

LEGION HAS COMEBACK AND DEFEATS HAUSER AGGREGATION

DRUGGISTS IN VICTOR ROLE

Union Oil Loses in Second Game; No More Contests Played This Week

After two crushing defeats in the Commercial basketball league, the American Legion quintet underwent a reorganization this week, called in the reserves and went over the top last night, taking Hauser Bros. into camp by the score of 21 to 13. Swigert and Proctor started for the soldiers. The sportsmen had not played together before and their lineup presented a ragged appearance. Stanley Waters shone for the losers.

In the second game the Union Oil aggregation defeated the Central pharmacy players 18 to 11. The druggists offered Sparks as their outstanding player and played the first game under his leadership. For the Union Oil, Purg Ross performed in his usual brilliant manner while Glen Greig also starred.

Lineup of the four teams were as follows: Legion—Proctor and Swigert, forwards; Boles, center; Ringle and Bassett, guards.

Hauser Bros.—Straton and S. Waters, forwards; Kenney and

BARBARA FRIETCHIE

Wilkerson, center; White and R. Waters, guards.
Central Pharmacy—Sparks, E. Gath and McKenney, forwards; A. Gath and Herold, center; McCune and Perrine, guards.
Union Oil—Gregg, Borgeson and Newton, forwards; Lieske, center; Ross and Ashby, guards.
R. Mason refereed the contests. No other games will be played in the Commercial league this week because of the Corn show at the Armory.

FIGHT TO FINISH ROYAL BATTLE SAT.

Oregon and OAC Meet in Annual Combat; Crowds; Intense Interest

Oregon will wind up its coast conference schedule with the Oregon Aggies in a game which will settle the state championship for the year. A university invasion of the Aggie campus is expected and special trains will leave Eugene for the scene of the state classic. Comparative scores give Oregon an edge as far as "dope" is concerned, but "dope" is useless in the annual clash between the two state institutions. One team may have had a poor season, the other a successful one, and the outcome of the annual battle will find the poorer team victorious.

Both teams fight harder when unleashed against each other than at any other time during the season. OAC has a big powerful eleven, protected by a wonderful kicker in Tebbis, who boots the ball well over the 40 yard mark. OAC will outweigh Oregon, an advantage which will have to be offset by Oregon fight and the plays football fans say Maddock has reserved for this game. Anderson is not the punter Tebbis is, and much of the Oregon success will depend on his ability to return the Beaver end's long kicks. Last year the Aggies, through a brilliant run by Quarterback Price, took the annual clash 6 to 0.

TRY TO SAVE COWS
VICTORIA, B. C., Nov. 18.—Instead of killing dairy cows because of tuberculosis tests, supplementary physical tests are to be applied in British Columbia, Dr. D. Warneck informed the agriculture committee of the legislature here today.

BEARCATS TO SEND ROOTERS TO GAME

Forest Grove Will See Many Local Students at Contest on Saturday

Plans to send a large delegation of Willamette students to the annual gridiron struggle between the Bearcats and the Badgers next Saturday are under way. Frederick Arpie, Willamette yell king, has arranged for a special train to carry the rooters to Forest Grove. With both schools confident of winning and with a bitter desire on the part of the Bearcats to avenge the defeat of last year, the game should be one of intense fight. The students are going to be at the scene with hearty support.

Willamette and Pacific are historical enemies. In the old days before the advent of state institutions these two schools produced formidable teams, and honors in the struggles between them were about even. In 1906, however, Willamette broke loose and ran up a total of 14 consecutive annual victories, with the exception of two years during the war when football play was suspended. In 1920 Pacific staged a comeback, and for the last three years has given Willamette the small end of the score.

With a Bearcat team this year to all appearances superior to last year's team, despite score comparisons, high hopes are entertained of again entering the winning column against Pacific.

Unless something unforeseen happens Willamette will have its best team on the field Saturday. While Coach Rathbun is inclined to be pessimistic on account of the hard luck the team has had this season, he is putting the men through a strenuous practice this week in order to have them in the best possible condition, and expects to wind up the season with a victory.

A letter inviting Willamette students to the game was received from the Pacific student body and read in chapel today. The game will be the feature of Pacific's Homecoming, and elaborate plans are being made for the event.

Johnson Will Retire at Point of Highest Glory
WASHINGTON, Nov. 18.—(By The Associated Press.)—The deposit at Oakland, Cal., by Walter Johnson of his first payment for the Oakland club of the Pacific Coast league, is accepted by Washington fandom as definitely meaning the loss of the star pitcher to Washington, although his formal release from the local club has not yet been granted.

In passing from major league baseball Johnson has brought to pass something that has seldom happened in competitive sport, the retirement of an athlete at the top of his form, and at the point of his greatest glory.

GOLFERS TO COME
SEATTLE, Nov. 18.—A party of Chicago golfers 125 strong, is to visit links of the Pacific north-west two weeks next summer. It was learned here today. A tentative schedule called for a stop at Spokane, Seattle and Tacoma, Wash., Victoria and Vancouver, B. C., and Portland, Or.

Tom Gibbons Will Meet Norfolk for 15 Rounds
NEW YORK, Nov. 18.—The state athletic commission today placed its official stamp of approval on the Tom Gibbons-Kid Norfolk 15 round match at Madison Square Garden Tuesday, December 9, after every available heavyweight outside of Jack Demp-

sey was considered as an opponent for Gibbons.
This match is the headliner of the Christmas fund show, the net proceeds of which will be distributed to the poor of New York.

POLICE HAVE NO CLEWS ON FIRE TRAGEDY

(Continued from page 1)
medicine cabinet. Questioning of other members of the family failed to throw any light on this phase.

Boy Testifies
"After you knew that the odor that attracted you was the burning flesh of your mother, did you go to the furnace and look at the body," Prosecutor King questioned.
"I did not," the boy answered. "Why didn't you," the prosecutor questioned again.

"I didn't want to see my mother burning in a furnace," he said. Each of the witnesses were asked concerning a certain student in the university who is now ill in a local hospital. The minister told police that he visited her yesterday while on his regular rounds of mercy. The children knew the patient and testified that she also was known to the mother and that her name had never been mentioned by the family only as other members of the pastor's church.

Officials are unanimous in their belief that the woman could not have ended her own life in the manner described. The furnace is the usual type. The smallness of the door and its height from the floor would make it impossible for the woman to crawl into the opening feet first and had she gone in head first she would not have been able to turn in the furnace and close the door, they contend.

INTER-FRATERNITY ATHLETICS PLANNED

Five Groups Meet With Coach Rathbun and Work Out Constitution

A distinct advance in athletic activity at Willamette university was made yesterday when representatives of the five Greek Letter fraternities met with Coach Rathbun and discussed plans to promote inter-fraternity competition in athletics. All representatives expressed their willingness to cooperate in drawing up a suitable constitution governing eligibility and other matters and it was decided to draw up a constitution incorporating the various rules of the fraternities for submission to the fraternities for approval and acceptance. Eligibility rules will probably include provisions prohibiting from participation of lettermen in the particular sport played, alumni of the fraternities, students not regularly enrolled in 12 hours of scholastic work, and members of the varsity squad in that particular activity.

It is planned to get everything definitely arranged by December 1, in order that the basketball tournament may get under way soon.

DRUGS EXCITE THE KIDNEYS, DRINK WATER
Take Salts at First Sign of Bladder Irritation or Backache.
The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.
When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.
This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate the clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.
Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.—Adv.

CUTTER FIRES ON STEAMSHIP

Failure of Liner to Stop on Command Results in Shot Across Bow

SEATTLE, Nov. 18.—After the American-Oriental mail line steamship President Grant operated by the Admiral-Oriental line refused to stop on a signal from the United States coast guard cutter Snohomish near Port Townsend, Wash., today, the cutter fired a shot across the liner's bow and boarded the ship to hunt for narcotics, it was learned on the steamship's arrival here.

While federal agents were hunting for narcotics the President Grant proceeded to Seattle with the cutter following. When darkness arrived the cutter's searchlights were turned on the steamship as a precaution against contraband being thrown overboard. Although officials were still hunting for narcotics tonight no narcotics were found, they said.

This was the first time in local marine history that a trans-Pacific American liner has been stopped during a voyage for a search of this kind. Federal officers who boarded the President Grant on her arrival at Victoria yesterday from the far east declared they had no knowledge of a contemplated raid by the cutter en route to Seattle. The officers included E. C. McFarland, Portland, collector of customs for Oregon; Louis Schwabey, Los Angeles, southern California customs collector; Charles Salter, Washington, D. C., special agent of the customs department, and Captain W. R. Jarrell, head of the United States secret service here.

The raid was staged in accordance with a new plan developed to thwart narcotic smugglers on far eastern liners, coast guard officials said.

TO FLOG DOPERS
VICTORIA, B. C., Nov. 18.—A resolution was passed by the provincial legislature here today recommending an amendment to the criminal code to provide for flogging of convicted narcotic traffickers.
Consider a boy's trial! He has to go to bed when he isn't sleepy and get up when he is.

Man Held for Murder of Wife; Attempts Suicide

PORTLAND, Or., Nov. 18.—Martha Mooney, 48, was shot and killed by her divorced husband, J. D. Mooney, 52, tonight in a garage in the rear of her home here. Mooney then attempted to take his own life, the bullet entering near his right temple. He was taken to a hospital where he was under guard and held on a charge of murder.

MRS. HARDING YET UNCHANGED

Condition Is Still Critical, Says Latest Report From Doctor Sawyer

MARION, Ohio, Nov. 18.—(By the Associated Press.)—Mrs. Florence Kling Harding was reported tonight by her physician, Dr. Carl W. Sawyer, in a "critical" condition. There has been no change since this afternoon, however, he reported. Tonight's bulletin said: "There is no change in the condition of Mrs. Harding since this afternoon. She is still weak and exhausted. Her condition is critical."
Dr. Sawyer announced he will issue no more statements tonight.

SALEM HIGH MAY QUIT CONFERENCE

Question Is Expected to Be Threshed Out at Meeting in Corvallis

One of the questions to be considered at the Willamette Valley conference at Corvallis December 20, will be the possibility of the withdrawal of Salem High from the Athletic conference. A desire to meet the large Portland schools which is now hindered by this membership in the state league, is the reason for the move.

Willamette Valley Transfer Co.

Fast Through Freight to All Valley Points Daily

Salem-Portland-Woodburn
Corvallis - Eugene - Jefferson
Dallas - Albany - Monmouth
Independence - Monroe - Springfield
SHIP BY TRUCK

Representatives of the league will meet in Corvallis from Salem, Corvallis, Eugene, and from other schools will be present. The increasing membership of the Salem high school student body makes it difficult for the local school to secure games and it is expected that the latter move will remove this trouble.

Embracing an opportunity may be hugging an illusion.
