the Giants tallied four runs, and still more of the same kind of bedlam when the White Sox, during their time at bat, made seven tallies. Again pandemonium broke out in the seventh when the Giants, who had scored a run in the fifth, brought in two more runs and tied up the game, 7-7, and when the Sox immediately afterwards scored again with what proved to be the winning run, making the score 8-7.

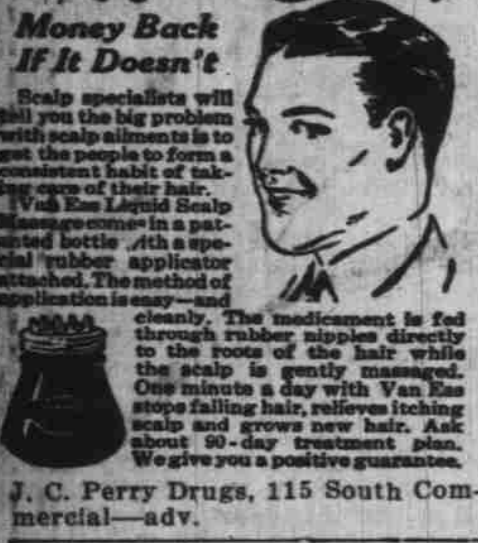

The orphans attended the game by invitation of Managers McGraw and Comiskey, who had been disappointed by the failure of the grown-ups to show any interest in the sport.

The astounding progress in comprehension of the American national game was hailed gleefully by all the French speaking American fans nearby. Today's game evens the overseas series, each club having six wins to its credit. The players will leave here Saturday for Rome, after which their trip will be purely a sight-seeing one. Most of the men, except Heinie Groh and Frankie Frisch, who are planning to go to Germany, intend to sail on the Leviathan from Cherbourg for New York November 25.

Score— R. H. E.
White Sox 8 8 6
Giants 7 13 2
Jonnard, Hunzinger and Gowdy; Robertson, Lyons and Picinich.

Firpo's Star Setting; Career Appears Finished

NEW YORK, Nov. 13.—The pugilistic star of Luis Angel Firpo appears to be setting with the sort of meteoric rapidity which marked his rise.

On top of his decisive defeat in September at the hands of Harry Wills, the decisive setback given Firpo last night at Newark by Charley Weinert has put the famous Argentine's fist stock at the lowest ebb it has been since he made his sensational debut here in 1922.

Firpo's future plans are uncertain. He has several more fights in prospect in the Metropolitan district and elsewhere during the winter, including offers from Tex Rickard for matches with Quintin Romero, and George Godfrey at Madison Square Garden.

GERMANS REGRET EXTREME PRICES

Large Proportion of Tourists Have Been Driven Away By Charges

HAMBURG, Nov. 13.—European tourist agencies, hotel-keepers, railway and steamship officials are now busy trying to make an estimate of next year's possible tourist business from the United States.

The season now coming to a close has been a record-breaker, especially for England, France and Italy. Switzerland had a good year, and Austria and Czechoslovakia did well. Belgium and Holland also prospered and, together with Switzerland, won the approval of visitors through their waiving of passport regulations and general courtesy to travelers.

Germany had a poor year, and German hotelkeepers are much disappointed that the visitors from America who flocked to the Wembley Exposition and the Olympic Games did not extend their trip into Germany. This was due in part to the upset condition of the transportation systems of Germany, and also to high prices, the municipal taxes imposed on foreign hotel guests, and the difficulties which foreigners underwent last year at the hands of German police officials, when an effort was made to free the country of "objectionable foreigners."

Americans who have visited Germany this year have been mostly persons of German extraction, and business men. News of the high prices undoubtedly sent many people to Italy or southern France who might otherwise have come to Germany.

On the whole Americans who visited Europe this season probably did not have as comfortable a time as they anticipated. London hotels were crowded throughout the season, and their prices were so high that even wealthy tourists found much fault. The same was true of Paris. The Olympic Games and the conventions of lawyers and advertising men in London filled both Paris and London to overflowing with Americans. Many of the visitors were disgruntled, and declared most emphatically that they would give Europe a wide berth for some time to come, and travel in their own country.

Americans who visited Italy and southern France, especially in the spring and early summer, found hotels and pensions crowded with German visitors. This created bad feeling, as a movement for German relief was on in the United States at the time, and many Americans were puzzled by the apparent prosperity of Germans living in comfort abroad, when many of their fellow countrymen were reported to be in dire want.

Travel in Germany should be more normal next year, provided there be no hitch in the execution of the Dawes plan. High prices in Germany, especially in the larger cities, still handicap the tourist business and there is no indication of a change in this respect. Berlin has finally eliminated the tax which was imposed on the rooms occupied by foreign guests, but visitors complain that the local hotels still charge above world prices.

On the whole, while Europe had a bonanza tourist season this year, but it is doubtful whether next year will be as good. Many of the visitors went home with the feeling that London and Paris did not take proper precautions to insure the comfort of their visitors, and protect them against extortionate prices.

OREGON TO MEET WASHINGTON STATE

Saturday's Game To Be Only Conference Meet In Northwest

EUGENE, Ore., Nov. 13.—When University of Oregon meets Washington State college on Multnomah field in Portland Saturday the Cougars will face a fighting eleven still smarting from its defeat by Idaho. Following a victory over the University of Washington, Oregon lost to the Gem Staters at Moscow.

The game in Portland will be the only big league squabble in the north as the Oregon Aggies are idle Saturday and the University of Washington will have a workout against the College of Puget Sound, a non-conference team. Idaho is idle and Montana travels to Palo Alto for a game with the Cardinals. Big plans are being made for the student invasion of Portland. A special train is being chartered to leave Eugene Friday afternoon. It will arrive in Portland in time for a monster serpentine and a rally at the Multnomah club.

Langlen Begins Training To Recover Tennis Honors

NICE, France, Oct. 22 (AP)—Suzanne Langlen, completely recovered from the illness which caused her to withdraw from the Wimbledon tennis tournament and remain away from the Olympic competition, has started in light training on the courts of the Nice Tennis club, of which her father is the manager, with a view to resuming in the tennis world the position which she occupied in 1923.

Whether she is successful or not, it is her present intention to retire at the end of 1925. But "women vary," said old King Francis the First of France, and among her friends and acquaintances Suzanne's emphatic expression of her determination to abandon tennis is received with some pessimism.

Suzanne is about 15 pounds over her best playing weight and she intends to take things easy, gradually rounding into form during the Riviera tournaments, playing doubles and mixed doubles. She may not play singles until the spring tournament of the Nice Tennis club next March.

Meanwhile, Mlle. Emilienne Vlasto, French 1924 champion, finalist against Miss Helen Wills in the Olympic Games and Suzanne's most dangerous opponent in France, recently was married and probably will play no more tennis.

WORLD ALLIANCE DEMANDS CHANGES

Wants Mobilization of Naval Forces Held Elsewhere Than Hawaii

BUFFALO, Nov. 13.—Resolutions urging that the proposed mobilization of naval forces next spring be held elsewhere than in the Hawaiian islands, and expressing the hope that immigration legislation be revised and legislation to the extent of admitting ultimately the Japanese to the quota provisions of the law, so that the irritation and resentment held against the United States by the Japanese may not be increased, were adopted at the closing session today of the ninth annual meeting of the American council of the World alliance for international friendship through the churches.

Other resolutions were approved advocating entrance of the United States into the world court of international justice, a thorough and sympathetic study of the Geneva protocol, creation of a federal commission for the promotion of world peace and participation of the United States in a disarmament conference if one is called in Geneva or otherwise to invite the other nations for such a purpose.
