please, during their tenor of office. I gather as much from the announcement from the press, that the new legislators are to come to Salem with their war pants on to fight Governor Pierce to a finish. Or are these newspapers publishing this propaganda for news? There are surely reasons for publishing this news, and why couldn't it be for the purpose of lining up our Governor as a stand-patter? I have been taught that there were only two sides to every question, a right side and a wrong side, but as I see no end to this boasting and bragging in the republican papers, it makes me think there are four sides, for there is no end to this propaganda and it would require four sides to give it any standing at all, even among the victors themselves.
It is up to the republicans to take note of the fact, that Oregon has always been a republican state and no man was ever elected to the office of governor without the votes of republicans. The democrats are in the minority and no candidate for governor could be elected on the democratic ticket alone. If a democrat governor should hew to the line and conduct his office to the honor and glory of the democratic party as the republicans do when a republican is elected, a recall would be started, and the governor would lose his seat.
After all is said one must admire the good republican lawyers, doctors, real estate men, jewelry store men, merchants and others who deem it a privilege to spend their own money to be elected as members of the state legislature and then come to Salem and pay their board and room for about forty days, then work hard day and night for the sum of \$3 per day. As a democrat I believe that when the history of Oregon is written the name of every legislator who served Oregon for just \$3 per day will be recorded as contributing their best efforts in shaping Oregon's destiny. I trust that democrats will do all that is possible to assist the republicans in fulfilling their obligations to our people, the democrats, let us cheer them up for they have a hard row to hoe.

ELKS' BUILDING WAS NOT DAMAGED

Temporary Wood Framework Was the Only Thing Which Gave Way
Due to an erroneous report which appeared in Thursday's Statesman relative to the accident which occurred at the new Elks temple Monday, several members of that organization have been somewhat worried over the matter.
Due to the fact that there has been about three feet of water in the basement of this building due to recent hard rains, the earth under the temporary shoring

which supports the wood forms into which the concrete is poured became softened and allowed the shoring to settle enough to cause its collapse. The statement that the concrete had been poured several days before and had set sufficiently to be self supporting was incorrect, for as a matter of fact the pouring of concrete had been started but an hour and a half before the accident occurred. Therefore it was not the concrete which gave way, but the forms into which the concrete was being poured.
Also the statement that a plumber and an electrician narrowly escaped being killed was incorrect, as there was not a plumber on the job at the time, and the electrician on the work had no work to do under this framework.
The accident was a regrettable one inasmuch as it has delayed work on the building and has caused the contractors some loss.
This new building is being constructed along the most modern lines in every respect, and the work to date by the contractors has been very satisfactory to the architects in charge.

think our church character has grown and should grow more. What do you think? Let us all work together to build a church that we will be proud of; one that will reflect such a character that will win others to Christ. We need consecrated prayer, and money to build our new church. You can do your bit. What will it be?

Lutheran Brotherhood Has Very Interesting Program
SILVERTON, Or., Nov. 13.—(Special to The Statesman.)—The Lutheran Brotherhood of Silvertown gave an interesting program to a full house at St. John's church Tuesday evening. The program consisted of the following numbers: America by audience; invocation by Rev. S. Lindseth; quartet by St. John's male quartet composed of Rev. Mr. Lindseth, Louis Larson, Oscar Overlund, and Jonas Byberg; talk on the American legion by Charles Johnson; vocal solos by Miss Marie Corhouse and Selmer Ness; address by Rev. Mr. Lindseth.
At the business meeting a good fellowship committee was appointed consisting of Carl Benson, Edwin Overlund, and H. B. Jorgenson.
A motion was also passed that the president of the Brotherhood appoint a committee to investigate the matter of getting the city council to pass the proper ordinances needed to arrange for a board of censors for the motion picture theaters.
If you are always getting the worst of it, you deserve it.
