THE TALE OF THE LOOK SEA By Cristel Hastings I've sailed the seas for forty years; No wider will be sheddin' tears When Davy Jones at last gets me. The Captain used to say with glee, 'I've seen the wimmin East and West; They're all alike; my life's the best— The solitude of sea; the gulls; The dirge of winds; the wave-washed hulls.' That night a girl with curly locks Knocked Cappy for a row of docks Within a week the two were wed, And to the crew the Captain said, 'I've seen 'em all, both East and West.' But this one's different from the rest. 'That gag is old,' the First Mate said, 'No man is safe till he is dead!' Loud Singers Nurse: 'It's twins, sir.' Radio Fan: 'Good night! I can hear them broadcast already.'

Blood is Poisoned By a Torpid Liver Deadly toxins cause disease of heart, kidneys and create premature old age. All the blood in our bodies passes through the liver every 15 minutes. The liver is the blood's purifier. Our blood is constantly poisoned by body toxins formed in food waste, and when the liver becomes weak, or torpid, our systems are at once tainted by impure blood. These are the poisons that, if not destroyed by the liver, cause disease of the heart, kidneys, blood vessels and create premature old age. Nature gives quick warning of a torpid liver. You have sudden sick headaches, dizzy spells; your stomach is acid from sour bile, your skin turns sallow, blotchy. Doctors know the liver cannot be regulated by drugs, but a safe Nature substance has been discovered which will act directly on the liver. The discovery is purified ox gall. Get from your druggist a package of Dioxol. Each tablet contains ten drops of purified ox gall. In 24 hours the poison toxins will be removed. Your liver will be regulated. Blood purification will begin. Sallow skin will clear. You will feel so much better you will know you have found the cause of your ill health. These genuine ox gall tablets are prepared only under the name "Dioxol." If any tablet is offered you under another name, refuse it. Accept only Dioxol in the original, genuine package.—Adv.

HELP KIDNEYS BY DRINKING MORE WATER Take Salts to Flush Kidneys and Help Neutralize Irritating Acids. Kidney and bladder irritations often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it. Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again. Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.—Adv. Itemiser.
