

# OREGON AND WASHINGTON ELEVENS BATTLE IN TIED GAME

## GAME RESULTS IN 7-7 SCORE

### Both Touchdowns Made in Second Period; End Runs are Featured

PORTLAND, Or., Nov. 15.—Football elevens of Washington State college and the University of Oregon fought each other here on Multnomah field today to a 7 to 7 tie. Each team scored a touchdown and a try for point in the second period.

The Cougars kicked off and after Oregon had made a few plays without gaining yardage Anderson punted to Martin in midfield. The Cougars then started a march which they kept up for a few intermissions for the rest of the quarter. Koenig, Griffith and Slater making yardage frequently as risky formations which were featured by a short pass to the ball carrier.

Koenig's shifty footwork was the outstanding feature of this attacking drive of the stars. They worked the ball down well into Oregon territory several times to have Oregon hold for downs on the threshold of their own goal. But just as the first quarter ended the Cougars, making a few forward passes in between end runs and line smashes, took the ball within the Oregon five yard line. Shortly after the second quarter started Slater

plunged through center for the first touchdown. Koenig kicked the goal. Oregon reversed the play during the rest of the quarter, the boys from Eugene starting a line attack from center field that gradually pushed the ball past the markers in spite of the dogged defense of the Pullman eleven. Jones bore the brunt of this slashing advance, carrying the leather almost 50 yards by himself, finally to dive through the line for Oregon's lone touchdown. Reed kicked goal and tied the score.

Both sides punted frequently in the second half. Oregon started another drive in the third quarter, but Jones, Terlesen and Vitus were stopped on the one foot line and after that neither side penetrated within striking distance of the other's goal. Coach Exendine put Waldorf in at half a few minutes before the end of the game and the brilliant open field runner tore off forty eight yards in three end runs just before the gun ended the try.

### "Red" Grange Injured Will Be Out of Games

MINNEAPOLIS, Nov. 15.—(By The Associated Press.)—Harold "Red" Grange, the Illinois backfield star, suffered injuries in today's game with Minnesota that probably will disable him for the rest of this season, attending physicians said tonight. Tackled for a 10 yard loss late in the third period, Grange's shoulder ligaments were strained, an x-ray examination tonight showed, and physicians said the injury "almost certainly" will keep him out of any further games this season.

### Gonzaga Eleven Beats Whitman; Score 63-0

SPOKANE, Nov. 15.—Starting with two sensational runs for touchdowns in the first three minutes of play, Gonzaga university tramped over Whitman college for a 63 to 0 victory in the final Northwest conference football game of the season for Gonzaga here today.

Ingram, Cougar halfback, received the Whitman kickoff at the start of the game on his own line and ran the full length of the field for a touchdown. Houston Stockton, Gonzaga's star, then took the next kickoff on his five-yard line and shot 95 yards for another touchdown.

Stockton went through the Whitman line for gains throughout the game. In addition to his first long run he made others for 25, 27, 60, and 31 yards, and completed three passes in a row for 60 yards each. He scored two touchdowns, Whitman, in the role of the under dog, fought bravely but in vain.

To give good advice is absolutely fatal.

### Sewell Deane Will Spend Winter Here; Matched With Dawson Soon

Sewell Deane, former Portland pugilist, is in Salem and plans to make his home here for the winter. He will be joined by his wife and children today or tomorrow.

Deane has been matched for the main event, 10 rounds, with Chas. Dawson of Eugene, for the big boxing card here December 2. He will start his workouts at the Armory Monday night, holding forth at 7 o'clock each night.

Deane met Eddie Richards in the semi-windup in Portland this week and received a popular decision though the referee awarded the fight to Richards, who outweighed him 21 pounds.

## Socolofsky Enthusiastic Over YMCA Work in East

Edwin Socolofsky, former Marion county "Y" secretary, writes a letter from Derry, N. H., to his sister, Salome, and tells of his impressions of the eastern country. Socolofsky was transferred to the eastern seaboard after two years' work with the Marion county "Y." He is very much pleased with his new location, but wants to learn the address of any Willamette university graduates or others who are living nearby. Socolofsky states:

"We like this country; it's a pretty place, lots of wealth and the work can be financed nicely." The people, he said, have called on them and show a keen interest in "Y" work. In describing a ride of about 20 miles along the seashore, Mr. Socolofsky gives his impressions of the old meeting

houses, the small cities and the many country homes, which are in that locality. The towns extend for several miles to the next one, and become practically one village, so every one lives in town.

Socolofsky has opened an office in the bank building of Derry and has secured a good location with a front office, and states that his work is getting well under way.

## St. Paul-Champoeg Will Have Display at Armory

H. S. Michelbrook, principal of the St. Paul schools, was in the city yesterday, bringing the news that the St. Paul-Champoeg community would be represented at the Marion-Polk County Corn Show and Industrial exhibit, to be held this week at the Armory under the auspices of the Chamber of Commerce.

Although this community has not heretofore exhibited, Mr. Michelbrook says the folks in his part of the county intend to make something that will surprise people.

The St. Paul schools are the first in the county to use the booklet "Come to Oregon" issued by the Chamber of Commerce, as a text book in studying agricultural horticultural conditions in this part of the Willamette valley.

## Oregon Boys and Girls Active in Farm Work

SAN FRANCISCO, Nov. 15.—Oregon boys and girls are rapidly winning distinction in agriculture and stock raising.

Evidence of this is shown in the current issue of the Southern Pacific magazine which carries a story of two Oregon youths, Karl and Jack Dannen, 16 and 11 year old boys of Shedd, Oregon, who were awarded a cup and ribbons for their Scotch bull "White Cup" entered in the recent Oregon State fair.

The two boys have long been active in the Oregon Boys and Girls club which has for its purpose the stimulation of interest among young people in agriculture and stock raising. Through their training received at the annual State Fair camps the two youngsters were able to raise their bull calf into a prize winning animal.

The article also outlines the Southern Pacific's policy of annually awarding six scholarships to the Oregon Agricultural college to the boys or girls standing high-

NAY REVERSE RETURNS  
Editor Statesman:  
Judging by an editorial you wrote about the La Follette menace, I think you must be a man with more than the ordinary run of common sense. I wish you would whisper in the ear of our political machine that if the coming four years bear no better fruit for the common class than the past four years, the year 1928 may produce another landslide of quite a different nature.

## SILVERTON FEELS PROSPEROUS ERA

### Cause Is Not Known, But "Dead" Period Is Reported to Have Passed

SILVERTON, Or., Nov. 15.—(Special to The Statesman.)—Whether it is really due to the final outcome of the recent election or just to the fact that the election is over and things are again settled for four years, or is it because of some other reason business about Silvertown, according to Silvertown business men, is picking up and things are again looking more prosperous and encouraging. Some assert that business is always on the increase at Silvertown and that no "dead" spell has been experienced. However, according to many Silvertown did not entirely escape the business lull of the past few months, but if "old timers" are to be believed, things will be "a-hummin'" again by spring.

As it is, Silvertown is building as fast and as furiously as the weather will permit. Several new houses are under construction; two new business houses of considerable importance are being built, the one by the Silvertown Blow Pipe company and the other by the Hubbs Planning Mill company. Every day Silvertown real estate men claim they are forced to turn away newcomers who are seeking homes at Silvertown. Especially is the lack of sufficient small homes noticeable.

## Deaf Team Wins From Banker Hoop Artists

The Deaf school basketball team defeated the United States National bank quintet on the school's gymnasium yesterday by the score of 39 to 16. John Ross was referee.

est in agricultural or stock raising pursuits.

"The objects of the club's activities," says E. King, superintendent of the Southern Pacific's Portland Division, "are to interest the boys and girls of Oregon in farm and home activities and to train their minds and hands by productive employment, to teach achievement, and to develop to the end that they may assist in the betterment of the community, state and nation."

Many of the boys specialize in the raising of potatoes. Some go in for raising barley, wheat, corn and rye. The girls usually go in for millinery, fruit canning, dress-making, cooking and poultry raising. The members of the club are allotted space at the State Fair and their exhibits for the past two years have been exceptionally creditable, the article states.

## THE CHILD HEALTH PROGRAM IS GREAT

### Is Attracting World Wide Attention to Salem; Austrian Doctor Comes

The five year demonstration in the child health program being carried on by the American Child Health association, for which Marion county has been selected for a five year test, is attracting world wide attention.

A leading Austrian physician and surgeon is to be in Salem for

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and diseases—symptoms when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

six months, giving his services free and making notes on the American methods of child welfare and health work. All the world has been sending physicians to Austria for post graduate work. Now Austria is to be represented here, as just stated.

As was announced yesterday, the Marion county work will be the fourth being carried on in the United States, and the only one in the west, the other three being in Tennessee, Georgia and North Dakota.

The benefits that will accrue to Marion county will be many. The child welfare and health workers in Marion county are immensely pleased that they have been successful in having this program outlined for this district. It is safe to say that if Marion county voters again have a chance to pass on the employment of a county health nurse, they will decide in the affirmative, almost with one voice.

## Colliery Workers are Eager To Stop Using Cusswords

DURHAM, England, Nov. 8 Fines collected from blasphemers have paid for a handsome clubhouse opening recently at New-brancepeth, a Durham Colliery village.

The club was first suggested at a dance where some men's "language" caused offense to a group of miners who agreed, there and then, to stop swearing and to fine themselves if they broke their promise.

They formed the non-swearing club to receive the fines and, strange to relate, new members were added with surprising rapidity. Everybody kept a sharp ear out for blasphemers who were called upon frequently to pay fines, and the infant club's exchequer soon waxed prosperous.
